## **BOARD OF APPEALS**

In 2022, the Board of Appeals heard 42 petitions for Variances and Special Permits. Most were positively acted upon by the Board. The Board continues to meet once monthly.

Respectively submitted,
Peter DeTerra (2024) – Chairman
Kenneth Kendall (2026) – Vice-Chairman
Peg Cook (2027) – Full Member
Daryl Manchester (2025) – Full Member
Ruy DaSilva (2023) – Full Member
Nicholas Sylvia (2025) – Associate Member
Jamie DeSousa (2024) – Associate Member
Alberto Silva (2025) – Associate Member
Patrick Carr (2023) – Associate Member

#### **BELL COMMITTEE**

The Fairhaven Bell Committee continues on its endeavor to create a proper housing for the 1796 Revere Bell which was removed from the Oxford cupola due to the building being sold to a private developer.

The committee has been working with Greater New Bedford Regional Vocational Technical High School leadership team on the construction of the final housing for the bell. The students from Fairhaven, Acushnet and New Bedford will be creating and building the final approved design. The goal for 2022 had been completed. The mark up fake façade design created by Greater New Bedford Regional Vocational Technical High School was brought to Town Hall on the right side behind the flag pole to view for overall compatibility, size and location. Members from the Select Board, Fairhaven Historical Commission, North Fairhaven Improvement Association and several local residents were at the Town Hall to provide valuable input and suggestions.

The next step is to review the input and suggestions and thus create the final version to be built and placed at Town Hall. The committee continues to inform and involve members of the Select Board, Historical Commission and North Fairhaven Improvement Association and town residents as we progress along.

Respectfully Submitted,

Doug Brady, Chair Lee Baumgartner Nils Isaksen Vice-Chair Jacqueline Kenworthy Helena Oliveira

#### **BELONGING COMMITTEE**

The Belonging Committee completed our first full year of operation promoting and serving as a resource for an environment of diversity, equity and inclusion. We were called upon to advise the Select Board on flag policy, and partnered with the town administrator for statements on DEI issues.

During monthly meetings, we have provided a forum for organizations and community individuals to publicize issues and resources, including guests from the Council on Aging, M.O. L.I.F.E., and the Veterans' Agency. The Committee members also worked to support the second Fairhaven's Got Pride celebration and the display of the Rainbow Pride Flag at Town Hall.

Throughout the year, the Belonging Committee worked to build relationships with similarly purposed organizations, partnering with the South Coast LGBTQ+ Network and walking in New Bedford's Cape Verdean Recognition parade, and connecting by invitation with the New Bedford Human Rights Commission and the City of New Bedford for upcoming events such as the Rev. Dr. Martin Luther King Jr. Community Day and the Human Rights Day Breakfast.

Most significantly, the Belonging Committee established a presence at numerous town events to build connections and awareness of our presence. Members marched in the Fourth of July parade, provided a safe and relaxing sensory play space for children at Kids' Fest, ran a giveaway table at Fairhaven TV's Haunted Halloween Party, and created a crafting space and educational exhibit showcasing winter holidays around the world at the Old-Time Holiday Town Hall Shops. Additionally, the Committee provided a space for nursing and infant changing station at each event.

Entering 2023, the Belonging Committee has secured a Cultural Council grant to establish an intergenerational art club and is equipped with an official Facebook presence, gift account, and actively involved staff liaison to support communication as well as future event participation and establishment.

Respectfully submitted,

Kylie Bateman, Chair Jessica Fidalgo, Vice-chair

#### **BIKEWAY COMMITTEE**

The Fairhaven Bikeway Committee is dedicated to promoting bicycling throughout the community for recreation and everyday use. We seek to make Fairhaven's streets and paths safe for all users and to educate cyclists, pedestrians and motorists on safe and lawful road use, while maintaining the structural safety and integrity of surfaces and multi-mode interfaces. The Committee works with local, state and federal entities and local businesses to create and expand cycling networks and ambulatory recreational facilities throughout the Town and to connect these with the same from surrounding communities.

In 2022, the Committee met six times throughout the year, and also conducted a "site visit" and review of the entire Phoenix Bike Trail to document areas for improvement, locations for additional signage and safety messaging, and to assess the need for repairs and resurfacing of the Trail.

At various times during the year, certain members of the Committee participated in several seminars, webinars, public hearings, meetings, and communications about:

- \* eBike Legislation
- Capital funding or other sources for bike path repairs and resurfacing
- Installing additional safety signs along the bike path
- Connecting with neighboring Mattapoisett about the new Rail Trail section opening
- ❖ Continuing the work outlined in the Complete Streets Plan approved in 2021:
- ❖ A Complete Street is one that provides safe and accessible options for all travel modes and people of all ages and abilities.
- ❖ Projects undertaken and/or completed during 2022 with Mass DOT grant funds
- ❖ Alden Road Bike Lane
- ❖ Alden Road crossings at Howland Road and Glenhaven
- ❖ Main and Union Streets entrance to the Phoenix Bike Trail
- Main Street pedestrian crossings and ADA improvements at Dana Farms and Fairhaven Village
- Orchard Street-Sconticut Neck Road crossings and ramps to Little Bay Bike Path
- \* Replace Sconticut Neck Road crossing and traffic-slowing signal at David Drown Blvd.: locate on north side of path
- Mass DOT's Safe Routes to Schools Project on/around Sconticut Neck Rd to Wood School: work expected to begin in 2024
- Coordinating Committee efforts with the South Coast Bikeway Alliance (SCBA) and Southeastern Regional Planning and Economic Development District (SRPEDD)

The Committee welcomed new members Tim Garcia, Chip Hawthorne, and Amy Roderick, and reluctantly said farewell to Justin Gledhill and Gerry Jennings, who both resigned for personal reasons and we thank them for their contribution. We would also like to thank the DPW Superintendent and Town Administrator for their continued time and assistance to the FBC in maintaining the bike path in Fairhaven, its possible ongoing funding sources, and recognizing it as the Town asset that is truly is. The Committee hopes to see you out & about!

#### **2022** Bikeway Committee Members:

Amy Roderick, Chair Mike Rotondo, Vice-Chair James Anderson Tim Garcia Justin Gledhill - Resigned Chip Hawthorne Gerry Jennings – Resigned Robert Espindola, Ex-Officio

## BRISTOL COUNTY MOSQUITO CONTROL PROJECT

This year marks the 63rd anniversary of the Bristol County Mosquito Control Project and its services to the cities and towns of Bristol County. Our mission is to bring mosquito populations to tolerable levels using a variety of scientifically effective methodologies consistent with applicable laws. Surveillance, water management, biological and chemical controls are performed in an environmentally sensitive manner to minimize potential effects on people, wildlife and the environment. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The Project continues to make investments in new technologies that increase our efficiency and accuracy when fulfilling our mandate. We remain committed to applying environmentally responsible larvicide and adulticide products. Our surveillance program, along with service request data and updated GPS and computer equipment, allow us to focus our pesticide applications to targeted areas.

Disease risk from mosquitoes changes greatly from year to year. Because of this constant change in risk, BCMCP works in close relationship with the MA Dept. of Public Health to analyze disease risk in current and future years. The summer of 2022 experienced severe drought throughout the County that significantly affected the mosquito population.

During the 2022 mosquito season, 12,196 individual mosquitoes in 452 samples were tested for the mosquito borne viruses EEE and WNV. There were no isolations of EEE and no human cases in the County. Bristol County had 5 mosquito samples test positive for WNV with no reported human cases. There were no equine cases for EEE or WNV.

The Project continues its year round efforts to reduce mosquito breeding areas through water management and source reduction. Our goal is to remove debris, silt and vegetation from drainage ditches to improve water flow, thus eliminating standing water conducive to larval development. Work is conducted using mechanized machines and by hand.

Bristol County Mosquito Control Project completed the following work in the Town of Fairhaven during the time period of January 1, 2022– December 31, 2022.

- Sprayed over 5,614 acres
- Treated 29.5 acres in 23 locations with B.t.i. for mosquito larvae
- Received and completed 637 requests for spraying
- Cleared and reclaimed 4,470 feet of brush
- Cleaned 980 feet of ditches by machine
- Treated 720 catch basins

Throughout the year, we strive to educate the public concerning mosquito borne diseases and simple ways residents can protect themselves and help prevent breeding on their own property. We have many types of outreach programs available including speaking at public health events, radio/newspaper interviews, visiting local schools, senior centers, and creating informational handouts for distribution. Be sure to check out our website:

www.mass.gov/eea/bristolcountymosquitocontrol for updates and information.

#### BROADBAND STUDY COMMITTEE

The Fairhaven Broadband Committee spent 2022 planning and thinking about a strategy for implementing a broadband network in Fairhaven that will provide the Town with infrastructure that will adapt many years into the future with rapid technological change and the subsequent impact on the regional economy that comes from that change. Because the economy is now a digital economy and because communication must be on demand, this change will require networks that can evolve and is flexible. The committee has worked to be cognizant of this during this project. Additionally, the question of feasibility for building a network has been a primary focus for the committee. Feasibility is a function of getting enough homeowners and businesses to subscribe and remain loyal to the network. Value drives take-rate and take-rate drives project success. The committee has worked to make choices which create value for the residents of Fairhaven – which in turn would make a project feasible.

The second of 2 votes taken at Town Meeting was approved to create a Municipal Light plant which gives the Town the ability to run a network for the town residents.

Applied for and received \$250,000 grant for the expansion of the town's fiber optic network.

SCOPE OF WORK In 2022, the committee worked with consultants from EntryPoint Networks to develop a Broadband Master Plan with the following Scope of Work:

#### Education

- Educate Committee and Town Leadership on Key Options for Strategy. In progress
- Provide a comparison of available media (Fiber Optic, DSL, Coaxial Cable, Wireless).
   Complete

#### Community Engagement

- Develop a Community Engagement Plan for businesses and residents including budget, timeline, and milestones. In progress
- Work with the Fairhaven Leadership Team to develop and deploy marketing and education messaging. Planning, Analysis & Documentation In progress
- Work with Fairhaven leaders and legal advisors to produce a recommendation on the specific legal structure and legal implications of this structure for housing a community owned network. In progress
- · Work with Town Leaders to develop a coherent Broadband Strategy. In progress
- Conduct a Risk Analysis for all project phases. In progress
- Identify Potential Project Partners (Engineering, Construction, Middle Mile, ISP).
   In progress
- Establish initial pricing from multiple ISPs and Middle Mile Carriers. In progress
- Work with Fairhaven to model a projected Monthly Network Operations Fee for residents and businesses. In progress
- Develop draft RFP's for Engineering and Construction, including the option of a Design/ Build solution for Fairhaven. In progress
- Engage Potential Project Partners (Engineering, Construction, Middle Mile, ISP). In progress
- Provide Planning Assistance for Construction Financing and Long-Term Financing.
   In progress
- Evaluate and document network financing options related to construction and ongoing operations of the network. In progress
- Determine the optimal legal structure for the project and the associated options for financing the network. Develop recommendations for the funding path for the three financial categories: > Infrastructure > Operations and Maintenance of the network > Service Providers (ISPs and others) In progress
- · Awarded MBI's digital equity grant in progress

#### BUILDING DEPARTMENT

The town of Fairhaven Building Department has been under new direction since Former Building Commissioner Chris Carmichael resigned in June of 2022. The department has welcomed James Marot, Andrew Bobola, William Horricks, Joseph Kauffman, David Morris, and currently Joel Reed as interim and per diem Building Commissioners. The towns current electrical inspector is Paul Raposo. Our current plumbing inspector is Norman Lussier. The towns Gas inspector is Henry Daigle. Our electrical, plumbing and gas inspectors have over 30 years of experience in their trade. The Building Department has also welcomed a new administrative assistant Suzanne Vieira. Permit Eyes is currently the online permitting system and the focus has been on implementing this system to its optimal performance. This includes educating residents, contractors and staff on the many functions that are available throughout this system. The Building Department continues to work closely with the Conservation Department to ensure all buildings are flood zone compliant and wetlands continue to be preserved. One of the goals of the Building Department is public safety in buildings and to ensure all projects meet Massachusetts State Building Code and Town by-laws. The Building Department continues to work on updating all permitting fees to the most up to date market value. The Department provides over site to the Zoning Board of Appeals (ZBA) and Department of Weights and Measures.

Residential homes, Single and Multifamily are on the uptrend. New Commercial projects that the Department provides permitting support to include: Chipotle, Mirasols, and Domino's Pizza, which are expected to open in 2023. The Titleist Acushnet Company has further extensive interior renovations including a new atrium. Interior and exterior renovations to the Seaport Inn continue at this time. Renovations to the South Coast Health Family Medicine Building on Mill Road will provide additional treatment stations and nurses' stations in order to provide additional care. The town welcomes the Southcoast Pickleball Court, who received its occupancy permit in 2022.

Fee Summary Report ( 01/01/22 to 12/31/22 )				
Permits	Transactions	Issued	Fees	
Certificate Of Inspection	154	71	\$10,350.00

Ronnie Medina
John Methia
Thomas McAfee

Select Board Representatives:
Stasia Powers

In 2022 Fairhaven Cable Access Television continued to stay true to our mission: Providing informational, educational and community-based content on our two access channels.

The groundwork to deal with the hurdles of broadcasting continuously throughout the pandemic were laid in 2020. After functioning with 2 locations throughout most of 2022, an additional meeting room equipped for Zoom Meetings was added in at the BPW building. Three locations are now available for meeting participants to interact through a hybrid system of in person and virtual attendance. Multiple technologies were used to make this happen. Livestream, Castus Stream, and Zoom were simultaneously used along with an intricate audio & video set-up to accomplish this. The department continues to receive great feedback from other departments, boards and committees who credit Fairhaven TV as being an essential piece of keeping town government running in respect to participation and open meeting laws during and after the pandemic.

The all-inclusive website FairhavenTV.com continues to be an essential asset for the residents of Fairhaven to view government meetings, community events, and virtual events around town, as well as receive emergency and timely updates and resources available from town departments.

Fairhaven TV's social media platforms continue to be an important tool to accomplish the mission of keeping residents informed. Facebook followers grew to over 1900 (an increase of 200) and Instagram followers total over 600 (an increase of 100). Our YouTube page is also the place to find all of the latest events filmed for Fairhaven Community Media.

Alyssa Botelho has taken over the role of Social Media coordinator for the town as well. Her tireless efforts in reconfiguring and reorganizing all of the town's Facebook and Instagram pages has been truly beneficial in keeping the community abreast of many happenings in town.

The 10-year (2018-2028) cable television renewal license between Comcast Cable Communications Management, LLC and Town of Fairhaven, Massachusetts is available to view on the Town of Fairhaven website on the Cable Advisory Committee page. (www.fairhaven-ma.gov/cable-advisory-committee)

#### **Government Access - Channel 18:**

The following government meetings are filmed regularly, broadcast live when possible, replayed on channel 18, and are available to view on demand at www.fairhaventv.com/governmentmeetingvideos and at www.livestream.com/fairhavenlive: Select Board, Board of Appeals, Board of Assessors, Board of Health, Board of Public Works, Belonging Committee, Bikeways Committee, Broadband Study Committee, Cable Advisory Committee, Capital Planning Committee, Charter Committee, Conservation Commission, Contributory Retirement Board, Community Preservation Committee, Commission on Disability, Cultural Council, Economic Development Committee, Finance Committee, Historical Commission, Lagoa Friendship Pact Committee, Marine Resource Committee, Planning Board, Rogers Re-Use Committee, School Committee, Sustainability Committee, Town Meeting Review Committee, Town Meeting, and various Public Hearings.

Local election coverage and the annual Meet the Candidates night has become a staple of the government access calendar, as well.

FTV covers and broadcasts more meetings than any other access station in the commonwealth. 302 government meetings and 25 related shows and Public Service Announcements were produced and aired in 2022. There were actually more meetings filmed by Fairhaven Government Access in 2022 than in 2021(301), 2020 (260) and 2019 (234).

Public meetings, forums, press conferences and ribbon cuttings are also filmed upon request. In addition, Fairhaven TV works with other departments to create public service announcements and informational videos to keep residents informed. These are posted to www.youtube.com/@ Fairhaven\_tv and www.facebook.com/fairhaventv as well as replayed on channel 18. Examples include Health Dept. guidelines and updates, Fairhaven Fire and Police Dept. PSA's, Town Clerk Election Info, Adopt-A-Pet series; monthly segments with the Fairhaven Animal Shelter and Animal Control Officer, Marine Resource Dept Permitting Procedures, Fairhaven Tree Warden updates, Boater safety videos, and Lagoa Friendship Pact committee events.

FTV worked with the Veterans Services Dept. and agent Brad Fish to produce coverage of annual events that previously had to be closed to public from attending. These included Memorial Day, Independence Day and Veterans Day parades and exercises in person for the first time since 2019.

FTV continued our collaboration with the Fairhaven Opioid Task Force by filming International Opioid Awareness day events in neighboring New Bedford and a recovery day celebration here in Fairhaven. The 'Opioid Crisis' 3-part video series continues to be shared bringing community awareness of the ongoing Opioid Crisis and offer support and contact information for those that need help for themselves, friends or family members.

Studio and Offices 40 Center Street, Suite 3 Fairhaven, MA 02719 774-328-8828

#### Community/Public Access - Channel 95:

Fairhaven Community Media- Channel 95 is used for public access programming. 39 original productions including community events, and member productions were broadcast and are available on demand at www.fairhaventv.com/communityvideos and on the Fairhaven Community Media YouTube page. In addition, dozens of regional access shows were imported and broadcast on Channel 95. Throughout the country, 126 affiliated access stations downloaded our content to broadcast in their communities.

FTV is proud to announce we were awarded Best Production Value by the Massachusetts Creator Awards for Hometown Haunts, which aired during Fairhaven TV's 4th Annual Halloween Party in 2021. This was the second consecutive year of winning a state award. We have also been nominated in 4 categories in 2022. The award ceremony will be held on January 25, 2023.

FTV also brought home a national award at the Alliance for Community Media's Hometown Media Awards in the category of Children's Programs for our Home for the Holiday's Intro entitled Santa's Bell. The team was able to travel to the awards ceremony in Chicago to receive the award!

The annual Haunted Halloween Party has become a highly anticipated event in the community. For the first time since 2019, FTV was able to host the event live in Town Hall. Attendance was over 700, shattering all previous records. Features included Master of Ceremonies Todd "Magic" Migliacci performing magic and trivia, spooky stories and games, trick-or-treat tables from community organizations and townsfolk, and the premiere of the latest Hometown Haunts segment: The Caretaker at Rogers School (nominated this year for Best Production Value at the Mass Creator Awards).

Popular public access member TV Series' continuing to air on Channel 95 are The Family Table, Get Personal with Pattie, and The Magazine with Charlie Murphy. Public access member Dave Fauteux has produced 35 episodes of The Magazine in just 3 years! (nominated this year for Best Documentary at the Mass Creator Awards).

Other highlights include the popular Hometown Hikes series, featuring local trails, Kids Fest hosted by the Office of Tourism, coverage of the annual Cherry Blossom Festival at the Whitfield-Manjiro house, Millicent Library events, the return of the Concerts Under the Stars summer concert series, a summer media camp day at a local elementary school, coverage of the Benoit Square Tree lighting, and Ol' Time Holiday in December.

All of this material can be viewed on FairhavenTV.com, The Fairhaven TV YouTube page and in between programming on our channels.

Workshops and trainings are available to any Fairhaven resident looking to create their own show. Please follow us on Facebook and at www.fairhaventv.com , www.facebook.com/fairhaventv, Instagram at fairhaven\_tv, and subscribe to our YouTube channel.

#### CHARTER COMMITTEE

On June 12th, 2020, Town Meeting convened to vote on a total of 60 articles, one of these items including action on Article 48, citizens petition calling for the creation of a nine member Charter Committee. By 139-32 votes, your representatives at Town Meeting overwhelmingly approved this article.

The Charter Committee's charge is reviewing all aspects of local government organization and structure, including, without limitation, regional relationships and the operation of all Town departments, boards, committees and commissions, elected and appointed, and make a report or recommendations to the 2022 Annual Town Meeting, or such later town meeting as the Moderator may approve, with the goal of presenting a proposed town charter at the 2022 Annual Town Meeting, which special legislation would be forwarded to the General Court for review and approval, in accordance with the Home Rule Amendment, Section 8, and further to raise and appropriate or transfer from available funds a sum of \$10,000.00 to pay for the expenses of such Committee, or take any other action relative thereto.

Members of the Fairhaven Charter Committee convened its first reorganization meeting on Thursday, September 9th, 2021 and have been meeting once a month on Wednesdays at 6:30pm. Our meetings are also broadcasted on the local all access cable channel 9 and live on Facebook via Fairhaven TV.

Since our first meeting, we have:

- Researched and discussed as a group various town reports and charter related documents, including but not limited to, historical information on town and city charters across Massachusetts, the DOR Report from 2012, Bennett & Shaw report from the late 1980s, and recommendations from our Fairhaven Government Study Committee.
- Invited guest speakers such as Michael Dutton, Town Manager for the Town of Bridgewater and Chair of the Massachusetts Municipal Association Form of Governance Committee, Lexington Deputy Town Manager Kelly Axtell and Chelmsford Town Manager Paul Cohen speak with us about processes towns and cities created to adopt charters in their communities and the benefits associated with these documents.
- Created a current, but fluid and adaptable town organizational chart to help us understand
  which of these recommendations from these reports have already been implemented and
  which need further discussions to make our municipality work in a more efficient and
  streamlined approach for you the taxpayer.
- Crafted a draft Table of Contents that will help us prepare a Town Charter ready for public comment.

We want to encourage anyone interested in our committee to watch our meetings and get involved by joining or offering feedback or suggestions. More information, including our documents and contact information, are available on the town's website: https://www.fairhaven-ma.gov/charter-committee.

Submitted, Kyle Bueno, Chair Cathy Melanson, Vice Chair

#### COMMISSION ON DISABILITY

Fairhaven's Commission on Disability is dedicated to advocating for policies and projects that make Fairhaven fully accessible for individuals with disabilities in town. We do this by working with town departments, residents, and local organizations to make necessary accommodations and guide residents toward important resources to serve that purpose.

In 2022 the Commission on Disability focused on the following:

Initiated the process for and purchase of bringing mats to the town beach enabling more people to access the parking lot and beach that otherwise would have been prevented from utilizing this resource. We would like to thank Vinnie Furtado, BPW Superintendent, and the Board of Public Works members for securing the funds to make this possible in 2022 and for their commitment to getting them installed and removed.

Met with Town Administrator, Angie Lopes Ellison, to discuss the needs for increased accessibility at town hall. Three members of the commission did a walk-through identifying concerns. Among the concerns identified were the automatic doors and the elevator door that was closing too quickly. This was addressed by our town administrator. The need for improved signage, accessibility to all areas of town hall, the placement of the buttons in the elevator, door jambs that make entering offices difficult, and the need for markers at the edge of stairs. It was decided by the town administrator that we should request an updated study from Joe Booth Consultants as the last report was done in 1997. We have placed these needs on hold awaiting an updated report.

We met with the Fire Chief Todd Correira as concerns with helping people out of town hall in an emergency was raised. The chief assured us that they have experience and training in this. Met with Lt. Kobza, Police Department and he has updated the emergency forms making them more accessible on their website. If you or a family member have a disability or may need to be approached differently in a specific way, we encourage you to go the police department website and fill out the forms.

We are in the process of finalizing a directory of resources for those with a disability from the ages of birth to age 22.

The COD worked on determining a process for getting people to clear snow away from the most used bus stops in town so that our friends with disabilities can access transportation without having to wait in the street after it snows. This is ongoing.

Met with an individual who educated us about respite care and the need for more people in town to open their homes for individuals whose families need back up care. If you are interested in more information, contact Family Services Associates in Fall River.

We began a social media page on Face Book. Check out Fairhaven Commission on Disability, see what is being posted for information. Also, be sure to Like our page and invite your circle of friends to do the same. Thanks in advance.

As your CoD we are here to serve you and to address the needs of individuals with disabilities in town as we work towards Universal Design Standards for all.

So, how can we serve you? What needs are you aware of that we need to consider discussing and addressing? Where are there gaps in services?

We encourage you to reach out to us on our Face Book page or our web page: cod@Fairhaven-ma.gov to share your thoughts, concerns and ideas.

Respectfully Submitted,

#### COMMUNITY PRESERVATION COMMITTEE

The Community Preservation Committee (CPC) is responsible for the administration of the Community Preservation Fund, the selection and recommendation to Town Meeting of projects for funding and the monitoring of the progress of projects funded by community preservation. By statute, Community Preservation Act funds may be allocated to those projects that support the preservation and/or enhancement of open space, historic resources, community housing, and land for recreational use. The CPC enjoyed success in 2022, its 17th year of operation. As of June 30, 2022, the Town had collected \$463,337 from the local CPA surcharge for FY-2022 and in November 2022, received \$189,112 in State matching funds for FY21, which was a 43.84% match.

At the June 18, 2022 Annual Town Meeting held virtually via Zoom the Community Preservation Committee recommended four (4) projects for spending appropriations with an administrative appropriation and set asides for each area for a total of \$554,500. The Committee put \$65,000 in funds into each account for the acquisition, creation, and preservation of Open Space; Historic Resources; and Community Housing for future projects to ensure that all areas received at least the 10% minimum required. The CPC recommended \$15,000 for the Administrative Budget but that was cut during the budget cycle to \$8,500. The CPC Budget appropriations in ATM Article #22 for FY23 were the following:

1.	Reserve	for	Future A	Appro	priation

	** *	
	a. Open Space set aside	\$65,000
	b. Historic Resources set aside	\$65,000
	c. Community Housing set aside	\$65,000
2.	<b>Spending Appropriations</b>	
	d. Library Sidewalks Phase 2	\$93,000
	e. FHC - Spring Street Firehouse Renovations	\$18,000
	f. Pickleball courts at Livesey Park	\$180,000

## 3. Administrative Spending Appropriation

g. Whitfield-Manjiro Carriage House Cultural Center

h. Annual expenses for Recording; Consultants; Supplies, etc... \$8,500

#### 4. Total Recommended Appropriations

\$554,500

\$60,000

In September, the Committee published the FY2024 Community Preservation Plan with guidelines and information for applicants seeking community preservation funds. The Application includes the criteria from the guidelines as a checklist to help clarify proposals. In December 2022 the Committee began considering nine applications for FY24 funding. The Committee's FY 2024 final recommendations will be presented to the 2023 Annual Town Meeting in May.

All CPC meetings are open to the public and the Committee welcomes public participation throughout the process. A Letter of Interest option was added which offers a less formal alternative to a full application for potential applicants to learn about the process and requirements and get feedback from the Committee on whether their project is eligible for funding and what the Committee will be looking for before an applicant goes to the expense of a full application and detailed drawings. Citizens may email the Committee by contacting the Planning Department by email at pfoley@fairhaven-ma.gov or by calling (508) 979-4023, Ext. 8123, with questions, comments and feedback. For additional information, citizens may visit the CPC web page on the Town website at www.fairhaven-ma.gov/community-preservation-committee.

#### CONSERVATION COMMISSION

The Fairhaven Conservation Commission (FCC) consists of seven voting members appointed by the Board of Selectmen and three non-voting consultants appointed by the FCC. The FCC is supported by a paid Conservation Agent and a paid part-time Administrative Assistant.

The purpose of the FCC is to protect Fairhaven's wetland resource areas in accordance with the Massachusetts Wetlands Protection Act (M.G.L. Ch. 131, § 40) and its Regulations (310 CMR 10.00) as well as the Fairhaven Wetland Bylaw (Chapter 192) and its Regulations. The protected resource areas include rivers, streams, ponds, brooks, wetland marshes (salt and fresh), banks, and floodplains, including the 29 miles of coastline in Fairhaven.

Protection extends 100 feet from the edge of the wetlands, 200 feet from rivers most brooks, streams, and to the entire floodplain.

The Fairhaven Conservation Commission holds public hearings, issues Orders of Conditions permitting work, inspects the work in progress, and upon completion, issues Certificates of Compliance. The FCC is updating and strengthening the Town Bylaws to keep pace with the changing times and climate, and is taking measures to keep track of Enforcement Orders, permits, and other conservation matters electronically. The FCC routinely undertakes enforcement activities when unauthorized activities are identified and cannot be resolved through more amicable means. In 2022, the Conservation Commission heard 26 Notices of Intent and 20 Requests for Determination of Applicability, as well as a number of violation and enforcement cases.

## COUNCIL ON AGING

## MISSION

The Fairhaven Council on Aging's mission is to identify and address the needs and concerns of Fairhaven's elders. Based on those needs, the COA designs, advocates, and implements programs and services to fulfill these needs and bridge gaps. Fairhaven seniors, as well as their families and caregivers, are welcome to utilize the Senior Center as a community resource where older adults can come together for services and explore activities offered such as wellness programs, educational presentations, and social activities.

## **CENSUS**

The latest number of seniors in the Town of Fairhaven in 2022, 60 years and older, is estimated at 4,500, which is approximately a quarter of the Town's population. In 2022, 1,873 unduplicated seniors received over 13,000 units of services or events at the Senior Center. These services and activities assisted seniors by promoting and maintaining a secure, safe, and healthy quality of life. 2022 was focused on returning to in-person services and events in as safe a fashion as possible to continue to minimize exposure to COVID-19 transmittal for all staff and patrons of the Senior Center. The level of seniors taking advantage of the programs and services has returned to pre-COVID numbers.

## STAFFING & VOLUNTEERS

2022 saw the retirement of two longtime employees, Director Anne Silvia, and Principal Office Assistant Cynthia Vandenburgh. In February of 2022, Martha Reed was hired as the COA's new director, and in July Jocelyn Bowers transferred from the Board of Health to the Council on Aging to become the Principal Office Assistant. The Senior Center is currently staffed with a director (40 hours paid through the COA budget), a principal office assistant (35 hours paid through the COA budget), a custodian (35 hours paid through the COA budget), a volunteer coordinator (19 hours paid through the Formula Grant), and two van drivers (sharing approximately 20-24 hours per week, one paid from the COA budget and one paid through the Formula Grant).

Approximately 30 dedicated volunteers provided over 4,900 hours of service to the Council on Aging. Volunteer opportunities were substantially lower due to continued COVID-19 issues. The value of these volunteers throughout the year provided savings of approximately \$110,000 to the town. Duties of the volunteers include assisting in outreach, SHINE, fuel assistance, tax preparation, office work, kitchen work (including Meals on Wheels), medical transportation, legal assistance, newsletter coordinating and delivery, assisting in activities, and light custodial help.

## **OUTREACH**

Outreach services were responsible for educating and informing seniors of resources available in the community to assist in keeping them safe in their own homes thus maintaining dignity and independence. These services included SHINE (assistance with Medicare and health insurance), PACE (fuel assistance), SNAP (food assistance), Senior Circuit Breaker Tax Credit, tax preparation, free cell phones, medical alert systems, and referrals to local agencies and organizations that provide assistance with help in the home. Those in need of legal services are referred to South Coastal Counties Legal Services, the Office of the District Attorney, as well as private elder law attorneys in the area. In addition, local elder law attorney, Suzanne J. Sequin, provides pro bono legal services monthly at the Senior Center. As a mandated reporter, the Council on Aging works collaboratively across all municipal departments to address seniors in crisis and reports all suspected elder abuse, neglect, or financial exploitation to Elder Protective Services.

In July, the COA was excited to welcome the Veteran's Service Office to our facility. Working cooperatively with Veterans Service Officer, Brad Fish, and Administrative Secretary, Jane Bettencourt, elder veterans are able to access all needed supports and services under one roof.

## SENIOR TAX WORKOFF

Twenty financially qualified Fairhaven seniors per year have the opportunity to receive a \$500.00 deduction from their real estate taxes after volunteering 62.5 hours in various departments of the town. In 2022, only 8 seniors took part in the program due to continued COVID-19 restrictions. If interested, please call the COA and ask for Christine Alfonse to see if you qualify.

## NUTRITION

The Fairhaven Senior Center works collaboratively with Coastline Elder Services to operate the Meals on Wheels program and as a congregate meal site (congregate meals returned in April of 2022) Monday through Friday. Approximately 85 meals a day are delivered to the community through these programs. Coastline also supports two Senior Supper Clubs, the Single Seniors and the South Coast LGBTQ+ Seniors. Both Supper Clubs were able to resume in 2022. The Single Senior Supper Club which restarted in March meets on the third Tuesday of the month from 4:00 PM-6:00 PM from April to October and from 2:00 PM-4:00 PM from November through March. The South Coast LGBTQ+ Seniors, which restarted in February and meets on the fourth Wednesday of the month from 5:00 PM-7:00 PM, both are considered congregate meals. Coastline also provides food for special events such as the Veterans Day Luncheon. The Fairhaven COA was able to host an in-person Easter Sunday and Thanksgiving Dinner for those seniors who would otherwise be alone on these holidays; meal delivery was also offered as an option for those not able to attend in person. In collaboration with generous community groups, churches, businesses, and organizations, several food baskets and turkeys were donated to seniors in need and grandparents raising grandchildren.

During the COVID-19 pandemic, food insecurity has become a growing area of concern, especially among elders. The Fairhaven Council on Aging continues to participate in the Greater Boston Food Banks Commodity Supplemental Food Program providing supplemental food to low-income seniors. As part of this program, qualifying seniors, 60 years old and older, receive two bags of non-perishable food once a month, over 50 households participated this year. In addition, the COA also helps seniors apply for Supplemental Nutrition Assistance Program (SNAP) and has become a SNAP Outreach Partner with the University of Massachusetts Medical School.

## TRANSPORTATION

The Fairhaven Council on Aging has a fleet of three vans which include:

Van #2 2018 Econoline Bus 14 passenger Van #4 2021 Ford Star Bus 14 passenger

Van #5 2012 Ford Starcraft 14 Passenger (Social Day Van)

In 2022, the COA provided 2,139 rides for in-town transportation (shopping, banking, etc.) to 249 unduplicated seniors. A van is used to provide a mall trip every Wednesday as well as special outings in the surrounding communities. Occasionally, the vans are requested to be used for community events (road races, parades, fundraising events, and special events in town). The vans are available in the event of emergency evacuation of housing, nursing home, or assisted living residents.

## **HEALTH SERVICES**

The Fairhaven COA continues to strive to provide the seniors of this town, and surrounding towns, with wellness programming and activities to enhance their mental and physical wellbeing. Services available to seniors by appointment in 2022 included a foot care specialist, a dental hygienist, and a registered community nurse. Physical activities included chair yoga, Zumba Gold, Osteo Class, Tai Chi, walking groups, hiking group, and bocce. Informational support on health and wellbeing include the Health Awareness Group, Care Givers Support Group, Bereavement Groups, Flu Clinic provided by Fairhaven Pharmacy and numerous in-services provided by local organizations and agencies regarding scams, fraud and overall safety issues. The Fairhaven COA distributes 1,900 newsletters throughout the town, and surrounding area, providing information about all the activities and events happening at the Senior Center.

## SUPPORTIVE SOCIAL DAY PROGRAM

The Supportive Social Day Program had to be temporarily suspended due to ongoing issues with COVID-19 and waning attendance. It is a priority of the new director to re-open the program in early 2023.

On behalf of the Board of Directors of the Fairhaven Council on Aging, we wish to express our sincerest gratitude to all of the dedicated staff and volunteers as well as all who have made generous donations throughout the year enabling the Fairhaven Council on Aging and its programming to grow.

Respectfully Submitted,

Martha Reed, Director Fairhaven Council on Aging

Board Members, Robert Ryan, Chairperson Jack Oliveira, Vice Chairperson Lee Allaire, Secretary Joan Mello, Member Carol Burt, Associate Member Susan Oiestad, Associate Member

## **CULTURAL COUNCIL**

The function of the Fairhaven Cultural Council is to avert grant funding to local individuals and programs which provide cultural opportunities and support the growth of the arts and humanities in our community. Grant monies are provided by the Massachusetts Cultural Council as well as the Town of Fairhaven.

For the current year, the council funded 19 projects totaling \$13,550. The Committee received \$2,750 from the Town of Fairhaven and the remainder of the funds were provided by the Massachusetts Cultural Council. Funds provided by the Town of Fairhaven were awarded to: Motoko Dworkin / Origami Storigami - Millicent Library Summer Programming; Steven M. Hurlbut / Jumpin' Juba Senior Concert; Joseph Ingoldsby / Cooke Memorial Basin Beautification; Henry Lappen / Henry the Juggler for the Fairhaven Recreation Center programming; NFIA / Music Night in the Gazebo Concert; and to the Town of Fairhaven / Intergenerational Art Club.

Current members and officers include: Sharon Dorian, Chair Michael Luey, Treasurer Lisa Breese, Recording Secretary Alexandra Caine Wendy Drum Ron Fortier

## ECONOMIC DEVELOPMENT COMMITTEE

The Economic Development Committee met throughout the year in a hybrid fashion with some members in Town Hall and others attending via an online meeting platform due to the continuing Covid-19 situation. The Economic Development Committee continues to work on implementing the Economic Development Plan and discussing the goals of the plan and comment on the economic needs of the Town.

The Committee discussed the proposed 40R Overlay District as part of the Route 6/240 Economic Redevelopment Plan. The purpose of Route 6/240 Economic Redevelopment Plan is to determine actions the town can take to create more opportunity for new development in Town. The 40R Overlay is a tool the Town can use to increase capacity for new commercial and residential development in previously developed areas while preserving the historic and rural character of the rest of the Town. The Town hired Dodson & Flinker Landscape Architects and Planners and Adam Costa of Mead, Talerman and Costa Attorneys as consultants to help develop a 40R Bylaw and develop design standards. A 40R Working Group with over 25 members met four times from September to December plus a 40R public visioning workshop in November have helped direct this effort. The 40R Group is meeting again in January.

The Economic Development Committee committed \$6,000 in FY22 funds as a local match to grants from the 1-Stop for Growth Grant Program and Executive Office of Environmental Affairs to hire the consultants for the 40R Overlay Bylaw and design standards. The EDC has committed funds the last several years to the Route 6/240 plan and a 40R effort and is considering committing \$6,000 in FY23 Funds to this as well.

In 2022 the Department of Planning and Economic Development was instrumental in bringing \$3,106,236 dollars in grant funding to the Town for various projects. This included two grants for \$1,000,000 each from the Seaport Economic Council for Union Wharf and \$320,000 to update the Municipal Harbor Plan with New Bedford. The Department was also successful in getting another \$75,000 from the DHCD One-Stop for Growth grant program to fund the consultants helping the Town develop a 40R Overlay Bylaw and Design Standards. The Department, with the assistance of consultant Breezeway Farms, was successful in securing \$686,236 through the Community Development and Block Grant (CDBG) for streetscape improvements.

The Committee had some changeover this year with Bernie Roderick, Bob Espindola and Travis Rapoza leaving the committee. The Committee thanks them for their contributions. The Committee welcomed new members Leon Correy, Patrick Carr and Jake Galary in 2022.

Cathy Melanson Chair

Jessica Fidalgo Vice-Chair/Representative of the Planning Board

Leon Correy Representative of the Select Board

Kevin McLaughlin

Eddie Lopez

Patrick Carr New Member
Jake Galary New Member
Bernie Roderick Former Member
Travis Rapoza Former Member

The Committee appointments were as follows:

Cathy Melanson, Representative to the Rogers School Committee Paul H. Foley, AICP, Director of Planning and Economic Development Marie E. Ripley, Administrative Assistant to the Planning Director

## FAIRHAVEN FIRE & EMS DEPARTMENT

The Fairhaven Fire Department had another record-breaking year. In 2022, we responded to 3,990 emergency calls. This represents a 6% increase in calls from 2021. In addition to emergency calls, the fire department provides a wide range of inspection and safety responses for our community, putting our total calls for service at over 5,000 calls.

## STAFFING:

Staffing has been a large discussion point on social media and within the community. We are thankful that the Town Administrator has found funding to support four (4) new positions to help with the additional workload. We expect the new firefighters to be trained and working by July 1, 2023. This will bring our shift staffing to seven (7) firefighters.

Even though this staffing will help, there is still work to be done. The goal with the staffing is to have at least seven (7) firefighters on duty at all times to handle the current call volume. This will allow us to staff two ambulances (2 firefighters each) which will cross-staff another engine and ladder truck. The remaining three (3) firefighters will staff the first due engine to handle the 1000 fire calls we do annually.

The Call Department is still a part of our fire response. The call department members are summoned via a toning system, and when they are available, they respond to the scene to provide additional staffing and assistance.

For staffing to work, we need to transfer dispatch to another agency. We are currently working with the Town Administrator and Chief Myers of the Police Department to find the best way to handle our dispatch center. The current system cannot support dispatching the fire department which requires us to leave a firefighter back at the station to dispatch calls, or on large calls, the dispatch center goes unstaffed creating a safety issue for firefighters on the fire ground. We will continue to push for the removal of dispatch out of the fire department to either a better-staffed police dispatch center or a regional dispatch center.

#### RETIREMENTS:

In 2022, we said goodbye to Lieutenant Douglas Silveira. Lt. Silveira started his career in 1988 and was promoted to Lieutenant on August 1, 1995. Lt Silveira was known for his steadfast leadership and command presence on the fire ground. As a veteran of the United States Marine Corps, he expected his team to run efficiently and respectfully at every hour of the day.

## DEATH ANNOUNCEMENT:

We regret to inform you of the passing of retired Lieutenant Michael Barcellos. Lt. Barcellos developed occupational cancer (Cancer-related to his line of work) upon his retirement in 2008. He bravely battled cancer for the duration of his retirement. His leadership within the department and with the Professional Firefighters of Massachusetts will never be forgotten. May he rest in peace.

## **NEW STAFF:**

2022 was a busy year with promoting veteran employees and hiring new employees to fill multiple voids that occurred in 2021 and early 2022.

Brian Riggs was promoted to the rank of Lieutenant in May of 2022. Lt Brian Riggs began his career here in 1997. As a registered nurse, he attended paramedic school in 1999 and was one of the original six (6) paramedics that helped bring Advanced Life Support to the Town of Fairhaven.

We will be leaning on Lt Riggs to help provide leadership and development for our younger staff. Firefighter Timothy Reilly, a United States Army Veteran, was hired in July of 2022. He resides in Middleboro and is a Basic EMT. He was hired to fill the vacancy created when Firefighter Edward Freitas retired in December of 2021. He is currently at the Massachusetts Fire Academy and is on schedule to graduate in January 2023. He will be attending Paramedic school this spring.

Firefighter Ryan DeLorey was hired in August 2022 to fill the vacancy created due to the departure of Lt. Brian Messier and the promotion of Lt. Riggs. FF DeLorey has completed Paramedic training and is waiting to take his National Certification exam. He is scheduled to attend the Massachusetts Fire Academy in January of 2023. He resides in West Bridgewater.

Firefighter Deondre Gomes was also hired in August of 2022, as a result of Lt. Silveira's retirement. He is a veteran EMT of New Bedford EMS and has recently completed paramedic school. He is a Fairhaven resident and is scheduled to attend the Massachusetts Fire Academy in January 2023.

## FIRE DIVISION

The fire division handles all other non-ems calls. Anytime a department or citizen has an issue, their first call is to the fire department for assistance. The Fairhaven Fire Department fire division handles about 1000 calls annually. A fire-related call is all calls that involve structure fires, car fires, brush/grass fires, motor vehicles accidents, electrical issues, natural gas, and propane gas emergencies, hazardous material emergencies, fire alarms, carbon monoxide alarms, lock-ins and lockouts, and technical, water, and ice rescue. Most of the time these calls come in while we are handling medical-related calls reducing our capacity to properly staff these calls. We must have at least two firefighters on an engine to handle a fire-related call for safety reasons.

## **EMS DIVISION**

The EMS division accounts for most of our calls and generates approximately 1.4 Million dollars each year. This money is used to offset the cost of a fire department from the tax levy. Each ambulance has at least one paramedic on board to help deliver the most advanced care to our citizens and visitors. Each ambulance call requires a minimum of two (2) personnel and takes about 75 minutes. We transport patients to all area hospitals and occasionally RI Hospital or Hasbro Children's Hospital. Our personnel work under the direction of Dr. Matthew Bivens of Southcoast Hospital Group. As our population age increases and additional low-income and elderly housing are developed, greater demand and strain are placed on our ambulance system.

## FIRE PREVENTION DIVISION

The Fire Prevention Division, led by Deputy Chief Joy Nichols, continues to provide life safety and fire safety inspections to our commercial, industrial, and government buildings. One of the primary roles of a fire department is to present and reduce the chances of fires in our communities. As fires will always happen, we must continue to work with our community partners to reduce this risk.

## FIRE SAFETY DIVISION

Firefighters Troy DeCouto and Maggie Rocha lead our fire safety division (SAFE) and have started to re-engage our community in the post-COVID world. This year we delivered various fire safety programs to our elderly housing units and our elementary schools, teaching them how to be safe from fire. In October of 2022, we resumed our annual open house and provided demonstrations and education to hundreds of residents and visitors.

If you are looking for a fire safety class or a fire extinguishing demonstration for your business or organization please contact them via email at:

Troy DeCouto tdecouto@fairhaven-ma.gov

Maggie Rocha mrocha@fairhaven-ma.gov

## FIRE ALARM DIVISION

The Fire Alarm Division maintains the town's radio box system. In addition, we continue to modify our inspection program of the installed radio boxes system so that the wireless system stays up to current N.F.P.A. standards and transmits the appropriate alarms to the fire department.

## EMERGENCY MANAGEMENT DIVISION (EM)

2022 was a busy year as we continue to assist the police and fire departments with large storms and incidents. We also provide a variety of community support to road races and other civil groups, including the North Fairhaven Improvement Association, the Fairhaven Father's Day Road Race, and the annual Polar Plunge.

The past year, we saw several storms, mainly rain and wind. The town responded to many calls for down trees and wires. Your volunteers, as usual before any event, started by checking all of our equipment in preparation for these events. We also assist the Police and Fire in securing areas or blocking streets once the immediate threat is isolated. This allows our other first responders to attend to other emergencies.

We continue to make minor improvements to the town's EOC (Emergency Operations Center) at the fire station. We are constantly monitoring and collecting data from the National Weather Service even when there are no apparent weather threats. We will continue to work with the Fire Department to monitor weather threats that may affect our area. Thankfully, the hurricane warning this past year turned out to be a false alarm, but we will get a major hurricane sooner rather than later.

We will do our best to assist this community in response to any man-made or natural disaster. However, we solely rely on volunteers to staff these positions. If you are interested in joining our team, please visit: Fairhavenfire.org and visit our page labeled E.M.A. and fill out the online application.

As always, we look forward to providing services to the town residents, town departments, and numerous civic groups in town and assisting our neighboring emergency management agencies and Massachusetts Emergency Management.

## "FAIRHAVEN ALERT"

Fairhaven ALERT was established in April 2019. Fairhaven Alert allows all departments to send messages to the citizens and visitors of the town regarding pending or current emergencies and what actions they should take.

This state-of-the-art notification system is completely secured and certified by the United States Homeland Security Agency.

The system was used in 2022 to notify citizens regarding water issues, Covid testing, vaccine clinics, storm warnings, and missing persons. The system reaches over 5000 devices in a matter of minutes.

We appreciate the support of the town and encourage all citizens to register. To register, please visit www.fairhavenfire.org or www.fairhaven-ma.gov

## FAIRHAVEN CRISIS TRACK

We have started the process of rolling out a new software program that will allow us to better track and respond to large storms and emergencies. The new software called Crisis Track is expected to roll out in March of 2023 and will help organize all town departments in responding to disasters and large storms. The system will also allow citizens to self-report damage to their property or submit issues with roadways or the power grid directly using the internet or their cell phone. This will help us manage our resources and help us respond more efficiently.

## EMERGENCY PREPAREDNESS PLAN

The Fairhaven Fire Department helps design and complete the annual Emergency Preparedness Plan. Every year, we work with other departments to ensure that they are properly prepared to respond to and mitigate any emergency resulting from a man-made disaster or a crisis resulting from a natural disaster.

We are currently working with the Massachusetts Emergency Management Agency to modernize data and information collection and the safe storage of our plans.

Recently we learned that this document does not have to comply with the open records law and, therefore can be kept internally for department use only. The reason behind this is that the document will contain employees' personal information and sensitive information regarding responses to a man-made disaster.

The Fairhaven Fire Department's administration is prepared to answer any questions regarding this document.

## SOCIAL MEDIA

Please remember to check in on our website: www.fairhavenfire.org.

In addition to the website, please follow us on our Facebook and Twitter pages to receive daily information on emergency preparedness, current emergencies, and/or daily activities that are being conducted.

Fairhaven Fire-EMS @FairhavenFire

I would like to thank the other town departments and boards for working with us this past year.

Fairhaven Fire Department Activities in 2022

Situation Description	Totals
E' 4	4
Fire, other	4
Building fire	8
Fires in structures other than a building	3
Cooking fire, confined to container	6

## Fire Department Fees / Donations Collected

Type of Fee Amount Collected

Above-Ground Tank Removal	\$360.00
Ammunition Storage License	\$30.00
Annual Radio Box Fee	\$18,600.00
Ansul System Installation or Removal	\$30.00
Bonfire Permits	\$300.00
Copy of Fire Report	\$120.00
Copy of PCR Report	\$440.00
Fire Alarm Installation/Upgrade – Commercial	\$400.00
Fire Alarm Installation/Upgrade – Commercial w/residential system	\$60.00
Flammable Liquids, Solids & Gases	\$1470.00
Fuel Dispensing Permit- Marine	\$90.00
Fuel Dispensing Permit – Motor Fuel	\$60.00
Hazardous Materials Storage	\$90.00
Inn/ Hotel Inspections	\$700.00
Install / Alter Oil Burner Equipment	\$1,080.00
LP Gas Storage Permit	\$1,590.00
Smoke Detector Inspections	\$7,200.00
Sprinkler Permit	\$150.00
Subpoena of Records	\$7.00
Use of Fog or Haze – Movie Production	\$30.00
Tire Storage Permit	\$60.00
Waste Oil Permit & Burner	\$780.00
Welding / Cutting Storage Permit	\$930.00
Sub Total	\$34,577.00
Gift Account Donation	\$3,600.00
Ambulance Gift Donation	\$500.00
Small Claims – Ambulance Bill Collections	\$537.60
GRAND TOTAL	\$39,214.60

# Respectfully Submitted,

Todd M. Correia – Chief of Departments Joy Nichols – Deputy Chief

Robert Lincoln – Fire Alarm Coordinator

Marc Jodoin - Director of Emergency Management Agency

Kristine Austin – Executive Assistant

## FAIRHAVEN PUBLIC SCHOOLS

As a school department, we have many responsibilities to serve our community and students. With the right guidance and education, our students will become contributing community members and make Fairhaven an even better place to live. Our students have shown a great deal of growth since the full return to school. For the most part, students are making steady progress in closing the gaps due to the pandemic. During this time, we observed students' social development and academic growth were impacted. Our faculty and staff have recognized that the continuum of students we service has become even more disparate. As a result, our focus has shifted to hone in on the following areas:

## K-2 LITERACY

At Fairhaven Public Schools, early solid literacy skills lead to future literacy success. Our Grade K, 1, and 2 teachers and staff began implementing flexible literacy groups in the fall of 2019. We call these flexible literacy groups, What I Need-WIN time. We are excited about this model's opportunities for students to work with our teachers to accelerate their growth as readers and writers. Flexible grouping is a term that describes various ways to group students to deliver specific instruction to maximize growth for individual learners. Our entire team of teachers, assistants, and small group interventionists collaborate to implement flexible grouping as part of our comprehensive literacy instruction. Each teacher monitors the progress of individual students during daily center-based activities. Students will be reassessed at the end of the WIN intervention cycle (6-8 weeks), and may be re-grouped accordingly. Even if the student works with a different teacher during centers, the information about his or her progress will be shared with homeroom teachers throughout the 6-8 week period.

## FAMILY ENGAGEMENT CENTER

The Fairhaven Public Schools expanded its ability to provide information, resources, and support to families in the District with the inception of The Family Center in School Year 2021-2022. While the Family Center is housed within the Elizabeth Hastings Middle School, the District put significant efforts into the space to ensure it was seen as a "District" entity and hence, appeal to all families. Our Family and Student Coordinator have created a welcoming space for families, guardians, and students.

In the Fall of 2022, updates have been made to our community resource information, expanding and building new partnerships with community providers and strengthening resources for our families with particular emphasis on Mckinney Vento, ELL, Special Needs, etc. Survey data has resulted in over 100 families expressing concerns and wanting service for their students in social-emotional learning. As a result, the Center currently hosts mental health providers for individual students and offers workshops on social-emotional development for young children.

Numerous families have sought support from the Family Center since its inception. Assistance has included housing, helping families with food insecurity, utility assistance, resources to assist with homelessness, translation services, and childrearing. Most recently, the Family Center has worked with all schools in the District to identify families needing support over the Holidays. Contacts were made with local community organizations (Lions Club, Rotary, Masons, Red Hat Society, Fairhaven Mother's Club, Police Brotherhood, and Fairhaven Fire Fighters) to ensure that all families could be supported during this challenging time of year.

The Family Center has served an essential role to families in its short existence. There is much potential for continued growth as the partnership and benefits to families continues to expand.

## **UNIFIED ATHLETICS**

The Fairhaven Public Schools is proud to be in its third year of offering a Unified Athletics pilot program for students. Unified teams compete locally against neighboring schools as well as within the district. Current sports offered include basketball and track and field. Each team is supervised by a highly qualified coach and students from our schools to support our athletes. We intend to make this a part of the ongoing athletic offerings within the Fairhaven Public School District.

It should be noted that Fairhaven High School was recently named one of just 12 schools in Massachusetts and just 167 nationwide to receive the prestigious designation of being named a National Unified Champion School by the Massachusetts Special Olympics.

## ESSER-FUNDED AFTER-SCHOOL PROGRAMS

The purpose of ESSER III funds is to support the safe reopening and sustaining of safe operations of schools while meeting students' academic, social, emotional, and mental health needs resulting from the COVID-19 pandemic. The Fairhaven Public School District is proud to offer a wide range of afterschool enrichment programs accessible to all students in grades K-12 at no cost to families. Programming is provided by highly-qualified educators within the district and through community partners, businesses, and non-profit organizations. Additionally, Fairhaven High School students Serve as volunteer assistants to support the building and fostering of strong relationships between our providers and our students. Many FHS students have volunteered in multiple programs. They have also helped develop programs that reflect highinterest programs for our students since its inception in January of 2022, over 1,000 students in grades K 12 have participated in this programming, including free transportation. Community Partnerships include the Lloyd Center, Buttonwood Park Zoo, the Milicent Library, Mad Science, Paint with Splash, and the Massachusetts Audubon Society. Other programs offered include Just Dance, Volleyball, Theater, Creative Writing, Book Club, Art Club, Yoga, Board Game Club, Sports & Games, Homework Club, Bucket Drumming, Circuit Club, Cribbage, The Incredibles, Zine, Unified Club, Cultural Clubs of America, History Club, and Dungeons and Dragons. The After-School Enrichment Program has been an enormous success.

We look forward to continuing our offerings to provide unique and engaging programming for all students at no cost.

## COLLEGE AND CAREER COORDINATOR

We hired our College and Career Coordinator to help expand offerings and streamline the college admissions process. Our district goals include supporting all students in exploring and identifying college and career pathways. Our district is working to provide students with meaningful access to programs and information to ensure they are well-educated on their options post-high school. Our district is working to offer training and resources for students, staff, and families to ensure equity and access to the college and career process/experience.

## DR. ROBERT N. BALDWIN TURF FIELD

Dedicated by the Fairhaven School Committee on Thanksgiving day 2022, Dr. Baldwin (A 1980 graduate of Fairhaven High School and Superintendent of Schools from 2005-2021) was recognized for his vision and determination to turn the Fairhaven High School Alumni Stadium into a reality.

Respectfully submitted, Tara M. Kohler Superintendent of Schools

## FINANCE COMMITTEE

After two years of Covid affected Town Meetings, the Finance Committee had dwindled down to just 6 members, with two Precincts having no representation. With the resumption of Precinct meetings in June of 2022, the Finance Committee added six new members, bringing the total to ten. This resulted in having at least one member from each precinct. So, while the prior members worked hard to navigate the past two years of Covid affected budgets, the new members will bring a new voice and perspective to town finances.

For the FY23 budget, the monetary recommendations of the Finance Committee and Select Board were aligned. For the first time in three years, the operating budget was balanced without the use of one-time money. As you may recall, we had to use free cash and stabilization money of \$428,273 two years ago and \$285,200 last year to balance the budget. But the FY2023 budget did not come without sacrifice. Not only was over \$800,000 in department requests cut, but we had to deplete the Reserve Fund to cover rising energy costs.

Taking a look at capital, we are continuing to run with the bare minimum of a 3% cash reserve, but were able to fund a number of capital projects this past year. One of the biggest was a \$2.3MM repair of the gables at the high school. The biggest project approved this past year was a \$50,000,000 upgrade to the sewer treatment plant.

FY24 is expected to be another challenging budget. We may need to make critical choices as we expect requests from the Police Department for a social worker, and the Fire Department for additional paramedics. There will likely be more discussions of a full fledged tree department, among other request we are not yet aware. The new Safety complex is unresolved and there is a lot more spending to do on the High School building.

The Finance Committee is ready to take on the challenge and will continue its due diligence to vet the budgets and articles to be presented to Town Meeting.

Respectively,

The Fairhaven Finance Committee

# DEPARTMENT OF FINE ARTS AND HISTORICAL ARCHIVES

This year the Department of Fine Arts with the expertise of Michael Dyer from the New Bedford Whaling Museum and Derek Frates from Fairhaven Public Television produced a video highlighting five of the town's historical paintings. The show will be aired on local cable access, channel 95.

The program showcases paintings by 1) William Bradford, Arctic Scene; 2) Charles Gifford, Coast of Ireland; 3) R. Swain Gifford, Salt Flats; 4) L.D. Eldred, Fairhaven Waterfront; and 5) Albert Bierstadt, a portrait of Martha Simon.

The town's art collection remains in excellent condition and is fully insured to reflect the ever-changing values.

For the future we plan to hold another "Kids Art Day" and hopefully, a painting event for adults. These events will be advertised on local access TV and the Fairhaven Neighborhood News.

To quote the famous American Artist Edward Hopper: "If you could say it in words there would be no reason to paint."

All the best, Mark Badwey, Art Curator Kelly Smith, Asst. Art Curator

# GREATER NEW BEDFORD REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL

Dr. Cynthia Marland, Chair, Dartmouth Kimberli Bettencourt, Vice-Chair, New Bedford Randall C. Durrigan, Fairhaven Wayne Oliveira, Fairhaven Rita M. Ribeiro, New Bedford Frederick J. Toomey, New Bedford Michael Shea, Dartmouth

The District School Committee sets policy and approves the budget for the school. The eight-member Committee includes four members from New Bedford and two each from Dartmouth and Fairhaven. A student serves as the ninth, non-voting member of the group. In May of 2022, the School Committee held its annual organizational meeting. Dr. Cynthia Marland, of Dartmouth was elected chair and Kimberli Bettencourt was elected vice-chair. Elijah Gonsalves has joined the School Committee as a student representative for the 2022-2023 school year. Elijah is a senior majoring in Information Support Services & Networking. Elijah lives in New Bedford.

## Overview of the School District

The Greater New Bedford Regional Vocational Technical School District (GNB Voc-Tech) mission is to provide education that is rigorous, relevant, and meaningful to each student in a safe and supportive environment; resulting in academic, career and technical excellence. This experience encourages lifelong learning, fosters mutual respect, and instills social responsibility, respect for diversity, and responsible citizenship. The district has a public, four-year vocational technical high school and a public post-secondary Institute offering open and selective enrollment programs. GNB Voc-Tech is one of the largest vocational-technical high schools in Massachusetts with over 2,100 students and enrolls more than 1,500 in Institute programs annually. The school's roots date back over a century, to the creation of the New Bedford Independent Industrial School in 1908.

## Overview of the High School

Greater New Bedford Regional Vocational Technical High School is a four-year career and vocational technical high school. The school provides career and technical education as well as academic instruction to students from New Bedford, Dartmouth and Fairhaven. With its roots dating back to 1908, it opened as a regional vocational technical high school in 1977. As of October 1, 2022, there were 2,094 students enrolled in grades 9-12. Of those, 1,586 lived in New Bedford, 340 lived in Dartmouth, and 168 lived in Fairhaven.

## Career Majors

GNB Voc-Tech offers more than two dozen career and technical education programs. During the past year, career majors included Architectural and Mechanical Design, Automotive Technology, Business Technology, Carpentry, Collision Repair Technology, Cosmetology, Culinary Arts, Dental Assisting, Diesel Service Technology, Early Childhood Education, Electrical Technology, Engineering & Robotics, HVAC, Information Support Services and Networking, Computer Information Technology, Legal and Protective Services, Machine Technology, Marine Service Technology, Media Technology, Medical Assisting, Nurse Assisting/Health Assisting,

Plumbing, Programming and Web Development, Stationary Engineering, Visual Design and Metal Fabrication and Joining.

## Greater New Bedford Vocational Technical Institute

The Greater New Bedford Vocational Technical Institute (GNBVTI) returned for the 2022-2023 school year with an increase in both programs and enrollment. A new program was launched in the Welding Shop in the Fall of 2022. We were awarded a Career Technical Initiative (CTI) grant for a 200-hour welding class which includes 10 hours of OSHA training. This program is benefitting 8 students who are either unemployed or underemployed. We have worked closely with MassHire for recruitment and vetting of qualified students who will receive training, and their retention in the field will be tracked by MassHire through their future employment.

Our Electrical program finished the 2021-2022 school year with over 150 apprentice and licensed electricians and began the Fall 2022 semester in the same fashion. We also successfully completed the mandatory 15-hour electrical renewal for 65 licensed and Tier 4 electricians. Our Plumbing program ended in the late Spring with 49 apprentice and licensed plumbers registered in Tiers 1 through 5 and Masters. They started up again in the Fall of 2022 with an enrollment of 35. Marine Technology completed the three-trimester year with a total of 8 students and again with the assistance of Mass Marine Trades Educational Trust, GNB-VTI was able to assist our students with obtaining scholarships in the amount of \$5,000. We again have a partnership with Yamaha that will allow students to obtain marine mechanic certifications. The 6-hour and 30-hour Steam Engineering and Industrial/Municipal Wastewater Training successfully completed the year with 24 students; additionally, 12 students have enrolled in the Fall of 2022 semester.

In our vocational trades, Welding completed 3 courses; Arc welding and 2 nights of MIG/TIG welding with a total of 85 students in our Fall, Winter and Spring trimesters. Basic Carpentry, Millwork, and Furniture Refinishing saw enrollments of approximately 30 students each trimester. Lastly, our enrichment courses saw enrollments of 10-12 students in both Conversational Portuguese and Canvas Painting.

## Highlights of the Year

We had an exciting year at Greater New Bedford Voc-Tech during 2022. Several facility upgrades were completed on the GNBVT campus during 2022 with many more planned for 2023. The school has a new welcome center to ensure that all visitors are met by school personnel before entering the facility. The new welcome center has received much praise from parents, students, visitors, and staff as the district continues to prioritize safety of all members of our school community. These additional security measures at the front of the school are complemented by video surveillance systems at the front and back gates of our school to monitor entrance and exit from our facility.

The Cosmetology shop was renovated in the summer of 2022 and presents a state-of-the-art educational salon facility to educate students in our program. GNBVT continues to pursue grant opportunities and prioritize earmarking local contributions to renovating chapter 74 learning spaces. These investments continue to prioritize student learning and many additional spaces will be renovated in the spring/summer of 2023. CTE programs in Culinary Arts, HVAC, Medical Assisting, and IT Services will see improvements in their classrooms when school reopens in September, 2023. Additionally, the Health Center will be updated utilizing federal ESSER III dollars to provide a state-of-the-art health facility for students.

Greater New Bedford Regional Vocational Technical High School continues to offer students a range of post-secondary opportunities with just over 70% of graduates choosing post-secondary educational institutions and the remainder entering the workforce or joining the military. Incoming enrollment at GNB Voc-Tech remains as strong as prior years. More than 1, 100 students applied for the Class of 2026 and as of December 31, 2022, more than 900 students have applied for the Class of 2027. While GNB Voc-Tech has consistently seen a large number of applicants each year, this hasn't prevented the district from modernizing its application process in an effort to improve. The district has adopted and implemented a partial lottery system for students and seeks to ensure a diversified student body that is reflective of our sending communities and preparing students for work in the region.

## District Budget & Assessment

The District's total budget for the fiscal year ending June 30, 2022 was \$44,681,746. Of this amount, the City of New Bedford was responsible for 76.6 %, the Town of Fairhaven was responsible for 8.2 %, and the Town of Dartmouth was responsible for 15.2 %. For fiscal year 2022, the district's total assessment to the three-member communities was \$13,827,362. This figure represented 31% of the total District budget. Each year, the school district works hard to keep its budget at the required net school spending level.

## **GRANTS FY 2022**

Title I	\$675,759
Title II	\$77,111
Title III	\$14,858
Title IV	\$43,830
Perkins	\$335,773
SPED IDEA	\$513,010
SPED 252	\$128,365
ESSER II	\$2,049,058
ESSER III	\$4,582,660
Equitable Access	\$160,000
Career Technical Initiative	\$60,000

## Facility Management

The Facility Management Department was able to oversee many projects to completion this past year.

On the exterior of our campus, another Athletic shed was built on the north end of our football field. A fully automated Church St. entrance was finalized and the garden area was created. We also prepared many offices for various staff members. They included Special Services, Main Office conference room, Human Resources, and the Principal's office. Engineering studies were completed for our Cosmetology Shop and Collision Shop areas.

A Field House Feasibility Study was completed as part of our capital improvement plan. These projects were completed with a TEAM of different people working together with a common goal. The goal of building and maintaining the best possible campus for our students. We rely on our Facility Management Dept., Shop Instructors and most importantly.... Our Students.

## Off Campus Construction

The Off Campus Construction team in the 2021-2022 school year was busy at work as much as possible in between Covid quarantining. During the COVID -19 pandemic we lost time due to teachers and students after Covid exposure having to stay at home. Despite the challenges the Off-Campus teachers and students did as many projects as possible.

The Off Campus crew continued its ongoing work at the Lloyd Center in Dartmouth. The Carpentry department built a pavilion that connected to the main building, constructed prior over the last few years. The Electrical department has completed the rough wiring and will be returning when the finished electrical is ready for installation. The HVAC department has been working on the heating system. The Plumbing department has been working on the rough plumbing and is also awaiting to return to install the finished plumbing.

The Electrical department continued the lighting of the Clasky Common Park for the City of New Bedford. Students learned how to use aerial lifts and were certified in the operation of the bucket truck lifts while installing the lights in the trees.

The Whitfield-Manjeiro Learning Center project in Fairhaven will include the Carpentry, Electrical, HVAC and Plumbing programs. The trades will install all new wiring, plumbing and gas, a heating system and install partitions in the existing structure and replace the current windows. The Electrical department installed rough wiring, the Carpentry department built some partitions and the Plumbing department started the rough plumbing. The project will continue in the fall. The Electrical department helped out the Fairhaven Fire Museum installing exterior fixtures and lighting.

The Electrical and Plumbing departments helped out the Boys and Girls Club of New Bedford. The Electrical department installed outlets for the new scoreboard. The Plumbing department repaired various plumbing fixtures in need of repair and the heating system.

The Carpentry department built a large l-shaped storage shed on the track for Greater New Bedford Voc-Tech's Athletics department to house various sports equipment. The students learned how to install metal channeled roofing in the building process. A type of roofing that is becoming more popular because of the roofing materials longevity. Carpentry also built and installed a storage shed for St. Lawrence Church in New Bedford.

The Plumbing department continued its winterization services of recreational facilities GNBVT has been involved with. Some of the winterizations include:

- Smith Mills Campground
- Bay State Girls Softball
- Dexter lane Baseball Fields
- Mary's Pond Road Baseball fields
- GNBRVTHS Press Box Snack Shack
- Winterize baseball sprinkler system
- Winterize planting bed in the front of the building
- Repair sprinkler head in the soccer field & baseball field

## School Enrollment

October 1st marks the date for a snapshot of statistics for official reporting of enrollment data to the state. As of October 1, 2022, there were 2,095 students enrolled in grades 9-12. There were 989 females, 1,104 males and 2 non-binary students. The enrollment by grade level is: grade 9 - 561, grade 10 - 564, grade 11 - 520, and grade 12 - 450.

The breakdown by city/town is: Dartmouth 328, Fairhaven 173, and New Bedford 1,594.

In the spring, grade 12 students participated in the annual Postgraduate Plans Survey. This survey is a DESE required survey as part of the Perkins grant and is a part of end-of-the-year SIMS reporting to the state. According to the survey, 56.1% of the students in the Class of 2022 planned to pursue a post-secondary education, 41.4% planned to enter the workforce, and 2.5% planned to enter the military.

## John & Abigail Adams Scholarship

The John and Abigail Adams Scholarship provides a tuition credit for up to eight semesters of undergraduate education at a Massachusetts state college or university. The scholarship covers tuition only; fees and room and board are not included. The scholarship must be used within six years of a student's high school graduation. Scholarship requirements for the class of 2022 included a minimum score of Advanced in one of the tested areas, English, Math, or Biology and a minimum score of Proficient on the other two tests. The student's combined scores from the three MCAS tests must also place them in the top 25% of students in the graduating class in their school district. Scholarship eligibility is based on each student's first attempt at taking the spring MCAS tests. In order to receive the scholarship, a student must be enrolled in a Massachusetts public high school in his or her senior year. The class of 2022 had 144 students qualify for the John & Abigail Adams Scholarship.

## Guidance, Health & Pupil Personnel Services

The objectives of the Office of Guidance, Health & Pupil Personnel Services are multifaceted. The department is composed of an extremely diverse staff who are trained in a variety of specialized areas. During the 2021-2022 school-year GNB Voc-Tech employed 8 Guidance Counselors, 4 School Adjustment Counselors, 4 Nurses, 1 Student Registrar and 2 Administrative Assistants. Each day, staff work to make a difference in the lives of GNB Voc-Tech youth. The services we provide are essential in assisting students successfully meet the challenges they may face. These specially trained, licensed staff are responsible for providing consultation and direct intervention to students and families in regards to academic, college and career readiness, behavioral, emotional, physical, medical and/or social issues. GNB Voc-Tech school counselors do an outstanding job of working with every student to assist in determining the right college or career path for them. In June of 2022, 94.7% of our seniors graduated from GNB Voc-Tech. These graduates left with endless opportunities and a solid plan for their future. It is through our rigorous academic and high-quality vocational technical educational opportunities that we prepare our students for the real-world challenges and expectations. Our students graduate from GNB Voc-Tech with a solid academic background, problem solving abilities, work ethic and employment skills that place our students in a prime position to immediately enter college or a career of their choice. For the incoming class of 2026, GNB Voc-Tech accepted 565 incoming 9th grade students. For the first time, 65 of those students were accepted via the lottery. These students come to us from the sending districts of Dartmouth, Fairhaven and New Bedford.

## Exploratory

During the first half of the year, freshmen will explore up to but not limited to fifteen (15) career/technical areas. Two areas are explored each cycle for three (3) days each and the cycles alternate every six (6) days between academics and career/technical exploration. The curriculum in each area is designed to acquaint the student with the type of work performed and the required skills needed to be successful. In addition, the exploratory process provides an opportunity for the student to evaluate his/her experiences, strengths, weaknesses, and interests, and enables students to be better prepared to make an informed decision about their permanent career/technical program.

As students explore each career/technical area, they are encouraged to work to the best of their ability. Evaluation points are based on daily performance, conduct, attendance, and effort. At the end of the exploratory period, the points are totaled and combined with an average of the first trimester academic grades. This point total determines a student's permanent program placement.

#### Attendance

GNB Voc-Tech Regional Vocational Technical High School has a very rigorous Attendance Policy that is outlined in the student handbook. The Attendance Department has made great strides since the implementation of a few new policies beginning in the 2016-2017 school year. The policy changes have held students accountable for their behavior by raising the expectations for students to be prepared, present and on time every day. In the 2018-2019 school year, the dismissal policy was revised to tighten up security within the building resulting in a safer learning and working environment for both students and staff. Our Truancy Prevention Team has been successful in assessing our most at-risk students and reducing chronic absenteeism by providing resources needed to problem solve. These changes in school policies are reflected positively in our weekly percentage results. The District works hard to make sure our students are present and in school every day. Currently, our daily attendance rate is 97+ and this is also our target daily attendance rate for the district. All these changes have contributed to maintaining a positive school culture. This 2021-2022 SY, GNB Voc-Tech continues to report a 97+ attendance rate, and is working on reducing the dropout rate leading to an overall increase in the graduation rate of 90.1 %. In the 2021-2022 SY, all students have returned to serve tardy/detention in a centralized location. As a result, there has been a decrease in the overall number of students reporting into school tardy without a valid excuse. Due to the new Dismissal Policy the volume of daily dismissals has decreased and reinforced the need for parents/guardians to keep Emergency 10A forms updated. This policy has worked out well sending a message to parents/guardians that a student cannot be released to a person not listed on the 10A emergency form or to anyone that does not produce valid photo identification. Also, the new opportunity of a Community Service Project for senior students that need to complete time-owed to meet the graduation requirement has been met with success. In addition, the implementation of a new and updated web page for students and their parents to find accurate information regarding our school policies has been well received.

## Cooperative Education & Placement

During the 2021-2022 school year, 156 students from the senior class and 36 students from the junior class participated in the Cooperative Education Program (Co-op). Many of these students will stay with the companies which they are currently on Co-op with after graduation in either a full or part-time capacity. Many more students than the prior year. Participation could have been even greater if more students had met the requirements of maintaining a 70 average in their classes and having met the attendance requirements.

The 192 Cooperative Education students that did participate in Co-op had total earnings for all students combined of approximately \$779,000.

We are grateful to our cooperative partnership employers listed below:

A. Vieira and Son Construction, Alden Court Nursing Care & Rehabilitation Center, Alpha Dental, Araujo Bros. Plumbing & Heating and Mechanical, Autocam Medical, Autumn Glen, Bass Reddy Rooter, Cape Cod Cupola, Ltd., Check Collision-Toyota of Dartmouth, Children's Academy of Marion, City of New Bedford DPI, Coastal Dental LLC., Colonial South Chevy, Couto Construction, Dartmouth Dermatology, Days of Discovery, DC Plumbing, Demers Construction Company, Dental Dreams, Dr. Alves Chiropractic, Dr. Fraone, Dr. Magalhaes,

Dr. Veale, Emond Plumbing & Heating, F.W. Webb, Fairhaven Shipyard, Frank I. Rounds, Glynn Electric Group LLC, Greater New Bedford Community Dental Center, Greater New Bedford Community Health Center, Hawthorn Medical, Kids Ink INC., Little Explorers Child Care Center, MAK Electric, Mechanical Systems & Welding Inc., New England Custom Woodworking Inc., New England Dental Specialists LLC., OmniDentix, Orthodontic Specialists New Bedford, Plumbers Supply, Proline Plumbing & Heating, SAE Electric, Signa Dental Care, Smiley Dental, Southcoast Oral Surgery Associates, Southcoast Physician Group Neurology, Sparky's Collision, Steward Medical (HMA) Family Practice, Taylor Heating & Air Conditioning, The Baker New Bedford, Tony's Auto, Toyota of Dartmouth, Triangle Refrigeration, Walgreens, and Whalers Cove Assisted Living. Any employers not listed above our sincere gratitude for your partnership with our school.

#### Placement

Placement is unpaid work-based learning in the students' career field of study. While Co-Op students get paid for their work. Co-op functions as both an apprenticeship and also a job in their Career field. The purpose of placement is to gain knowledge and experience about their career. Students generally are rotated through various placement sites to explore different areas within their career field. Often students learning at the placement site are hired as Co-op employees.

## Articulation Agreements

Under the CVTE program, post-secondary institutions grant credits for certain courses at GNB Voc-Tech High School which they deem the equivalent of courses offered at the post-secondary institution. These are called Articulation Agreements. Many colleges and technical schools have Articulation Agreements with GNB Voc-Tech. Students must maintain an average of a B grade or better and meet any other program specific criteria, depending on the college or technical school, to be eligible for these credits.

## **Dual Enrollment**

Eligible high school students may enroll in Bristol Community College, UMASS Dartmouth or MASS Maritime courses to earn college credit while in high school. This statewide program grants college credit for Dual Enrollment students attending any Massachusetts State school and can save time and money on a college degree.

## Skills USA

SkillsUSA is a partnership of students, teachers, and industry working together to ensure America has a skilled workforce. SkillsUSA provides educational programs, events and competitions that support career and technical education (CTE) in the nation's classrooms, helping each student excel. SkillsUSA sponsors the SkillsUSA Championships annually to recognize the achievements of vocational and technical students and to encourage them to strive for excellence, having pride in their chosen occupations.

January 2022 - March 2022 - SkillsUSA Competitors Professional Development - Students participate in learning the required skills for the Professional Development portion of the competitions.

February 2022 - SAiL Conference - This conference focuses on our seniors who will graduate with seemingly limitless opportunities for quality employment largely due to the drastic skills gap in today's workforce. The training content included: Resume Roundtable, College: The Plan B, Career: Options & Opportunities, Productive & Promotable, SkillsUSA style & Navigating Networking. The one-day conference was attended by 12 seniors and 4 advisors. All enjoyed the overall experience and all of the students received graduation stoles & certificates.

March 2021 - District 1 Competition & MRE Challenge- Greater New Bedford Voc Tech participated in the District Competition for District I schools. With the support of the School Committee and administration the students were able to compete in an on-line testing format. This year, 110 students competed in the online format. We had a total of 39 medalists and qualifiers from GNBVT. The students were awarded 12 first-place, 10 second-place medals and 13 third-place medals, two state officer candidates and two qualifiers in Marine Service Technology. A team of 3 along with their advisor also competed in the annual MRE Challenge which allows culinary students the ability to utilize and be creative with Military issue MREs.

April 2021 - May 2021 - State Competition - The SkillsUSA State competition which normally takes place in Marlborough, Massachusetts as a three-day event was altered this year due to the pandemic. This year's event took place over a 2-day period cumulating in an award ceremony with no overnights involved. Students pre-submitted items online, and participated in-person for the leadership and technical competitions. A total of 45 students competed in the technical and leadership competitions. We had 4 gold, 14 silver, and 3 bronze medalists. Jordan Melo was voted into the 2022-2023 Student Executive Board.

June 2022 - Mini Golf Tournament Celebration & National Competition - Students and advisors meet to celebrate the accomplishments of this SkillsUSA year at a local miniature golf venue. Fun was had by all. This year, the competition was in person in Atlanta, Georgia. We had three gold medalists qualify to participate over a 6-day period in June. To be eligible, the students needed to earn a gold medal at the Massachusetts SkillsUSA State Conference in April. Our State Officer Elect and 2 of our students participated as National Voting Delegates. We had one student earn a national silver medal in Early Childcare, and one medical student placed 5th in Medical Assisting.

July 2022 - State Officer Elect Summer Training - Our State Officer Elect, Jordan, participated in the one-week training session in Marlborough, Massachusetts that culminated in the Virtual Installation ceremony. He was elected State Region Vice President.

September 2022 - SkillsUSA Member Recruitment - Our State Region Vice President and a Chapter Office and advisors spoke at the Class Orientation meetings to bring awareness to the organization.

October 2022 - Chapter Officer Retreat & 100% Participation - Our chapter officers for 2022-2023, who were voted in this year, participated in a one-day retreat. The retreat consisted of in-person leadership and team-building activities, culminating in the Induction Ceremony. Our school is now a 100% participation school, which enables the school to be represented by more competitors and voting delegates.

November 2022 - Fall Leadership Conference - The Fall Leadership Conference is an intense leadership and employability skills training for both students and teachers, that includes a community service project at the MetroWest YMCA. This year, a group of 12 junior, and sophomore students from various career & technical areas attended the 2-day in-person event in Marlborough along with three advisor/chaperones.

December 2021 - Local Competitions - During the month of December, the career & technical areas hold 70 local competitions to assess the students in their abilities. The top four students are then able to represent themselves, their career & technical area and their school at the District Competition in March of 2022, along with the students participating in the leadership competitions that go directly to the state level, who also compete during this month to represent the school.

## National Honor Society

The National Honor Society is the nation's premier organization established to recognize outstanding high school students. The Society serves to honor those students who have demonstrated excellence in the areas of scholarship, leadership, service, and character. Students are eligible for induction based upon a weighted GPA of 3.6 or higher, 95% attendance, no conduct, and service through participation in school activities and volunteerism.

## **ATHLETICS**

During the calendar year 2022, GNB Voc-Tech High School saw a record number of students participating in athletics. Along with the large participation came many highlights:

## WINTER SPORTS

Basketball - Senior Kaitlyn Duarte was named SCC All-Star for her efforts during the Bears 1-19 season. Despite the struggles, the program will look to use this season as a learning experience and build for a more competitive season in 2023. Our boys' basketball team returned to the MIAA Tournament for the first time since the 2017 season. They were able to defeat Monty Tech in the first round of the tournament for the programs first postseason victory since the 2001 season.

Track - Our boys and girls track team had a competitive season. Ethan Fagundes & Daniel Ward were Conference Champions in the 55M & 1000M respectively.

Hockey - Our Ice Hockey team was extremely young and graduated only one senior. Junior Brandon Borges was named to the South Coast Conference All-Star for his efforts.

## FALL SPORTS

Football - Our football team battled through an extremely difficult schedule to a 4-7 record. The Bears followed up their MVADA Superbowl appearance with another trip to the tournament. Coach Cruz will be looking to build off of the season and make a run at a Vocational Superbowl next season.

Boys Soccer - Our boys soccer team had another extremely successful season under Head Coach Henry Almeida. The Bears regained the South Coast Conference Championship and MVADA State Vocational Championship. The Bears advanced to the MIAA Division 3 Sweet 16. The team will graduate the vast majority of the varsity roster and will be looking for new leaders to step in next season.

Girls Soccer - Our girls soccer team finished the season 3-14-3 in a very competitive SCC. Senior Nattlie Mattos was named SCC All-Star. The team was extremely young and will look for a strong off season in hopes to become a top of the conference program.

Cross Country - Our Cross-Country program ended the 2022 with over 30 students. Coach Southerland and Coach Shimala have done a great job building the program to its highest participation number in many years. Daniel Ward was named to the SCC All-Star Team and finished 8th at the Conference Meet.

Girls Volleyball - Our girls volleyball team won another MVADA State Vocational Championship. Senior All-Stars Lily Misay & Moriah Baptista led the team to a MIAA Tournament win over Triton before they fell to Ashland.

Golf - Marcio Santiago was named new Head Golf Coach before the 2022 season. The Bears had no seniors and look to build off of their experiences this season to hopefully challenge for a Conference Championship in the near future.

## SPRING SPORTS

Boys Lacrosse - Our boys lacrosse team improved to 5 wins during the 2022 season. Leading goal scorer Kaiden Pequita was named SCC All-Star for his junior season. The team will look to make a run at the programs first MIAA State Tournament appearance during the 2023 season.

Girls Lacrosse - For the first team in program history someone other than Sarah Hartley led our girl's lacrosse program into a game. Adeline Bellesheim was named Head Coach and despite the learning curve was able to lead our Girls to a 5-win season. Senior Alannah Paiva led a very young team and was named SCC All-Star.

Baseball - Our Baseball Team narrowly missed out on the MIAA State Tournament in what would turn out to be the last season for Coach Kurt Dreher. Coach Dreher will be leaving the program to take a Head Coaching position at the college level. Longtime Assistant Coach Matthew Semiao will lead the Bears into the 2023 season.

Softball - Our Softball Team lived up to all of the hype and expectations and was able to capture the programs second MIAA State Championship with a heart pounding 7-5 win over Middleboro in the Division 3 State Final. Seniors Madison Medeiros, Lena Tsonis & Kylee Caetano were named SCC All-Star. Kylee was voted League MVP by the SCC Coaches.

Boys Volleyball - The boys volleyball team were Co-Champions in the South Alliance. Senior Captain Ethan Fagundes was named South Alliance MVP. Curran Farnworth, Ethan Nunez and Alberto Gomes were league All-Stars and led the team to the MIAA D2 Final Four before falling to eventual State Champions Westfield.

Spring Track - Our track program showed much promise during the spring season. Diana Jesus, Miya Barbosa, Hugo Pires & Daniel Ward were all Conference Champions. With the majority of the team returning the Bears can make some noise at the State Level in 2023. Voc-Tech Theatre Company

After the devastation we all experienced during our 2020-2021 season due to COVID-19, The Voc-Tech Theatre Company is back in full swing. This fall we have our performance of Clue based on the 1985 movie and classic Hasbro board game. The play follows a group of characters brought together for a dinner party at a remote mansion. The play is full of murder and mystery.

In the spring, the VTTC will be dancing and singing their hearts out in the musical, 9 to 5, with music from famous country queen, Dolly Parton.

Credit for the theater company's productions goes to Artistic Director Marianne Morrissey who works tirelessly throughout the year managing all aspects of these productions in order to promote and to sustain the VTTC as a creative outlet for our students. Mrs. Morrissey is absolutely delighted to have the keen assistance of her English Department colleague, Mrs. Kendra Arruda, this year.

## Closing Remarks

Our annual report summarizes the great work being done each and every day by students, staff, administrators, and members of our school community. The goal for educational institutions is to lift opportunities for all students – and Greater New Bedford Voc-Tech works diligently each day

to provide students with a strong public education that teaches lifelong skills needed to enter the workforce and find success upon graduation.

We will continue to be great stewards of public trust and treasure as we charge forward to fund programs that lead to prosperous outcomes for our students and communities. The COVID-19 pandemic has certainly challenged many aspects of our lives, but our school community has navigated through these challenges and promises to continue reflecting and adjusting to new norms as we work to build a successful, sustainable vocational technical educational model for our region and sending districts.

Respectfully submitted,

Michael P. Watson Superintendent-Director

## **BOARD OF HEALTH**

In 2022 the Board of Health welcomed a new Board Member Heidi Hacking and thanked former member Peter DeTerra for his years of dedicated service.

The Board of Health continued to perform routine and complaint-based inspections for Code compliance in relation to Food Service Establishments, Housing, Title 5 and septic systems, marinas, rodent and vermin complaints as well as general nuisance complaints. During the summer season, the Board of Health testing the bathing beach water samples weekly. The water quality was generally very good for the entire season with no beach closures. Additionally, the Board of Health tracked West Nile Virus, Eastern Equine Encephalitis and Lyme disease.

This year, much of the efforts of the Board of Health were focused on the COVID-19 pandemic. The Health Office educated the residents and local businesses on the COVID-19 virus, Community safety precautions and regulations related to the Executive Office of Health and Human Services and the Department of Public Health as well as the Center for Disease Control and how these regulations affect workplace safety standards. The Health Office kept the Town's residents up-to-date on case counts, vaccination data and contact tracing efforts with our partners at Community Nurse Home Care. The Health Office also received grant funding from the Massachusetts Association of Health Boards to help offset the additional costs of these efforts related to the pandemic. Additionally, the Health Office partnered with New Bedford and Acushnet to create the Greater New Bedford Public Health Alliance. The GNBPHA has received grants from the State for many thousands of COVID-19 test kits and other Public Health programs and items.

The following permits were issued in the year 2022:

Food Establishments	115	Funeral Directors	12
Percolation Tests	16	Marinas	6
Septic System Installations	14	Demolition/Rodents	8
Septic System Inspections	28	Catering	8
Septic System Installers	20	Frozen Desserts	4
Animals	40	Motels/Inns	4
Mobile Food	3	Public & Semi-Public Pools	2
Tobacco Sales	9	Bakery	1
Offal Haulers	10	Tanning Salons	1
Private Swimming Pools	21	Residential Kitchens	1

Respectfully Submitted,

Kevin Gallagher, Board Chair Heidi Hacking, Board Vice-Chair Michael Ristuccia, Clerk David D. Flaherty Jr., Health Agent Thomas Hemingway, Health Inspector Jessica Dossantos, Administrative Assistant

## HISTORICAL COMMISSION

The Fairhaven Historical Commission continued to fulfill its duties in the year 2022 by overseeing and maintaining the Town's historical properties.

The Fairhaven Academy Building at 141 Main Street, on the West lawn of the high school property, also houses the Office of Tourism and a museum operated by the Fairhaven Historical Society. The ADA entrance and ramp was finally completed and is in use. The project broke ground in February of 2021 and was funded under a grant through (CPC) Community Preservation funds. General property maintenance continues on this building with future plans to rehabilitate and restore the front entrance by adding one single door has it originally had.

The Spring Street Firehouse continues to be a work in progress with volunteers from the Fairhaven Protecting Society assisting with ongoing renovations which included interior painting by the Bristol County Sheriff's Office. The exterior trim was painted and new shutters and signage were added to the front exposure. Both the Spring Street Firehouse and the Washington Street Firehouse house our town's antique fire apparatus. The Washington Street Firehouse near the intersection of Washington & Main Streets also served as the town's first jail.

The Old Stone Schoolhouse on North Street received a full restoration of the exterior including new wooden gutters, painting of the masonry walls and trim, shutters and front door. In the Spring additional landscaping will be completed along with a natural ramp leading to the front door to make the building more ADA friendly.

Fort Phoenix continues to be one of Fairhaven's most treasured landmarks. Work is continuous to keep this spot in good condition and to keep up with landscaping, masonry white wash painting and masonry and stone work repairs.

The Commission took steps to begin the process of adding decorative street lamps around the Town Hall block. An antique gas lamp style has been selected and work will begin on the underground conduit, foundations and wiring in the early spring of 2023.

Vicki Oliveira resigned from the Historical Commission. We thank her for her dedication and the years of service that she provided to the Town and the Commission.

Respectfully submitted,
Wayne Oliveira – Chairman
Gary Lavalette – Vice Chairman
Gail Isaksen
John Medeiros
Maria Carvalho
David Braga
Natalie Mello
Michael Kelly

Keith Silvia – Selectmen Liaison

## HOUSING AUTHORITY

The Board of Commissioners of the Fairhaven Housing Authority for 2022 was:

Chairman – Carol Alfonso	180 Adams St.	Term Expires 4/2023
Vice Chairman – Ronnie Manzone	28 Brook Dr.	Term Expires 4/2025
Treasurer - Gary Souza	14 Blossom St.	Term Expires 3/2027
Commissioner Anne Silveira	621 Dana Farms	Term Expires 4/2024
Commissioner Tim Francis (State/Gov. Appointee)	25 Rivard St.	Term Expires 4/2027

It was with shocking sadness that the Authority lost Jean Rousseau in January of 2022. Jean had worked at and retired from the Authority. He was a great employee: responsible, reliable and very knowledgeable about buildings, grounds and the people. It was extremely difficult to replace him. Jean, however, wanted to continue to be a part of the Authority and much to our good fortune decided he wanted to serve on the Board of Commissioners. Jean became the Governor's /State appointee to the Board and what a fabulous addition he was. He would attend every meeting fully prepared to share his wisdom, experience and fair gentle nature. He became Chair of the Board and continued to bring his knowledge and expertise to each and every meeting. His passing in January was a profound loss for us and we continue to miss him and speak fondly of the days he spent with us as an employee, on the Board and as our friend. The Authority continues to feel the depths of the void created by his untimely passing.

The Fairhaven Housing Authority holds its regular meeting on the third Thursday of the month at 2:00 p.m. The Election of Officers is conducted at the Authority's annual meeting in May.

We have been hosting events and presentations for our tenants and they are pleased to have some social and educational activities being offered such as bingo games, arts & crafts classes, a health fair, an antique car show & BBQ, ice cream truck visits with entertainment, a Halloween party, free delivered Thanksgiving dinners and holiday parties/brunches at each site. It was good to see folks participating and socializing. Four different raffles were organized/offered by our Resident Service Coordinators. They compiled a vast array of substantial and lovely "raffle" gifts for the raffles/holidays. Everyone who chose to participate in the raffle did manage to receive a prize. Some of those raffle gifts included computer tablets and a variety of gift cards to Dunkin Donuts, CVS, Market Basket, etc. Giving tree donations were gifted to many tenants from St. Mary's parish through the good work and generosity of their parish and parish council for the holidays as well. The Authority is continuing to host Covid vaccination/booster clinics as well as flu clinics in partnership with Stop & Shop Pharmacy of Fairhaven

The office staff consists of four full time employees. The Executive Director, Krisanne Sheedy, Tenant Selection Specialist/Admin Ass't. Marianne Moore, Accounting & Admin Ass't. Kim Marie McArdell, full time Resident Service Coordinator, Kendra Rebello, and part time Resident Service Coordinator, Diane Rocha. Our maintenance crew consists of four full time employees: Tom Caron, Scott Leonard, Rebecca Seed and Austin Machado. In June of this year Executive Director K. Sheedy submitted her letter of intent to retire in December of 2022 after 14 years of running the Authority. Two Executive Director searches were conducted and following negotiations that took place on December 15th, the Board came to terms with Janet Falone will be starting on January 17, 2023 as the new Executive Director.

The Authority continues to be fortunate to have a conscientious professional staff keeping everything maintained, managed and properly administered. They assist the tenants, help keep them safe and comfortably housed and enable the Authority to deliver exemplary goods and

services.

Presently, the Fairhaven Housing Authority is administering two-hundred- seventy eight (278) one bedroom units of elderly, disabled and handicap housing and six (6) units of family/ handicap housing.

## The FHA Developments are:

667-1	Green Meadows	40 Units	Completed in 1966
1-42	McGann Terrace		
667-2	Green Meadows	52 Units	Completed in 1971
100	McGann Terrace		
667-3	Oxford Terrace	107 Units	Completed in 1976
275	Main Street		
667-4	Dana Court	55 Units	Completed in 1982
	180 Adams Street		
667-5	Anthony Haven	24 Units	Completed in 1989
227	Main Street		
705-1	Family Housing	6 Units	Completed in 1989
32-42	Ash Street		

During the past year, we had 18 vacancies at our elderly/ handicapped/ disabled housing and none at our family housing. Vacant units at Oxford Terrace are currently being taken off line and held vacant to be used as "hotel" units during the upcoming modernization/renovation.

The completed design of the major renovation for Oxford Terrace (circa 1976) went out to bid in the spring of this year and the construction contract was awarded to Vareika Construction. After considerable planning, decision making, ordering, scheduling and re-locating /vacating a wing of tenants, construction started at the end of August. The completion of one wing will hopefully happen just after the first of 2023. The work in the first wing brought to light a variety of previously undetermined, undetected or unplanned small to large issues and changes as well as ordering/delivery delays. A lot was discussed and changed that elongated the expected completion. Everything that has been discovered, altered or changed will now be incorporated into the work plans/design for the remaining wings to be done (three and ½ wings). So the work should proceed in a more timely fashion but the entire project is not expected to be completed for approximately 12-18 months. The tenants have been well accommodated and informed and are working closely with the relocation company hired specifically for that purpose. All packing (including packing supplies) and moving are taken care of by the relocation company at no charge to the tenant. The relocation company (HOU) is also being sure that the continuation of all services follows the relocated tenant (temporary or permanent). A few tenants decided to permanently move to another building (their choice), most temporarily transferred to a "hotel" unit within Oxford Terrace. It has been challenging but rewarding to see the upgraded units. The Authority completed two other modernization (MOD) projects this year as well, a comprehensive Fire Alarm upgrade at #1-42 McGann Terrace at Green Meadows and the parking lot at Anthony Haven was refurbished. Spaces were added and improvements made, including new lighting to the lot at the rear of Anthony Haven off of North St.

Eligibility requirements for our elderly, disabled and handicapped housing are a minimum age of 60, except for disabled / handicapped applicants. The size of the household determines the income limits. The revised income limits issued in March of 2019 for a one (1) person household is \$39,300 and for a two (2) person household is \$44,900. There is no limit on assets, interest earned

on an asset is considered income and included as such when considering the overall income limit. Our Family Housing consists of three (3) duplexes, where there are five (5) three bedroom units and one (1) two bedroom wheel chair accessible handicap unit. The size of the household would determine the number of bedrooms and the income limits. The maximum income for a two (2) person household is \$44,900, for three (3) \$50,500, for four (4) \$56,100, for five (5) \$60,600 and six (6) \$65,100. The same asset guideline as stated above applies.

The Fairhaven Housing Authority is regulated by and receives limited annual modernization funding from the Commonwealth of Massachusetts Department of Housing and Community Development (DHCD). The Authority does not receive any funding through the budget of the Town of Fairhaven. The Authority is fortunate in its ability to be essentially self-sufficient and non-subsidized.

The Fairhaven Housing Authority wishes to thank the Fairhaven Police and Fire Departments. They continue to do so much for the Authority and the tenants, we are indebted to them as they regularly come to the aid of both the tenants and the Authority. The Council on Aging works closely with us and has also been a tremendous ally. We thank all of the Town Departments, Boards and Committees and know our continued successes are due to the established rapport and working relationships we have with the DPW, Water /Sewer Dept. Veteran's Agent, Town Clerk, Board of Health, Town Planner, Community Preservation Committee and the Town Administrator as well as many others.

The Fairhaven Board of Selectmen continues to align with the Authority and further our mission to provide affordable public housing for seniors, the handicapped/disabled and low income families and we thank them for their consistent support.

A special thank you is being extended to Selectman Espindola for submitting a grant application to the Broadband Grant Initiative as offered by the Commonwealth on behalf of the Authority. The grant was awarded and is in design/administration to hopefully provide free or very low cost WiFi for the tenants at some or possibly all of our developments. This will be a tremendous benefit for the seniors /families to expand or enable connectivity, empower communication with family and friends through available platforms (lack of during the pandemic became painfully obvious), use the internet and take advantage of all the benefits low cost or free WiFi can bring to those who may struggle with affording devices and WIFI.

The Fairhaven Housing Authority is proud to provide the well preserved public /affordable housing asset that meets a very real need and we are very appreciative of the great working relationship we enjoy with the Town.

Respectfully submitted,

Carol Alfonso Chairman Fairhaven Housing Authority

## **HUMAN RESOURCES**

The Human Resources Department is responsible for personnel administration for the Town's general government, including personnel policies, collective bargaining agreements, health insurance benefits, worker's compensation, unemployment, Employee Assistance Program, training and Police/Fire Injured on Duty. The Human Resources Department also plays a vital role in the creation and oversight of wellness initiatives.

On behalf of the Human Resources Department we would like to wish long and happy retirements to all those who retired in 2022, Anne Silvia, Melody Perry, John Charbonneau, Cynthia Vandenburgh, Loreen Pina, Douglas Silveira, and also in Memory of Richard Pinard. We also want to wish long, successful careers to those who joined us in 2022, Angie Lopes Ellison (Town Administrator), Cameron Durant (Human Resources Director), Marth Reed (Council on Aging Director), Kelley Petersen( Rec. Center Director), Joshua Crabb (Highway Superintendent), Daniel Lane (Assessor), Suzanne Viera (Building Department Administrative Assistant), Hailey Cabral (Sewer Department Principal Clerk), Takira Faucher (Treasurer's Office, Principal Clerk).

In 2022 the new Human Resources Director, Cameron Durant who filled the position left vacant for 18 months is in the process of rewriting the Town's Employee Handbook.

The Human Resources Department continued to enrich the benefits offered to full time employees. We were able to have our Annual Health Benefits Fair in person. We have also restarted the Wellness Committee and have also reformulated the IAC (Insurance Advisory Committee) to bring new ideas to improve our Health Benefits.

Most importantly in 2022 Human Resources partnered with various departments to settle the Highway, Water, Clerical & Dispatch contracts with the remaining units to be approved at the 2023 Annual Town meeting.

In November of 2022, we had our first all hands Professional Day which included supervisor training, anti-bullying training, diversity, equity & Inclusion training.

We also underwent a non-union & Clerical Classification Study which will be analyzed and implemented in 2023.

Respectfully submitted,

Cameron Durant, Human Resources Director Susan Roderiques, Benefits Coordinator

## LAGOA FRIENDSHIP PACT COMMITTEE

Members of the Lagoa Friendship Pact Committee have much to celebrate in 2022! We welcomed Cristina Calista, Mayor of the City of Lagoa, to the Town of Fairhaven. Ms. Calista presented our community with prized collections to commemorate our sister city connection. It was a historic event where the highest executive branches in municipal government - Select Board Chair, Town Administrator, and Mayor of the City of Lagoa - are all women, a first in our community's history! After this visit, we held a successful exhibition showcasing photographs of the people of Lagoa and their region in the Town Hall lobby to celebrate the 500th anniversary of our sister city's founding. The committee thanks Portugalia Marketplace for allowing us to display their exquisite Portuguese pottery during the event, the Azorean Culture Society for their folkloric performance, Neighborhood News and Fairhaven TV for televising the exhibition, our State Representative Bill Straus, Select Board Chair Stasia Powers and members, Town Administrator Angie Lopes Ellison, and Lady of Angels President John Barbosa for sharing their remarks, and the people of Fairhaven for attending. The board is excited to create more community, civic, cultural, and educational events that expand our partnership with the Municipality of Lagoa, Portugal, under the new leadership of Chair Maria J. Carvalho.

Sincerely, Kyle Bueno, Chair Maria J Carvalho, Vice-Chair

# MARINE RESOURCE DEPARTMENT HARBORMASTER/ SHELLFISH

The department of marine resources had quite the busy year in 2022. From conducting routine patrols, responding to emergencies, investigating the release of oil and other substances in the harbor, in addition to the shellfish patrol, and the propagation of shellfish.

The Marine Resources department under the Harbormaster, Shellfish Wardens direction, continues to enforce the rules and regulations regarding shellfish and safe boating practices. The department has logged hundreds of man hours on patrol to ensure proper operation of vessels, personal watercraft and safety inspections. High speed and unsafe boating operations, especially near beaches, were targeted on patrols. Working with the Fire and Police Department as well as our neighboring communities was crucial to assure our efforts to catch and prosecute the violators.

We would like to remind the residents that all vessels must be properly registered with the commonwealth of Massachusetts. In addition, we recommend that kayakers label the water crafts with the owner's name and phone number. This allows us to make the necessary contact to the vessel's owner during emergencies.

Pump out services continued during the boating season. We pumped out an estimated total of 19,414 gallons of waste from Fairhaven boaters. Because of this service provided, the boaters in Fairhaven waters have contributed to Buzzards Bay becoming a much cleaner body of water.

On the shellfish side of the department it was also a very busy season. We planted 600 bushels of quahogs in Round Cove, which will be opening in the beginning of May.

## 2022 Permits:

Residents 312
Seniors 137
Non-residents 47
Commercial 8
Veterans 32
Dredge boats 1

The marine resource department was very successful in securing three grants for Union Wharf. The first one was for \$500,000 dollars for general repairs of the wharf. The second and third grants, each for the north side of the wharf totaled \$2 million dollars. The Marine Resource department did secure a fourth grant for \$200,000 dollars. This grant is for the engineering and permitting for the dredging of West Island.

In closing, I would like to thank my Administrative Assistant and Deputies for stepping up to the plate and helping with all my duties in the past year. The department looks forward to the upcoming years working together with all Town departments and neighboring towns in the boating community to ensure that our waterways stay safe and enjoyable for everyone.

Respectfully, Captain Timothy Cox Harbormaster/Shellfish-Warden

# MATTAPOISETT RIVER VALLEY WATER SUPPLY PROTECTION ADVISORY COMMITTEE

The Mattapoisett River Valley Water District (District) was formed in 2004 to construct and operate the six million gallon per day (mgd) Mattapoisett River Valley Water Treatment Facility (MRVWTF). The District is comprised of the Towns of Fairhaven, Marion, Mattapoisett, and Rochester. The treatment facility, located in Mattapoisett, began operations in 2008.

The MRVWTF treats raw water from eight municipal water supply wells owned and operated by the District Towns. The sources include three Mattapoisett wells, one Marion well, and four Fairhaven wells, which are located in Mattapoisett and Rochester. Treatment at the facility includes oxidation with ozone followed by membrane ultra-filtration with Koch membrane filters for the removal of iron and manganese. The finished water is treated to adjust the pH for corrosion control.

The year 2022 represented the fifteenth year of operation of the MRVWTF. The plant processed 616 million gallons of water (finished water) during the 2022 calendar year. The FY23 operating budget for the plant is \$2,433,400, which represents a decrease of approximately 9.8% over FY22. The major expenses include power, labor, and chemicals to maintain and operate the MRVWTF, and equipment replacement identified in the Capital Improvement Plan. The District continues to benefit from the solar power Net Metering agreement with Greenbacker Renewable Energy Corporation (formerly ECA Solar, LLC). The District is able to offset electrical costs through this program. The District does not pay any capital or operating costs for the power generation at the facilities, which are located on commercial buildings in Walpole, MA. In June 2022, the District solicited and received bids for FY23 supply of chemicals and propane at the MRVWTF.

The MRVWTF operated well, however, various equipment required maintenance or replacement during the calendar year. The scroll compressors located in the lower level and compressor in the loft required various maintenance throughout the year. Operators replaced several actuator valves on the ultrafiltration stages throughout the year. Other equipment requiring maintenance included pH meters, chlorine pumps, dehumidifier, air conditioner, and ozone analyzers. Standard maintenance was conducted on the generator and variable frequency drives (VFD). A low lift pump VFD was replaced. In February, Fairhaven High Lift Pump No. 1 was replaced. Lighting throughout the plant was replaced with LED fixtures.

In July 2022, the District completed a preliminary design report for replacement of the ultrafiltration system, addition of ultraviolet disinfection system, and Supervisory Control and Data Acquisition (SCADA) System upgrades at the MRVWTF. The design phase for the water treatment plant upgrades project began in Fall 2022 and is expected to be complete in Spring 2023 followed by bidding and construction phases into 2024 contingent upon availability of equipment and materials.

Quarterly meetings, including representatives from Fairhaven, Marion, and Mattapoisett, continued in 2022 to discuss raw water pumping totals from the various water supply sources and additional costs incurred by Fairhaven and Marion due to accepting more finished water from the MRVWTF than raw water pumped from its water supply sources that feed the MRVWTF. Discussions during these meetings also included possible ways to offset the additional costs incurred by Fairhaven and Marion.

In October 2022, Anne Carreiro (Town of Fairhaven) was hired by the District as the bookkeeper. She will also attend the District Commission monthly meetings.

In 2022, Nathaniel Munafo (Town of Marion) resigned from the District Commission. The District Commission thanks Mr. Munafo for his valuable contributions to the District.

Respectfully submitted, Mattapoisett River Valley Water District Commission

Town of Fairhaven Vincent Furtado, Chairman Jeffrey Furtado Wendy Graves, Treasurer

Town of Marion Meghan Davis, Clerk Randy Parker

Town of Rochester Rick Charon Sandy Keese Merilee Kelly

Town of Mattapoisett Michael Lorenco William Nicholson Henri Renauld, Vice Chairman

## THE MILLICENT LIBRARY

This year the library made some changes to the physical space by relocating the popular DVD collection from the Rogers Room to the Lewin Room. The Rogers Room is being transformed in to a tech lab which will offer a centralized location for patron computers, scanning services, and other technology. Ethernet lines have been installed and patron computers are now located in the Rogers Room. The Friends of the Millicent Library provided funds for five new PCs and ten new computer desks for use in the room. In addition, the Friends recently provided funds to purchase a large display computer which will be dedicated to creative use such as with our Cricut machine. In addition, the auditorium space began the process of transforming in to a multi-use flex space to allow better use for children's activities, meetings, and larger events. The Friends of the Millicent Library are assisting in this as well, providing funds for furniture.

## Millicent Library Building

The heatwaves that took place over the summer required the closure of the library for parts of two weeks in July and August. Environmental conditions were monitored during open hours and recorded temperatures as high as 88.2°F and relative humidity as high as 72.4%. During these periods of high temperatures staff noted mild feelings of dizziness, nausea, headaches, discomfort due to sweating, as well as tiredness and irritability. Such conditions in a mostly un-airconditioned building pose a health and safety threat to staff and patrons.

The Millicent Library Board of Trustees and Director have been investigating ways to bring air conditioning to an historic building to meet modern needs and provide safe working conditions while preserving the library's historical integrity.

## Programing

Programing in 2022 including the library's many Youth Services offerings including Baby Storytime and Children Storytime which took place outside during the warmer months. Crafternoons, a drop-in program, invited all ages and skill levels to come to the library to relax and do a craft.

The Summer Reading theme was Read Beyond the Beaten Path with just over 300 people of all ages taking part. Participants engaged in a summer of reading and learning challenges with the chance to win prizes. The popular Teddy Bear Parade was held in August with 154 children and adults taking part and having snacks and playing games.

This past summer, the Fairhaven Fire Department brought along Sparky the Fire Dog, taught fire safety, and let the kids try out the fire hose; Toby Dills taught the science behind and how to build bottle rockets and then launched; and the Whalemobile, a life size inflatable humpback whale, made an appearance; Also, tie-dyed t-shirts were made and story tellers visited the library. In the fall, the library collaborated with the Fairhaven Visitors Center for the second Kids Fest, which included pumpkin painting, children's activities and a costume contest.

Book clubs at the library included the long running Thursday Morning Book Club, History Book Club, and the teen book club, Pages and Pastries which pairs a book with a themed desert.

The Friends of the Millicent Library held a large book sale during Fairhaven's Old-Time Holiday selling lots of used books to support the library and brought many people through the doors. The Friends also sponsored a book talk by author Michael Tougias on his book The Finest Hours which took place in the Town Hall Auditorium.

#### Archive

The archival collections at the Millicent Library continues to be an important resource for historic information about Fairhaven. The archives received many requests for information including property research, genealogy, cemetery information, and photographs.

The Millicent Library Archives provides several historical databases accessible through the library webpage. The following are statistics for the online resources in 2022:

Lost Fishermen Database	38,148	Pageviews
Fairhaven Cemetery Records	9,486	Pageviews
Fairhaven Vital Records		Pageviews
Fairhaven Star Newspaper	26,003	Pageviews
Fairhaven High School Yearbooks	7,850	Pageviews
The Barnacle	Unavail	able

## Library Statistics

As of June 30, 2022, the library owned 55,668 print books, 168 print magazines and newspapers titles, 10,630 items in audio format, and 14,539 videos. The library's Overdrive subscription through the SAILS library network provided access to 61,944 eBooks, audio books, videos and magazines. In addition, the library subscribes to Hoopla which provides over 800,000 audiobook, eBook, movie, music, and television titles. In 2022, the library added two new online subscription resources.

America's News, a database of over 3,000 current news sources with content dating to the 1980s.

Heritage Hub, a genealogical resource of historical and contemporary U.S. obituaries and death notices.

Kanopy, a streaming service with access to over 30,000 movie titles.

These resources and others can be accessed through the Millicent Library's website with a library card.

In the fiscal year ending on June 30, 2022, we circulated 95,589 items to patrons. In addition, circulation of downloadable material through our subscription services totaled 11,580.

# PLANNING BOARD AND DEPARTMENT OF PLANNING AND ECONOMIC DEVELOPMENT

The Planning Board began meeting in person again in 2022 with an option for participating virtually through an online meeting platform that began being used in March 2020 due to the Covid-19 Pandemic. During the annual elections held in June, Sharon Simmons and Kevin Grant were elected to four-year terms. The Chair of the Planning Board for much of 2022 was Wayne Hayward with Cathy Melanson, the Vice-Chair, assuming the role in November when Mr. Hayward resigned as Chair. Mr. Hayward also served as the Planning Board's representative to the Rogers Reuse Committee. Jessica Fidalgo served as the Planning Board's Clerk and representative to the Economic Development Committee. Jeffrey T. Lucas was re-appointed as the Planning Board's representative to the Community Preservation Committee, of which he is the Chairman. David Braga was appointed to serve as the Board's Commissioner to the Southeastern Regional Planning & Economic Development District (SRPEDD).

The Director of the Department of Planning and Economic Development continued to represent the Town as the Selectmen's representative to the Joint Transportation Planning Group (JTPG), an advisory committee on regional transportation issues at SRPEDD as well as an alternate representative for the Town to the Southeastern Regional Transit Authority (SRTA). He also serves as Staff representative to the Economic Development Committee, the Community Preservation Committee and the Bikeway Committee and assists other Boards and/or Committees when necessary. The Department also assists in the administration of the Community Development Block Grant (CDBG).

In 2022, the Planning Department was instrumental in bringing \$3,106,236 dollars in grant funding to the Town for various projects. This included two grants for \$1,000,000 each from the Seaport Economic Council for the rehabilitation of half of the north wall at Union Wharf and \$320,000 to update the Municipal Harbor Plan with New Bedford. The Department was also successful in getting another \$75,000 from the DHCD One-Stop for Growth grant program to fund the consultants helping the Town develop a 40R Overlay Bylaw and Design Standards. The Department, with the assistance of consultant Breezeway Farms, was successful in securing \$686,236 through the Community Development and Block Grant (CDBG) for Phase 3 street scape improvements on Hedge Street between Main Street and Adams Street. The Department, with the assistance of the Buzzards Bay Coalition, was successful in getting a \$25,000 mini-grant from the Buzzards Bay National Estuary Program for the Salt Winds Conservation project.

In December 2022, the Town completed two projects funded by the Shared Streets and Spaces Program in 2021 with \$183,689 on the Complete Streets Tier 2 Prioritization Plan. These projects include improved ramps and crossings at Alden Road and Howland Road as well as Alden Road and Glenhaven Avenue and improved ramps and crossings at Main Street and the Phoenix Bike Trail. The Town has another \$332,636 in 2021 funding through the Tier 3 Complete Streets Program for four projects on the Complete Streets Tier 2 Prioritization Plan that will be implemented in early 2023. These projects include developing Bike Lanes along Alden Road from Howland Road to Whaler's Way; improved ramps and crossings along Main Street in North Fairhaven including a bus shelter at the Fairhaven Village Apartments and a bus stop near the Fairhaven Housing Authority; improved ramps and crossings at Orchard Street and Sconticut Neck Road; and speed feedback signs along Sconticut Neck Road.

The Department is spearheading the effort to create a 40R Overlay District and Design Standards as part of the Route 6/240 Redevelopment Plan to create more opportunity for mixed-use in the

previously developed shopping plazas along Routes 6 and 240. The progress on the Route 6/240 plan is regularly reported to the Planning Board and Economic Development Committee. As noted earlier, in September 2022 the Town was awarded \$75,000 through the 1-Stop for Growth Grant Program to hire a consultant to help write a 40R Overlay Bylaw to allow for higher-density mixed-use (commercial with residential above) development in the shopping plazas and other areas designated appropriate for this type of development. This funding combined with \$45,000 from the Executive Office of Energy and Environmental Affairs (EEA) Planning Assistance Grant Program last year and \$30,000 in 2021 from the Community Compact Best Practices program and yearly funding from the EDC has allowed the Planning Department to hire consultants to help write a 40R Overlay Bylaw and develop Design Standards. A 40R Working Group with over 25 members met four times from September to December plus a 40R public visioning workshop in November have helped direct this effort.

Thanks to a \$75,000 grant from the MassDevelopment Site Readiness Grant program in 2021, five Phase One Environmental Site Assessments (ESA) were performed in 2022 by our consultants, Fuss & O'Neill, on properties in the Route 6/240 Target Area as well as a Phase 2 ESA on the Town owned 194 Bridge Street property.

The Planning Board and Department worked with Town Counsel and held several public hearings to develop a public shade tree bylaw to protect the tree canopy and improve transparency and accountability with respect to the care and maintenance of public trees. However, for various reasons the bylaw was not voted on at Town Meeting in 2022.

The Planning Board and Department jointly developed and passed a Short Term Rentals (STR) General Bylaw at the 2021 Annual Town Meeting to provide for the orderly operation of short-term rentals and the Town adopted a Community Impact Fee (CIF) of 3% that applies to all transfers of occupancy of Short-Term Rentals. Due to turnover in the Building Department the STR Registration has not been established yet but the Department will continue to press to have this implemented in 2023. The Town is beginning to reap the benefits of the CIF.

Development review projects kept the Board and Department busy in 2022 with two Definitive Subdivision reviews, four Form A - Approval Not Required (ANR) endorsements and a street discontinuance. The Board reviewed and approved with conditions nine (9) Special Permits. These include a new environmentally friendly car wash on a long vacant site; a new Chipotle Restaurant on an empty site; a new Mirasol's Café to replace a derelict building; an expansion of an existing business; and a second retail marijuana outlet.

The Economic Development Committee met and continued to contribute to the ongoing Route 6/240 planning the 40R Overlay and discuss overall measures to improve the local economy. The Community Preservation Committee approved funding four projects at the ATM in June 2022 and held public hearing for nine potential projects in December 2022. Final recommendations for Town Meeting will be made in January 2023.

The Planning Board and the Department of Planning and Economic Development once again thank Town Meeting Members for their continued support of our work, to continue the work of implementing our Master Plan and other plans and make the Town's Zoning and General Bylaw's more responsive to the needs of the Town. We look forward to 2023.

Respectfully submitted, Cathy Melanson, Chair Jessica Fidalgo, Clerk

# POLICE DEPARTMENT / ANIMAL CONTROL

The Fairhaven Police Department responded to 15,682 calls for service in 2022. The following is a partial list of the number and types of calls for service that we responded to throughout the past year.

Abandoned Motor Vehicles	20
Accidents - Motor Vehicle - Hit & Run	96
Accidents - Motor Vehicle vs. Pedestrian	2
Accidents - Motor Vehicle - Personal Injury	62
Accidents - Motor Vehicle - Property Damage	442
Alarm – Burglar	593
Alarm - Holdup	11
Ambulance Requests	2948
Animal Bites	13
Animal Complaints	382
Animal Neglect/Abuse	2
Arrests (does not include criminal application requests)	175
Assaults	41
Assist Motorist	133
Assist Other Agency	119
Assist Other Police Department	223
Boat in Distress, Water Emergency, Water Hazard	32
Burglary - Breaking & Entering - Dwelling	10
Burglary - Breaking & Entering - Commercial	7
Burglary - Breaking & Entering - Motor Vehicle	73
Disabled Auto	155
Disturbances/Disorderly Conduct	735
Domestic Violence/Family Offenses	174
Fights	19
Firearms Licensing	340
Fraud	96
Canine Operations & Training	44
Intoxicated Person	20
Larcenies	90
Mental Health Emergencies/Section12/Section 35	86
Missing Person	30
Motor Vehicle Thefts	12
Motor Vehicle Violations	1818
Motor Vehicle Complaints	171
	23
Officer Wanted	23 144
Prisoner Transports	
Protective Custody	10
Recovered Stolen Motor Vehicles	7
Reported Deaths  Pasterining Order Violations	27
Restraining Order Violations	16 2
Robberies	
Safety/Road Hazards	265
Search Warrant Executions	10
Restraining Order Services	54
Harassment Protection Order Services	4

Shoplifting	44
Suicide Attempts	7
Community Policing	93
Suspicious Activity	633
Trespassing	23
Unwanted Person	80
Vandalism	55
Welfare Checks	340

The 2022 calendar year was an interesting and productive year for the Fairhaven Police Department. We added new personnel, and saw the retirement of a veteran officer. We also had some movement within the department between specialized assignments.

On February 11, 2022, Sophia Furtado was making a Door Dash delivery to a residence on West Island just after 9pm. When she arrived at her delivery destination, she found an unconscious female on the ground bleeding from an apparent head injury. She notified the woman's husband, who called for an ambulance. Sophia, who has a background in EMS training, immediately began to render first aid care, and remained with her patient until paramedics arrived. Sophia's quick thinking, and decisive action, in addition to her first aid training, is credited with preventing a tragic outcome in this incident.

Officer Jillian Jodoin, who also responded to the scene, coordinated an award ceremony that was attended by the woman, and her family to thank Sophia for her actions that evening. The president of Door Dash personally took a video that he sent to Sophia to thank her for the life-saving measures she provided.

Later that month, the town experienced a rash of motor vehicle breaks in two separate parts of town. The North Fairhaven area had thirteen vehicles broken into one evening, and the area of Fairhaven High School had twenty-two vehicles broken into a few nights later. These 35 vehicles that were broken into were all left unlocked, allowing them to be easily accessed. In all probability, there were more than the 35 reported breaks, with some victims not reporting the crime to the police. The Fairhaven Police Department frequently cautions all residents to lock and secure their vehicles in an attempt to curb such crime sprees. The simple act of locking a vehicle reduces, and in many cases eliminates the crime from occurring.

On February 18, 2022 Officers Andrew Dillon and Ethan Horsley graduated from the Plymouth Police Academy, after completing 21 challenging weeks of intensive police basic training. Officers Dillon and Horsley were required to pass an in depth, extensive back ground check, credit history check, a psychological examination and a physical abilities test prior to being sent to the academy. They endured an intensive 21-week training program that was designed to test them mentally and physically, and to prepare them for a career in law enforcement. It consisted of classroom instruction, defensive tactics, firearms and driver training, handcuffing and physical fitness.

After graduating from the police academy, Officers Dillon and Horsley were assigned to experienced officers to complete field training. They have since completed their field training, and are now serving amongst our ranks as fully trained police officers. At the end of March, Officer Alexander Silva began basic police recruit training at the Joint Base Cape Cod Police Academy. Like Officers Dillon and Horsley, completed the 21-week basic training program, followed by field training, and assignment to the Fairhaven Police Department uniformed patrol division.

Officer Dillon earned a bachelor's degree in Sociology/Crime and Justice with a minor in Business Management from Suffolk University. Officers Horsley and Silva both earned a bachelor's degree in Criminal Justice from Bridgewater University. We are pleased to welcome all three of them to the Fairhaven Police Department, and wish them all well for a long, safe, and successful career as proud members of our department.

In July of this past year, Detective Glenn Cudmore retired from the Fairhaven Police Department after a successful career that spanned for over 22 years. Detective Cudmore joined the department in January of 2000. During his tenure, he served in the uniformed patrol division for many years. He served as a member of the Fairhaven Police Department Honor Guard, and was a founding member of the dive team, which would eventually evolve into the South Eastern Massachusetts Law Enforcement Council (SEMLEC) Underwater Recovery Unit. Detective Cudmore worked on operations that recovered drowning victims, and evidence in criminal cases, as well as locating the fishing vessel Lady of Grace that sunk during inclement weather in January of 2007.

Detective Cudmore was assigned to the detective division, where he investigated major crimes, and narcotics violations. He was eventually assigned as a Task Force Agent to the US Drug Enforcement Administration's New Bedford field office. Detective Cudmore was instrumental in investigating and prosecuting major drug dealing organizations. In May of 2016, after being nominated by US Attorney Carmen Ortiz, Detective Cudmore received the Outstanding Collaborative Investigation Award for his efforts in dismantling a nation-wide marijuana smuggling organization, and the Investigation Achievement award for his work that led to the conviction of a major, and violent cocaine and heroin dealer.

Detective Cudmore worked with Detective Sergeant Scott Gordon during the investigation, prosecution and eventual conviction of Michelle Carter, who tragically enticed an acquaintance into committing suicide. Chief Myers presented Detective Cudmore with the Fairhaven Police Department Service Award for his hard work with the DEA Task Force, as well as his many other successes throughout his career.

We would like to thank Detective Cudmore for his many years of dedicated service to the Fairhaven Police Department and the Town of Fairhaven. We also wish him the best of luck for a well-earned, long and healthy retirement.

In August Officer Jerome Penha was selected to fill Detective Cudmore's vacancy in the Detective Division. Detective Penha joined the Fairhaven Police Department in 2015. He served in the uniform patrol division, and was eventually selected to serve as one of our School Resource Officers. He served in this position for 4 years until his eventual assignment to the detective division. During his time with the department, Detective Penha has built countless relationships throughout the community, especially during his time working in our school district.

Officer Marcy Haaland was assigned to replace Detective Penha as our second School Resource Officer. Officer Haaland joined the Fairhaven Police Department in 2013. She served in the uniformed patrol division, and is a SEMLEC Critical Incident Response/ Peer Support Team Co-Coordinator. Officer Haaland was selected for the position of School Resource Officer by a panel that was made up of ranking members of the police department and school department in accordance with the Police Reform Law.

Officer Haaland and Detective Penha are also members of the SEMLEC Search and Rescue Team. They have worked on numerous operations looking for missing persons, and evidence in criminal cases. They are both also trained in a tracking device known as Safety Net. This piece

of equipment has been made available through Project Life Saver, and is used to locate people with cognitive disorders who are known to wander.

#### DETECTIVE DIVISION

This past year was a busy and productive year for the Detective Division. With the uptick in fraudulent crimes and using on line tools to scam the elderly a lot of time was put into preventative measure to assure that the towns people were educated on the importance of recognizing scams and how to deal with them appropriately. It is important for residents to understand that these elaborate scams are creative and persistent and no one should ever be giving out their personal bank information over the phone or allow anyone access to your personal phones or computers remotely.

This area has been plagued with an increase in drug and fentanyl overdoses over the last few years. As a result, much of our duties are focused on trying to combat the issues related to illegal narcotics in the area. With our partners from the Bristol County Sheriff's Office and the U.S. Drug Enforcement Administration, the Fairhaven Police Department has been involved in and authored many search warrants that have resulted in the seizure of significant amounts of illegal narcotics and money related to the illegal drug trade.

With the increase in crime all over the country it is important that the residents of the town remain vigilant in reporting all crimes to the police department in a timely manner. If you prefer to remain anonymous tips can be submitted on line through our anonymous tip portal located on our web site.

The Domestic Violence Unit/Detective was involved in cases for follow up on arrests for domestic violence, restraining order violations, allegations of domestic abuse and juvenile crimes. The unit consists of a Detective and a Victim/Witness Civilian Advocate. The unit regularly provided resources, support and referrals to victims of domestic violence and their families. The Domestic Violence Unit additionally works conjointly with victim witness advocates from the Bristol County District Attorney's Office in a variety of investigations, to ensure collaboration and sharing of resources. The Detective assigned to the Domestic Violence Unit also assists in follow up with Fairhaven Elder's with the assistance of the Fairhaven Council on Aging and conducts investigations of sexual assaults.

#### **CANINE UNIT**

The Fairhaven Police K9 Unit has had a very successful first year. Officer Jillian Jodoin and K9 Blue have completed their first full year on the road together as partners. K9 Blue is a certified detection dog trained to search, detect and alert Officer Jodoin to the odor of Narcotics.

In December of 2021 Officer Jodoin and K9 Blue graduated from the Bristol County Sheriff's Office Narcotics Detection Academy. Following graduation, Officer Jodoin returned to the uniformed patrol division ready to work with her new partner.

In 2022 the K9 unit responded to 20 Drug Sniffs, 42 Community Policing calls, and trained for a total of 240 hours. K9 Blue also works the regular 4PM-12AM uniformed patrol shift.

At the beginning of the year Officer Jodoin & K9 Blue gave the United States Police Canine Association Narcotics Certification test a shot and passed. The test serves as a National certification rating of excellence in Narcotics Detection and currently exceeds the Massachusetts standard for police working dogs.

In February Officer Jodoin and K9 Blue competed in the Hometown Foundation's 15K Giveaway. They were up against dozens of K9 Units from all over the country and came in fifth place. The Giveaway was voting-based and the top three places received a \$5,000.00 equipment grant. Officer Jodoin and K9 Blue were awarded a \$1,500.00 equipment grant for exceptional community engagement. The grant was used to purchase a Garmin GPS canine tracking system, and detection training aids.

In March, K9 Blue was officially sworn in as a Police Officer for the Commonwealth of Massachusetts and The Town of Fairhaven at Town Hall. Officer Jodoin had the honor of pinning a special badge onto her partner.

Despite the busy year K9 Blue attended and graduated the Professional Canine Services Therapy Dog course in June. The course was taught by former Barnstable Sheriff's K9 Officer and Master Trainer Charlie Young. K9 Blue worked on integrating his detection demonstrations with children and adults.

The Fairhaven Police K9 Unit is operated entirely on donations and the support of our community. The Fairhaven Police Working Dog Foundation was established in July. Officer Jodoin founded the organization privately and separate from the Town of Fairhaven. The practice of creating a nonprofit organization in correspondence with Police K9 Units has been done for decades. The reason for this has been to augment the K9 Unit financially and increase the unit's fundraising and community footprint.

K9 Blue's Annual Raffle opened for ticket sales in October and closed August 26th. Businesses from all around the community donated items and services to the prize pool. The raffle raised \$6,000.00 which will help everyday operating costs, veterinary services, training and equipment for the K9 Unit.

#### ANIMAL CONTROL DIVISION

This has been a very busy year at the animal control division. We recently hired a new assistant animal control officer, Abigail Griffith. She has learned a tremendous amount about this career in a short amount of time.

We found great homes for 127 dogs and cats this past year as well as 38 bunnies and Guinea pigs. At one point we had 13 Guinea pigs at the shelter at the same time. This requires a lot of work from our volunteers as well as a large amount of supplies. When we asked for help from our community with donations of these supplies they were there for us once again.

We were able to obtain our new vehicle this year. A Ford F150 with a sled in the bed of it with room for 6 animals. This vehicle makes it possible for us to respond in all types of weather to any calls that we receive. With the 4 wheel drive we are able to get to areas of town that the previous vehicle was unable to reach.

We receive many donations throughout the year. Both monetary and food and supplies. We have created an outreach with the Shepherd's pantry and the Fairhaven senior center to pass on any supplies that we are unable to use. This helps the unfortunate by providing food for their pets. We have seen people have to surrender their pets due to not being able to feed them. This outreach has helped to prevent loving pet owners from having to lose their companion(s).

Our volunteers continue to be the backbone of our department. They work tirelessly every day and ask for nothing in return. The age range goes from 16 to 80 years of age. We can't say thank you

enough for all of their work.

The Fairhaven Police Department utilizes its website, fairhavenpolice.org and its Facebook site to exchange information with the community. Both sites are updated as often as possible with recent arrests, mug shots and recent activity in Fairhaven. The website has several tabs where anyone can report a tip and remain completely anonymous, request speed enforcement, register your security cameras, commend an officer or file a complaint.

We also added an electronic fillable form that can be completed and submitted to us on behalf of people with disabilities. This form provides us with valuable information about a person's disability that will enable us to better interact with them, and provide the best possible service we can offer, with a greater understanding of their needs and expectations. Information provided on this form is completely voluntary, and is not made available to the public.

The philosophy embraced by the Fairhaven Police Department is that of service, fairness, pride and dedication. The members of the Fairhaven Police Department are committed to not only performing in accordance with this philosophy, but also to meeting and exceeding the public's expectations of having a highly functional and capable police department. We are deeply committed to keeping the Town of Fairhaven a safe and wonderful place to visit and live.

Respectfully submitted,
Michael J. Myers, Chief of Police
And
Kevin W. Kobza, Administrative Lieutenant

## **BOARD OF PUBLIC WORKS**

The Board of Public Works in Fairhaven is governed by a five member, unpaid, elected Board of Public Works Commissioners. The Board sets policies, establishes the rules, regulations, fees and procedures of the Board of Public Works in the Town of Fairhaven. This also includes management and maintenance of the Town roadways, parks, and utility infrastructure systems. These systems include roads, parks, cemeteries, beaches, bike paths, water, sewer, storm drainage, trash collection, curbside recycling, vehicle maintenance and the recycling center.

The mission of the Fairhaven Board of Public Works is to provide community services that exceed the public's expectations. This is accomplished by:

Rapid response to emergencies throughout all seasons

Effective budgeting, management and cost-effective delivery

Implementing best management practices

Using technology to its fullest to enhance operations, environmental sustainability and communications with residents

Providing exceptional customer service to our customers

The Board of Public Works is comprised of the following Departments:

Highway – which manages the Town's 116 miles of roadway. Duties include snow plowing, storm drainage, road reconstruction and maintenance, catch basin maintenance and cleaning, street sweeping, the recycling center and the maintenance of more than 100 Town vehicles.

Parks – which maintains and manages Town parks, the West Island Town Beach, a portion of Fort Phoenix and many smaller Town owned parcels.

Water – which manages over 100 miles of water mains ensuring that safe drinking water is delivered to 7000+ properties which consume an average of 1.2 million gallons per day.

Sewer – which manages the 5 million gallon per day facility at Arsene Street, the 100,000 gallon per day facility on West Island, approximately 100 miles of sewer pipes and 17 pump stations, with the continued goal of ensuring that wastewater is conveyed uninterruptedly to one of the Town's treatment facilities and then, treated effectively.

Sanitation – which manages curbside pick-up of solid waste and recyclables and both the solid waste and the Town's brokerage account at SEMASS.

Administration – which includes customer relations, personnel, financial management and long range planning.

Our goal is to maintain and improve living conditions in Fairhaven for our residents and provide value to our tax and ratepayers.

Some of the Board of Public Works projects that either were completed in 2021 or are still being worked on:

AMI Water Meter System Upgrade – the Board of Public Works continued with converting both residential and commercial property water meters to a system called Advanced Metering Infrastructure, or AMI, which enables two-way communication over a fixed network between the utility system and the metering endpoints. It's a much more powerful and robust system than what we currently have which is going to save numerous man-hours versus the very laborious way we presently read meters which requires an employee to access the site where the meter is installed.

Historically, these systems have been about reading meters quickly and accurately but in our case, the system is going to be so much more.

The new system will allow us to increase billing frequency which is a State requirement. In addition, the system will enable us to better account for the water as the current meters, due to their age, don't measure low flows like they should. Further, this system will bring us into compliance with the American Water Works Association meter age standard (less than 10 years from installation). We will also be able to identify property leaks and meter tampering on a daily basis and the system is so user friendly that even the non-tech savvy will be able to track their own usage.

The payback period of this system will begin upon implementation as it is conservatively estimated that we are losing about 20 million gallons of consumption each year due to the age of our current system. We began this conversion in the Fall of 2021 and this effort is expected to continue through 2023.

Annual Auction – The Board of Public Works hosted the Town's Annual Auction of Department-wide declared surplus materials.

Bridge St. (former) Landfill – in 2021, the Board of Public Works engaged the services of Brown and Caldwell to ascertain the feasibility of moving the recycling center from the south end of Arsene St to a section of the former landfill. In the not too distant future, the recycling center will have to be relocated due to the federally mandated upgrade to the wastewater treatment facility on Arsene St. Brown and Caldwell will be reviewing all the required permitting logistics with the State.

As part of the update to this effort from 2022, soil samples were collected from the landfill and the results yielded revealed that clean-up need take place before the recycling center can be relocated.

Causeway Bridge - The Goulart Memorial Bridge spans 27.5 feet over the Nasketucket Bay Inlet and consists of a pre-stressed butted voided slab bridge built in 1970. The bridge is part of a long stone causeway that serves as the sole access between West Island and the mainland. Goulart Memorial Bridge also carries a water main that serves as the sole drinking water source for the island. The bridge is designated as Bridge Number F-01-006 by the Massachusetts Department of Transportation (MassDOT). The bridge superstructure was built in 1970 and placed on original stone abuttments from 1920.

In April 2021, the Board of Public Works entered into agreement with Tighe and Bond to conduct a bridge inspection as a means to ascertain vulnerabilities and needed repairs, to provide the Town with a planning tool to address said vulnerabilities. This work has been ongoing and will be shared with both the West Island Improvement Association and the Town as findings become available and substantial.

In addition, in September 2021, the remnants of Hurricane Ida generated a substantial coastal storm that impacted Southeastern Massachusetts. Due to the wind, a boat was dislodged from its moorings and it collided with the bridge.

Observations by the Fairhaven Harbormaster and by the Town's Contracted Bridge Engineer indicate that the collision on the bridge's north fascia led to damage to the existing water pipe and north fascia concrete beam. As such, the Board of Public Works contracted to repair this water casing. As applicable insurance issues have been finalized, this repair can now begin.

Community Involvement – During 2022, the Board of Public Works continued to participate in various community events both inside and outside of its' purview.

Engineering Projects – Projects that were engineered in 2022 include Akin St drainage and water improvements, BMX Track Design, Farmfield St drainage and water improvements, Hedge St road reconstruction, Livesey Park Skatepark surface and structure improvements, Pickleball courts at Livesey Park, Shaw Rd drainage improvements and Sunset Beach Lane Sewer System

Highway Superintendent – the Board of Public Works would like to both thank John Charbonneau for his 20 plus years of service to the Town and wish him well during his retirement and welcome Joshua Crabb as his recently hired successor.

Household Hazardous Waste Day – in 2022, the Board of Public Works hosted a household hazardous waste day affording residents an opportunity to dispose of such materials in a proper manner. The contracted vendor specializes in recycling as that is the intent for the final destination of the delivered wastes. Unfortunately, not all materials can be recycled so hazardous materials, such as flammables and pesticides, were bulked for consolidated shipments and sent to facilities approved to receive and treat hazardous wastes.

Solids were packed into drums, cubic yard boxes, or roll offs. Liquids were consolidated and bulked into 6000 gallon tankers. Wastes with thermal value were processed for alternative fuels blending. Metal is recycled, gases are captured, and liquids are sent for waste fuels.

Leaf Pick-up – In 2022, the Board of Public Works, once again, contracted for 4 weeks of residential leaf pick up. Due to the initial costs of beginning the cart program, the Board of Public Works discontinued leaf pickup to stabilize general fund costs. Though recycling numbers are not where they should be, because the Town's recycling has improved, the Board of Public Works was able to continue to add on this often-requested service.

Safe Routes to School Grant – In 2019, the Fairhaven Bikeway Committee and the Board of Public Works, in a joint effort, submitted and were awarded a State of Massachusetts Safe Routes to School grant in the amount of \$800,000.

After numerous meetings and site visits with applicable project representatives, since application submittal, this project has grown into a \$2M grant to the Town which will see ADA compliant sidewalks, bikelanes from the Stop N Shop Plaza to the Leroy Wood School as well as the narrowing of Sconticut Neck Rd from David Drown Blvd to the school. This project is scheduled to bid in October 2023 and work commence in the spring of 2024.

Sewer Plant Upgrade - In 1972, the Clean Water Act (CWA) established the basic structure for regulating pollution into the waters of the United States by allowing the US EPA to regulate wastewater discharges in order to restore and maintain the chemical, physical, and biological

integrity of the nation's waters.

Under the CWA, Fairhaven's Wastewater Treatment Facility has a permit where we must treat the water to an acceptable level before it can be discharged into the New Bedford Inner Harbor. Through hard work and dedication, Fairhaven's Treatment facility has a long history of consistent compliance with these discharge standards resulting in the Town's receipt of numerous environmental awards.

When the CWA came into existence, nitrogen was not a parameter of concern as scientists were unaware of the deleterious effects of this pollutant. As a result, the design of most wastewater plants (including Fairhaven's) did not contain nitrogen removal capabilities as this was not a pollutant that Congress had targeted when these facilities were being built. Fast forward to today and science has revealed that excessive nitrogen discharges can deplete oxygen levels and encourage algae growth in marine waters which are both ecologically harmful.

Nitrogen at the wastewater plant comes from various sources but the main culprits are urea (urine), processed foods and cleaning chemicals.

As a result of the above, on September 27, 2017, the EPA issued the Town its' new sewer discharge permit which contains a "not to exceed" nitrogen limit. To comply with this newly imposed limit, the Town will have to significantly upgrade its' treatment facility and borrow money (raise sewer rates) in order to do so.

The BPW contracted with both a legal and environmental engineering group and negotiated a permit with the goal of achieving compliance while obtaining the most affordable upgrade.

In 2018, after a lengthy negotiation process, the Town of Fairhaven entered into agreement with the United States EPA to comply with this referenced new discharge permit.

In 2019, the Town completed an upgrade to some of the infrastructure at the treatment plant in order to be ready for the addition of a nitrogen removal process.

In 2020, the selected engineering company completed a feasibility study to determine the best nitrogen removal system to pursue using site specific flows. In addition, Town Meeting approved a \$2,000,000 expenditure which will be used for further treatment plant improvements as well as the design of the nitrogen upgrade.

In 2021, the design of the referenced upgrade began by the Town's contracted engineer.

In 2022, the design and applicable permitting continued and Town Meeting approved a \$50M borrowing for this upgrade.

Our agreement with the EPA requires construction completed by the end of 2025.

Please be aware that the BPW is committed to undertake this mandated task with consideration of achieving compliance at the most affordable upgrade to the Town's rate payers. To date, we have accumulated \$4 million dollars in grant forgiveness.

Sewer Pump Station Upgrades - During calendar year 2022, the Board of Public Works continued to upgrade sewer pump stations, based on a prioritized schedule for rehabilitation

Due to the age of these stations, parts are increasingly difficult to obtain. In consideration of the critical function of this infrastructure, it is imperative to maintain these pump stations to ensure uninterrupted service in our collection system.

Snow Removal - The Board of Public Works would like to thank those who assisted us during last year's snow events.

As always, Public Works is committed to adhering to a carefully laid out system for clearing the streets. If we allowed our plows to be diverted, our system would be destroyed and it would take far longer to get all the streets in the Town cleared, which is counterproductive to the task.

Street Construction – During 2022, the Board of Public Works requested that sections of Bayview St, Farmfield St and Bonney St be approved at Town Meeting for reconstruction/paving: while sections of Fisherman Rd, Massasoit Ave and Pleasant St were reconstructed.

The work occurring on each street typically includes road surfacing, sidewalk repair, drainage improvements and curbing.

Street Light Maintenance – In 2022, the Board of Public Works continued with the responsibility of maintaining the streetlights in Town. Working closely with the Police Department, the Board of Public Works, via an outside contractor, responds to those lights that malfunction. To date, this has worked out very well for the Town.

Stormwater Permit – In any Municipality, sewage and drainage are either contained (conveyed) in the same pipe or in two separate pipes. In those municipalities (Fairhaven is one) where sewage is carried in a separate system than drainage (rain water), the EPA requires this community to have a permit granting stipulated permission for the drainage discharge. The EPA calls this permit MS4 which stands for municipal separate storm sewer system

Per EPA regulations, the Town applied for such a permit back in 2003. Since then, the Town has been following the required protocols of the permit, such as, but not limited to, stormwater education, sweeping streets, cleaning catch basins and compiling and submitting an annual report.

In 2018, the EPA required all MS4 communities (including Fairhaven) to reapply for a new permit which built upon the prior stipulations and now contains many more requirements than the permit issued prior. As part of the newly received permit, we have to do everything that the prior permit required and more.

The Town is required to continue with public education and outreach and have to target our audience to ensure that residents and businesses are aware to not throw various materials down the storm drain.

The Town has to map its' entire drainage system and collect samples at all of its' outfalls. Depending on the results revealed from these collected samples, the Town will be required to investigate high bacteria counts and remove them from the system.

The Town is required to conduct annual stormwater training and create various SOP's to ensure permit compliance.

The Town must require and issue a stormwater permit to any contractor conducting construction in Town and enforce the recent bylaw that was created for this purpose should the contractor fail to

comply with stormwater cleanup.

The Town had to create a stomwater pollution prevention plan for all of its' municipal owned buildings.

In order to accomplish and comply with the above, especially the required tasks of re-mediating storm water pipes with elevated bacterial counts, which will require excavation, we were forced to seek additional funding to comply with this new unfunded mandate.

In 2021, the Town continued with the required investigation of all its' drainage outfalls, complied with the notification requirements and policy creation and pursued and received a portion of a \$200,000 grant to design a stormwater remediation system on Jerusalem Rd to minimize stormwater pollution in this area and open up additional areas of shell-fishing.

In 2022, the Town applied for and received a \$300,000 grant to construct this aforementioned design on Jerusalem Rd.

In addition, the Town engaged the services of interns of the Massachusetts Maritime Academy to assist us with field work and stormwater sampling.

Water system flushing – The Board of Public Works would like to thank all those who assisted us with our Water Flushing Program in 2021.

This process of periodically "flushing" water lines with fire hydrants, which we did during "overnights", to minimize residential/commercial impact, is an important preventive maintenance activity.

This effort is part of a routine maintenance program necessary to maintain the integrity of the water system and allow us to continue to deliver the highest quality water possible to our customers. The flushing route is carefully planned, and valves are opened and closed to control the direction of the water flow. Flushing the water system on a routine basis removes sediment from lines and keeps the entire distribution system "refreshed".

Water System upgrade – In 2022, the Mattapoisett River Valley Water District, comprised of the Towns of Fairhaven, Marion, Mattapoisett and Rochester voted, at its' respective Town Meetings, to upgrade the water treatment facility's filters and to add disinfection capability. The upgrade is scheduled to commence sometime the end of 2023.

West Island Treatment Plant Upgrade – Originating from a State inspection to ensure the sustainability of treatment capability and regulatory compliance, the Town embarked on upgrading the sewage treatment facility processes and building structure at West Island at a cost of nearly \$2,000,000. This upgrade took place in 2021 and was completed in calendar year 2022.

We would like to thank all of our employees for their dedication, hard work and commitment to improving the quality of life in our Town.

Respectfully Submitted,

Brian Wotton, Chairman Robert Hobson, Vice Chairman Marcus Ferro, Commissioner Anne Morton Smith, Commissioner
Travis Rapoza, Commissioner
Steve Riley Commissioner (October 2021 – April 2022)
Cameron Durant (April 2020 – August 2022)
Vincent D. Furtado, Board of Public Works Superintendent
Rebecca Vento, Board of Public Works Office Manager

### PUBLIC WORKS - HIGHWAY DIVISION

During the year 2022, the Highway Department has been very busy reconstructing streets, laying drainage lines, cleaning drainage ditches, repairing manholes and catch basins, cold mix patching, grading dirt streets, repairing sidewalks, removing tree stumps, repairing and replacing street signs, grass and brush cutting, street sweeping, sanding and snow plowing, being the majority of our work.

The Street Reconstruction Program included the following streets:

### Top Course:

Billy's Way – Sconticut Neck Road west 600' Brown Street – Adams Street to House #48 Chase Road – Gilbert Street to Raymond Street Eaton Road – Briercliffe Road to end Bellevue Street – Adams Street to Francis Street

#### Binder Course:

Fisherman Road – Balsam Street to Ebony Street Massasoit Ave – Adams Street to Francis Street Pleasant Street – Washington Street to South Street

The above streets had work done to sidewalks, curbing and drainage as needed.

Potholes remain a problem and are patched as needed. A total of 12 catch basins were installed throughout the town. Crack sealing was performed on various streets throughout the Town. Street sign vandalism continues with over 66 signs being replaced or repaired. During our snow removal and sanding operations we used 328 tons of sand and 459 tons of salt. The Highway Department continues to operate the Recycle Center, Leaf and Brush Compost area.

I would like to thank the personnel of the Highway Department for their cooperation and a job well done.

Respectfully Submitted, Joshua Crabb Highway Superintendent

## PUBLIC WORKS - PARK DEPARTMENT

The Park Department has been very busy in 2022 with repairs and maintenance work done to our parks, beaches, recreation areas and Town memorials. This department maintains six parks, two cemeteries, two bike paths, the Town owned portion of Fort Phoenix, the West Island Town Beach and 25 other Town owned sites.

The Park Department also provides the lifeguards and gate attendants at the Town Beach. The Department has one full-time employee and three summer help employees. They are responsible for the upkeep of over 59 acres of grounds and beaches.

Park buildings continue to be painted several times to cover up graffiti and all the ball fields were weeded and graded to playable conditions.

The toilet trailer for West Island Town Beach is operating during the summer months.

I would like to thank the staff of the Park Department for their cooperation and a job well done.

Respectfully submitted,

Joshua Crabb Highway Superintendent

## PUBLIC WORKS - WATER DEPARTMENT

In the year 2022, the Fairhaven Water Department continues to manipulate through the Covid 19 set backs and challenges. We continue with the water meter replacement program which should be finishing up this summer. We are in the process of contracting an independent contractor to work with us on the much needed town wide flushing program which will start up again this spring. We will also be doing some water tower maintenance this summer and fall as well as getting ready for treatment plant upgrades in Mattapoisett.

In 2022, there were 384,373,000 gallons of finish water pumped. The most gallons of finished water pumped per day was 1,627,000 gallons. The most gallons of finished water pumped in a week was 10,554,000 gallons.

The Water Department had 27 house service leaks and main leaks.

There were 19 new services added. We also replaced 4 fire hydrant and added 2 new fire hydrants.

In the upcoming year we will be focused on completing our meter replacement program, continuing on with our fire hydrant maintenance program, and resuming our town wide main flushing, and replacing and up grading some existing mains, as well as annual maintenance on our water towers.

I would like to congratulate Bill Farrell and Daniel Snell on their retirement for the Water Department this past year, and welcome Sean Mitchell and Joshua Chase as our newest Fairhaven Water Department operators.

Finally I would like to thank my entire staff and all Town Departments for their continued support throughout the last year.

Jeffrey Furtado Water Superintendent

#### PUBLIC WORKS - SEWER DEPARTMENT

2022 certainly was a challenging year for the sewer department. We continue to work through the stress of the pandemic while also dealing with aging equipment. That being said, I'd just like to mention how proud I am of each and every employee in this department as they continue to report for with a positive attitude.

We continue to comply with the EPA/DEP's capital compliance plan which will lead to the upgrade of all pump stations as well the main treatment plant on Arsene St.

Our 5 million gallon per day facility on Arsene St. performed well within permit limits despite its age and the challenges presented by an extremely wet spring and a dry summer. With an annual flow of 921,900,000 gallons we had BOD and TSS levels of 7.5 mg/I and 7.4 mg/I, respectively. Both of which are well within the plant's permit limits of 30mg/I daily.

The wastewater discharge wells installed at the West Island Treatment Plant are performing as expected, within their designed parameter. Further, this plant just completed a \$2,000,000 recent upgrade which included replacing all motors, pumps, valves, electrical MCC control panels and filters. This work will help to ensure that the West Island Treatment Plant will sustain its treatment capabilities moving forward.

The West Island treatment plant permit levels of 30mg/l for BOD/ TSS and a total nitrogen level of l0mg/I have all been consistently achieved - with levels of 7 mg/I, 6 mg/I, and 5.00 mg/I respectively and an annual flow of 5,919,792 gallons.

Along with the upgrades to our treatment plants and pump stations, we have entered into contract with an outside engineering firm to do a comprehensive assessment of our largest force mains. It is the goal of this department to be the guardians of our receiving water. With these upcoming and ongoing projects combined with a continued close working relationship with local and state officials, we strive to produce the highest quality effluent possible.

Each year brings new challenges and 2022 was no different. It has been a year of transition for the sewer department.

I would also like to welcome our new secretary, Hailey Cabral to the department as well as the addition of the following 3 employees, Jared Amaral, Seth Arruda, and Tyler Perry, the latter 3 who have upgraded their respective wastewater licenses during this referenced calendar year. In closing, in addition to recognizing our new employees, I would also like to thank our entire staff for doing such a great job and for their continued effort during these times. The tasks at hand are not easy ones and most take the sewer system for granted. Each employee helps the sewer pipes flow freely 24 hours a day, 7 days a week and I'd just like to recognize them individually - Ray Paczosa (33 years), Joe Frates (26 years), Dana Hathaway (22 years), Lee Barlow (19 years), Vic Oliveira {18 years), Matt Manzone (18 years), Manny Luiz {12 years) Nick Parker (6 years), Ryan Robillard (5 years), Rose Mary Costa (4 years),

Bless everyone and Happy 2023!

Respectfully submitted by: Rene J. Robillard, Sewer Superintendent (36 years)

## RECREATION DEPARTMENT

The Fairhaven Recreation Department provides a variety of safe, enriching, fun, and high-quality programs and events to participants of all ages, interests and abilities.

Department programs and events are designed to be cost effective and affordable, utilize collaboration with other departments and community partners, foster a sense of community, encourage social interaction, promote environmental stewardship, and teach lifelong skills. The Department seeks community input to determine the wants and needs of leisure services for the Fairhaven community on an ongoing basis and works to implement changes and develop new programs based on this feedback.

### Director's Message

The Recreation Department is pleased to present this year's annual report. The department strives to provide affordable and engaging programming that meets the interests of the Fairhaven community. Participation in recreation programs helps foster a sense of community, positively impacts health (reducing health care costs), reduces crime, stimulates the economy, and improves overall quality of life. To accomplish our mission, the Recreation Department leans heavily on the support and cooperation of the School Department, BPW, COA, IT, Cable Access, and many other departments. The Recreation Department appreciates the efforts of volunteers, citizen groups, organizations and local businesses who donate their time, energy, and resources to maximize the quality of activities and events run by the Department.

#### Staffing

The Recreation Department is staffed with a director (40 hours), a program coordinator (40 hours), a custodian (15 hours), nine receptionists (sharing approximately 90 hours per week), and a max of seven program instructors that staff our summer camp and other programming on a seasonal and as-needed basis. All staff are paid through the recreation budget.

This past year, the Recreation Department said goodbye to the Recreation Director of 13 years, Warren Rensehausen, who went on to be the director of the Parks and Recreation Department in his home town of Bristol, RI. Rachel Martin, the program coordinator, served as interim director until Kelley Peterson joined the department as the new director in September. Kelley has joined Fairhaven from the New Bedford Parks and Recreation Department.

#### Finance

The Recreation Department charges fees to help offset the costs of offering our programs and services and operating the recreation center. Our goal is to provide high-quality programs and services that are also affordable to all residents. Through program fees, membership fees, facility rentals fees and administrative fees, the department generated a total of \$111,471.00 in revenue. A breakdown of the department's revenue is provided below.

#### Marketing

The Recreation Department manages and coordinates the marketing, advertising, and promotional work of our programs and services. Strategies are formulated to increase awareness of recreation programs and services. The Department's website remains the focal point of our marketing strategy while Facebook is used to keep our customers apprised of current and developing recreation news and updates. We are working to increase our presence on the social media platform to connect with the highest number of users possible as social media continues to climb as the gateway to information. Our efforts to increase our Facebook presence have proven successful, as we saw a 212% increase in the number of people reached through our posts, a 541% increase in the engagement with our posts, and a 45% increase in the number of new followers in

the last 90 days of the year. Other program marketing includes: seasonal brochures, website, online registration, Fairhaven TV, the Neighborhood News, flyers, posters, yard signs, email, phone, and office inquiries.

## Special Events

After a two-year hiatus due to the COVID-19 pandemic, the annual Flashlight Easter Egg Hunt returned in 2022. We look forward to some new special events that are being planned for 2023.

## Programming and Services

The Recreation Department serves the Town of Fairhaven through dynamic programs and activity offerings, which actively work to identify and meet the needs of the entire community. A wide range of activities are offered to enable residents to spend their recreational time in a positive, productive, and enjoyable manner. In 2022 the Recreation Department saw 681 participants throughout the 29 programs that we offered. Our program offerings included multiple sessions of babysitting courses, home alone safety courses, school vacation day programs (February, April and December), girls volleyball clinics, kinder dance, kinder tots, basketball clinics, Kool Kids summer, Pitch, Hit & Run, track & field, sunrise yoga, shape it up, body pump, hatha yoga, and pickle ball. Though the Kool Kids Summer program ran at reduced capacity to continue to be mindful of the COVID-19 virus, the program saw 309 kids over the nine weeks and was a great success. We are looking forward to returning to full capacity in 2023!

The Recreation Center continues to be a very well used resource for the Town of Fairhaven. Open gym time is available 6 days per week, for a total of 54 hours per week. The wellness room is open 6 days per week, for a total of 74 hours per week. The rec center had 676 memberships and 11,956 check-ins to the facility. Another indicator of operational success measures the utilization of our facility during rental times. Rental space at the rec center was in high demand. The recreation center took reservations seven days per week and had a total of 340 reservations.

## Facilities Highlights

The Fairhaven Recreation Department strives to provide clean, safe, and enjoyable amenities and facilities that improve the resident and visitor experience. This year we experienced an increase in the demand for open play pickle ball at our facility. In order to accommodate the number of players, we added a third pickle ball court to the gymnasium. Players come in strong numbers three to five times per week to use our three courts simultaneously. Another exciting facility update for 2022 was the announcement that APRA funding has been allocated for the department to make improvements to the Robert Blum Playground behind the recreation center.

#### Looking Ahead

The department is excited about what is ahead in the new year. Staff have been developing new programs and initiatives that will enhance the quality of life for the Fairhaven community in 2023.

Respectfully submitted,

Kelley Peterson Recreation Director

### ROGERS REUSE COMMITTEE

The Rogers Reuse Committee met in 2022 in a hybrid fashion with some members in Town Hall and others attending via an online meeting platform due to the continuing Covid-19 situation. One of the committee's goals, as tasked by the Select Board, was to place the Rogers School on the National Registry of Historic places. Under the diligent work of the Chair, Sue Loo, the application was submitted to Massachusetts Historical Commission. In order to proceed with the National Registry listing, you must first obtain approval from the Massachusetts Historical Commission. On August 19,2022 the Massachusetts Historical Commission reviewed the application and found the Rogers Grammar School meets the eligibility criteria in listing on the National Registry of Historic Places. The Massachusetts Historical Commission recommended that a professional preservation consultant, who is familiar with the preparation of National Registry nominations, be retained to complete the highly technical document. The committee is in the process of working with the Town Administrator in obtaining a preservation consultant, to file an application to the Federal National Registry of Historic Places.

Due to the ongoing legal litigation over the ownership of the Rogers School property between New England Preservation & Development – Owner Zachary Mayo and the Town of Fairhaven no further action regarding past or future RFP's will occur until all legal aspects are resolved. The town however will continue with the listing of Rogers Grammar School on the National Registry of Historic Places.

The committee continues to oversee the mothballing of the Rogers Grammar school. A virtual tour of Rogers Grammar school has been created by the Town's Cable access director and is available on the towns website located under the Rogers Reuse committee.

Committee appointments are as follows: Sue Loo Chair, Doug Brady Vice-Chair, Beverly Rasmussen, Nils Isaksen, Cathy Melanson Representative of the Economic Development Committee, Wayne Hayward Representative of the Planning Board, Lisa Plante Representative of the Finance Committee, Barbara Acksen Associate Member, Gail Isaksen Associate Member, Gary Lavallette Associate Member, Keith Silvia Ex-Officio representing the Select Board, Paul H. Foley, AICP, Director of Planning and Economic Development

## SELECT BOARD / TOWN ADMINISTRATOR

It was a year of transformation for the Select Board and Office of the Town Administrator. Changes and continuity were the cornerstones of operations for 2022.

After a lengthy search, Angeline Lopes Ellison was hired as the new Town Administrator and hit the ground running when she started on April 4th, election day. Our Town Clerk, Linda Fredette, was able to bring Angie around to the polling locations to meet residents, poll workers and candidates.

The Select Board expanded to a five-member board for the first time as of April's election (approved at the June 2021 Annual Town Meeting). Three Select Board seats were up for grabs from a field of five candidates. Based on the election results, the elected member would serve either a three-year term, two-year term or a one-year term. Stasia Powers won the three-year term, Leon Correy III secured the two-year term, and Charlie Murphy will serve the one-year term. The new five-member board met as a team for their first team building exercises, and learned to function as a five-member board.

In July, the Select Board and Town Administrator's Office relocated within Town Hall swapping places with the Tax Collector's Office. The relocation helped both offices to better serve those requiring ADA compliance access.

Staffing posed a challenge as the Town fully reengaged from COVID restrictions. Although filling vacant positions took longer than anticipated, Cameron Durant was hired as Human Resource (HR) Director to restart work on hiring to fill vacancies and develop an Employee Handbook, work on the Collective Bargaining Agreement negotiations and establish the department as a resource for employees. In approximately a four-month period, the Town hired Takira Faucher as Principal Clerk, Branden Costa as Conservation/Sustainability Agent, Daniel Lane as Assessor, Kelley Peterson as Recreation Center Director, Suzanne Vieira as Principal Clerk as well as four interim/per diem Building Inspectors.

Loreen (Lori) Pina retired after 36 years of dedicated service in the Select Board Office, and then returned part-time to train and assist across Town Hall departments. The Select Board Office welcomed Sharon Mills as Principal Clerk in January. Amy Hart was promoted to the position of Executive Assistant to the Town Administrator in November. Amy previously held the Town's Payroll Administrator position for two years.

Notably, the greatest change occurred when Town Counsel, Thomas Crotty, retired. Mr. Crotty served the town for well over forty years. The Town is grateful for the time and energy Attorney Crotty dedicated to representing the municipality. Thereafter, Fairhaven retained Petrini and Associates, PC as Town Counsel.

The Select Board members had been outspoken in its effort to increase participation on boards, committees and commissions through the use of public service announcements, speaking of open opportunities at the Board's meetings and referring people to committees of interest. Government is for the people but functions by the people; the Select Board encourage residents to "have your voice heard" through participation.

In 2022, the Town became a favorite location for television and movie filming for projects such as Finestkind, a large film production by Brian Helgeland, an Oscar winning writer raised in New

Bedford. An HGTV renovation took place in the center of town and Fairhaven High School was a location in the film "The Holdovers."

The Select Board is proud of the shortest Special Town Meeting in recent history. This was due, in part, to the collaboration and implementation of bilateral finance and warrant hearings between the Select Board and the Finance Committee; it streamlined the process.

The municipality was allocated approximately \$4.4 million in funds through the American Recovery Plan Act of 2021 (ARPA). ARPA is the federal government's economic stimulus bill to speed up the nation's recovery from the economic and health effects of the COVID-19 public health emergency. Approximately \$1.6 million in the municipality allocation from lost revenue replacement and approximately \$2.7 million for county allocations, which have more restrictive guidelines for use. The Board voted to use the funds towards projects to support and provide better services to residents through department functionality. The table below illustrates the requested projects and amounts needed.

Total Allocation	\$4.399.401		
PROPOSED PROJECTS	7 (,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,		
County Allocation	\$2,716,540		
Police	Specialized Emergency Resp. Vehicles	\$80,000	1.11 Community Violence Interventions
Recreation	Recreation Playground	\$200,000	2.22 Strong Healthy Communities: Neighborhood Features That Promote Health & Safety
Schools	Playground Resurface	\$240,000	2.22 Strong Healthy Communities: Neighborhood Features That Promote Health & Safety
Police	Parks and Beaches Cameras	\$266,000	1.11 Community Violence Interventions
Public Works	Water Main Flush	\$300,000	5.11 Drinking Water Transmission & Distribution
Police	Replacement of Police Boat	\$700,000	1.11 Community Violence Interventions
Public Works	Wastewater Treatment Plant	\$930,540	5.1 Clean Water: Centralized Wastewater Treatment
Municipal Allocation	\$1,682,861		
Technology	Technology Switch and Access Points	\$2,171	Revenue Replacement - Municipal Allocation Only
Marine Resources	Shellfish Boat Controller Replacement	\$2,881	Revenue Replacement - Municipal Allocation Only
Police	Fixed Solar Speed Signs	\$9,500	Revenue Replacement - Municipal Allocation Only
Police	Equipment Storage Unit	\$16,000	Revenue Replacement - Municipal Allocation Only
Administration	Previous Requests	\$480,000	Revenue Replacement - Municipal Allocation Only
Fire	Fire Rescue Boat	\$750,000	Revenue Replacement - Municipal Allocation Only
Public Works	Wastewater Treatment Plant	\$69,460	5.1 Clean Water: Centralized Wastewater Treatment
Cable TV	Touchview Ultra Interactive Panel	\$4,635	1.14 Other Public Health Services
Fire	Security Cameras Public Safety	\$5,000	1.11 Community Violence Interventions
Facilities	HVAC Town Hall	\$18,000	1.14 Other Public Health Services
Police	Police UAS Drone	\$30,000	1.11 Community Violence Interventions
Fire	Message Board	\$120,000	1.7 Other Public Health Expenses (Communications)

In efforts to continue assisting the Select Board as the "Chief Goal Setting and Policy Making Agency," the Town Administrator and Town Department Directors have worked towards meeting goals and objectives in the areas of Human Resources, Committee Collaboration, Inter and Intra Governmental Cooperation, Financial Sustainability, Economic Development, Health, Welfare and Safety, Civic Engagement, Long Term Planning and Improving Municipal Services. The goals laid out below show those completed or undertaken in 2022; some work may be continuing for years to come.

#### **Human Resources Improvements**

Present Personnel Rules and Regulations for Select Board approval from which an Employee
Handbook will be written. All town employees will be provided training on these new personnel
documents.

• Ensure that the functions of the human resources department are fully put into place consistent with town bylaws.

#### **Town Committees Collaboration**

- Update current Committee Handbook to reflect the most up to date information, laws, policies, and regulations and ensure distribution and acknowledgment to current and new members of town committees/boards/commissions.
- Develop a policy regarding attendance at meetings by members of committees appointed by the Select Board including provisions for alternative members and limitations on serving on multiple committees

## **Inter and Intra Governmental Cooperation**

• Determine the feasibility of establishing a regional Police/Fire 911 Public Safety Answering Point (PSAP).

## Financial Sustainability

 Develop and implement a comprehensive plan for the use of state and federal covid relief funds consistent with regulations.

## **Economic Development**

• Review/Study tax classification shift (split tax rate).

## **Health Welfare and Safety of Town Residents**

- Continue to Revise and Improve the Town's Emergency Management Response Plan including training town employees in NIMS incident command protocols.
- Determine the feasibility of having a "pet friendly" emergency shelter.
- Request the state to install traffic control signals at the intersection of Alden Road and Route 6
- Continue with COVID response and testing as needed. Continue to work and prepare for future pandemics.

## **Civic Engagement**

- Enhance/expand recreational opportunities for town residents including effective messaging to the public to promote these activities.
- Study the pros and cons of creating a non-profit organization to operate the Town's Government and Public Access Channels.
- Produce Public Service Announcement (PSA) and Frequently Asked Questions (FAQ) videos for town departments to assist them in their public messaging efforts.

#### **Long Term Planning**

- Develop a 40 R Overlay Bylaw that guides sustainable economic development and builds new
  capacity for growth in appropriate areas through new zoning which will allow for higher
  density residential above commercial. This objective would also explore using other planning
  tools such as Transient Orientated Development (TOD), Transfer of Development Rights
  (TDR) and Form Based Codes.
- Begin planning for reconstruction of Union Wharf's North Side, Apply for grants as appropriate.

## **Improve Municipal Services**

Proceed with the West Island dredging project now that the feasibility study is complete. Apply
for grants as appropriate.

None of these accomplishments would have been possible without the hard work and dedication of the Town officials, Town employees, Town Meeting members and numerous residents and volunteers who serve on our boards, commissions and committees, and for this, we are sincerely thankful.

# SOUTHEASTERN REGIONAL PLANNING AND ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)

The Town of Fairhaven is a member of the Southeastern Regional Planning and Economic Development District. Originally founded in 1956, SRPEDD (pronounced "sir-ped") is one of 13 regional planning agencies (RPAs) across the state and one of approximately 550 across the country.

SRPEDD serves 4 cities and 23 towns in southeastern Massachusetts. Through our work, we address common issues facing the region, including economic development, growth and land use, safe and efficient transportation, environmental stewardship, municipal partnerships, community development and affordable housing, and general planning. A Commission of local mayors, selectmen, planning board members, and at-large members govern SRPEDD. Federal and state grants, local assessments, and local contracts fund our activities. In 2022, the Town of Fairhaven paid \$3,123.81 to SRPEDD, based upon an assessment of 20.17 cents per capita. SRPEDD's annual budget in 2022 was \$2,720,262.

SRPEDD also serves as the region's staff for the Southeastern Massachusetts Metropolitan Planning Organization (SMMPO) and the regional Economic Development District (EDD) with the U.S. Economic Development Administration (EDA). In both roles, SRPEDD works with numerous partners to program tens of millions of dollars to directly invest in our region's infrastructure and community development.

Please visit SRPEDD's recently updated agency website at www.srpedd.org to review our work, read our 2022 Annual Report, and tour new projects, including: our Drone Program and Virtual Building Tours; our work to support communities as they comply with the new Section 3A of Chapter 40A; our watershed and resilience planning work program; our Complete Streets and Multi-Use Path transportation projects; our work with the Southeastern Region Homeland Security Advisory Council (SRAC); our work with school districts and public safety officials to create Active Shooter/Hostile Event (ASHE) Response Tools; and various municipal projects, such as Redevelopment Studies and Community Master Plans. Our website also includes departmental web pages, a calendar of events, and recent news.

Please do not hesitate to contact us with any questions, concerns, or project ideas.

Local citizens/officials representing Fairhaven in SRPEDD activities: Robert Espindola and David Braga on the SRPEDD Commission. Paul Foley and Vincent Furtado on the Joint Transportation Planning Group (JTPG).

### OFFICE OF TOURISM

The calendar year 2022 was comprised of the last two quarters of FY22 and the first two quarters of FY23. It was the twenty-seventh year of the Office of Tourism's operation.

### VISITORS CENTER/ACADEMY BUILDING

As usual the Visitors Center was open year-round on Monday, Tuesday, Thursday, Friday and Saturday.

Besides the regular Visitors Center operation, the Huttleston Marketplace was held on the lawns of the Visitors Center and Fairhaven High School on Saturdays in the summer (details below).

The Historical Society museum on the second floor of the Academy Building was opened to the public by the Society on Saturdays during the Huttleston Marketplace. Visitors may also view the museum any time the Visitors Center is open.

The Historical Commission had to have repairs made to the furnace when it stopped working in late December. The repair was completed in a timely manner.

Delays in finishing the back door of the Academy Building, postponed use of the accessible ramp until 2022. With the rear door operational, in the late fall, use of the front door was discontinued for the winter due to disrepair.

#### VOLUNTEERS

Longtime volunteers for the Office of Tourism continued to serve the community through 2022. They are Erin Hedges, Joanne Zych, Jordan Richard, and Robert Foster.

We are always looking for people willing to help as tour guides and as presenters at historical programs at Fort Phoenix and elsewhere. Volunteers should be comfortable speaking to groups in public, able to learn and talk about local history and related facts and information, and, in some cases, willing to dress in period clothing to portray real or fictional characters.

#### HUTTLESTON MARKETPLACE

The fifth season of the Huttleston Marketplace ran on Saturdays from May 21 through September 17. It was another successful season, even with some days of rainy weather or extreme heat.

The marketplace continued to grow, with as many as 77 booths set up each week. The marketplace provided a way for more than 200 different vendors to sell their goods throughout the season, helping very small, local businesses. Assistance with the marketplace is provided by Public Works for trash barrels and trash removal and the Health Department for food permitting and inspection.

Plans for the sixth season in 2023 were begun in October. Many vendors have already signed up to return and there has been continued interest by new people.

#### FAIRHAVEN KIDS FEST

For the second time, Allie Thiel of the Millicent Library and I planned the fall Fairhaven Kids Fest, which was held on the second Saturday of October. Community support for the event was very strong. More vendors signed up than we had in 2021 and once again the day was a big success. Eight groups and businesses provide food and snacks. Participating Town committees and departments included the Millicent Library, Belonging Committee, Sustainability Committee, and Fairhaven TV. Activities and special attractions were pumpkin painting, a costume parade, Pirates

107

of the Cape, a Viking with games and activities, a stilt walker, costumed movie characters, soft archery, and more. Hundreds of local children and their parents/guardians visited and enjoyed the fun throughout the day.

#### HISTORICAL TOURS & PRESENTATIONS

In 2022, the Henry H. Rogers Walking Tours continued, guided by Chris Richard and Bob Foster on Tuesday and Thursday mornings. Attendance was lower than in previous years leading to the decision that in 2023, the tours will be offered only on Tuesday morning.

The "Pirates and Privateers Presentation" remained very popular at Fort Phoenix on Friday mornings, June through September. Volunteers Erin Hedges and Jordan Richard continued to participate in the programs during its 6th season.

Volunteer Joanne Zych guided three evening tours of Riverside Cemetery for members of the public and a privately arranged tour in September for a Fairhaven group.

A public tour of Poverty Point on a Saturday afternoon in April and one the center on a Saturday in September drew good audiences.

#### ADVERTISING and PUBLIC RELATIONS

Regular promotion of Fairhaven attractions and special events continued with paid print advertising placed in the Southcoast Almanac, South Coast INSIDER, Along Cape Cod, O Jornal, Fairhaven Neighborhood News, Cape Cod Best Read Guide, Coastal Lifestyle Cape Cod and the Islands, and Community Values.

Press releases on Fairhaven special events are regularly sent to regional media outlets.

#### INTERNET/SOCIAL MEDIA

Information about Fairhaven activities and events is posted regularly on the Facebook page "Fairhaven, MA, Visitors Center." Notices posted by Fairhaven non-profit groups on social media are shared by the Office of Tourism. There are also Facebook pages for the Huttleston Marketplace, Greybeard & Companie (the Fort Phoenix Pirates and Privateers presentations), and Fairhaven Kids Fest. Facebook "events" are created to promote all the tours, programs, and special events sponsored by the Office of Tourism. Overall, Facebook continues to be the best social media outlet for promoting Fairhaven.

The growing use of Instagram as a marketing tool result in the creation of separate accounts for the Fairhaven Office of Tourism and the Huttleston Marketplace.

The Office of Tourism also continues to maintain a Twitter account, although it has never had a very big following.

The Office of Tourism website, http://FairhavenTours.com, continues to be updated regularly with information on attractions, events, and history of Fairhaven.

Respectfully,

Christopher J. Richard, Director of Tourism

#### TOWN CLERKS

As of January 1, 2023 total residents in Fairhaven are 14,048 and the total registered voters are 12,407. Births, marriages and deaths in the year 2022 were:

Births: 89Marriages: 70Deaths: 266

Elections and Town Meetings in 2022 were as follows:

- Town Election—April 4, 2022
- Annual Town Meeting—June 18, 2022
- State Primary—September 6, 2022
- State General Election—November 8, 2022
- Special Town Meeting—November 15, 2022

Total cash turned over to the Treasurer was \$46,179.50. The Town Clerk's Office collected the following violations:

- Parking violations—\$1,810.00\*
- By-Law violations—\$100.00\*
- Boat Ramp violations—\$500.00\*
- Hoppy's Landing—\$200.00\*
- Penalties/Late fees \$640.00\*

#### And collected for the following services:

- Dog licenses -1,792 for a total of 17,426.00\*
- Board of Appeals Certified Decision Form—\$410.00\*
- Constable Fees \$200.00
- Business Certificates—93 for a total of \$2,500.00\*
- Certified Vital Records—\$16,770.00\*
- Marriage Licenses—73 for a total of \$1,180.00\*
- Census Street Listing Books—\$190.00
- Gas Permits—\$315.00
- Auditorium Fund (donations received for marriage ceremonies performed in the Town Hall)—\$415.00\*
- Miscellaneous fees (Photo ID's, Poles, Raffles, Ancestry Search) —\$30.00
- Unipay Sales (online and in-office sales)—total \$3,362.50

\*Payments made by cash or check. Other payments in these categories may have been paid via credit card and are reflected under the "Unipay" total.

The Town Clerk's Office is a bustling hub of activity in the Town Hall, and we strive to make it pleasant and positive for our residents and visitors. My staff have consistently given the best customer service in town—and always will.

Assistant Town Clerk, Elisabeth (Lissa) Horan, is an invaluable asset to this office. In between her myriad of duties, she took the time to create a much more efficient dog licensing program in Excel. She is working towards creating a similar program for Business Licenses, as well as other possible "paperless" programs to better serve our community. Our retired former Town Clerk,

Eileen Lowney, continues to work part time in the office, compiling census information, general filing, assembling election materials, assisting with voter registrations, and helping with just about anything else that comes up in our busy office.

I am a Justice of the Peace and have performed many wedding ceremonies in the Town Hall. I do not charge a fee for my services, but do ask for a \$50 donation to the Auditorium Fund. Lissa and I are both Notary Publics. We currently do not charge a fee for notary services, but we have limited the time of notary service to 9am-12pm, as it can take up quite a large portion of our day. It would be ideal if the Town Hall had at least 1 Notary in each office to assist Fairhaven residents and to reduce the burden on just one office.

We continue to attend many training workshops and certification conferences (when time allows) to ensure we are properly educated, and that all Massachusetts and Fairhaven laws and regulations are followed and implemented correctly.

#### Notable events of the year:

Our April election was the first time Fairhaven elected THREE Select Board members in the same election, to adjust for the increase from 3 to 5 members (approved at the June 2021 ATM). Stasia Powers won the 3-year term, Leon Correy secured the 2 year term, and Charlie Murphy took the 1 year term.

Our six voting precincts had to be re-located to the Rec Center for the September State Primary, due to some construction at the Middle School. The Primary ran so well that all of our polling locations were permanently changed to the Rec Center for all future elections. New signage was created to help move voters in the correct direction, more staff were added, and increased police presence ensured a safe environment for all our voters. We continue to upgrade outdated voting equipment and add new technology, to increase efficiency and accuracy in our elections.

Our first non-remote Annual Town Meeting in 2 years was held on June 18, 2022. It was delayed from the usual May date to get through an upsurge in State-wide covid cases. Both the Annual Town Meeting and the Special Town Meeting (held on November 15, 2022) were run with expediency, and concluded in much less time than our average Town Meetings.

Respectfully submitted,

Town Clerk Registrar Justice of the Peace Notary Public

#### TREE DEPARTMENT

The Fairhaven Tree Department is headed by an elected Tree Warden and staffed by two "per diem" tree laborers. The Total budget for the Department including the Tree Wardens stipend is under \$90,000.

In 2022 the Tree Department created a mission statement which is "To Preserve, propagate and maintain a safe, diverse and healthy tree canopy for the town of Fairhaven."

A letter of understanding was drafted and approved by the BPW, Police Department and Tree Department on how tree emergencies are reported after 9-5 hours Monday thru Friday.

In 2022 the tree department planted 100 new trees of varying species and size. Half of these were planted in public parks and the other along the Town's byways. The majority of the work done to plant these trees was done by volunteers. This brings to a total of 185 trees planted since April 2021. Watering efforts during the summer drought prevented widespread loss of new plantings and only 1 was lost. Vandalism claimed two new trees in Livsey Park this fall.

A statistical analysis of the number of trees along the towns 110 miles of public roads was performed using 6.2 miles of byway as a data set. 233 trees were counted on a diverse set of byways providing us with a total estimated canopy of 3500 to 4500 public shade trees.

A systematic shade tree survey has been initiated in an effort to reduce the number of storm related power outages, damage to property and road blockages by identifying high risk trees. Once identified the trees are surveyed and appropriate mitigation methods were implemented to mitigate risk. These methods conforming to ISA A-300 standards and removal being the last option considered.

))) requests for service for residents were received, recorded and acted on. 39 dead, diseased or high-risk trees were removed. This represents 1% of the towns total tree canopy and the number is dramatically lower than that of cities and towns that have proactive public shade tree policies and related programs.

A 3rd party consultant was engaged to do what's most likely the first ever in town formal level 3 tree survey which entails scientific methodology that utilizes state of the art diagnostic instrumentation and data metrics to establish risk level of a particular tree.

Thank you,

Don Carlos Collasius
Town of Fairhaven Tree Warden.

#### VETERANS SERVICES

The Office of Veterans' Services granted financial aid and medical assistance through M.G.L. Chapter 115, their families, spouses or widows during the year 2022. There was a total of sixty four cases which is 71 total Veteran and spouses we supply services to throughout the year.

This is the town's current chapter 115 recipients on the rolls: WWll-1 Korea-8 Vietnam-18 Peace Time-10 Spouses-32 Children-2

According to the latest update from the Veterans Administration, VA benefits paid to veterans with Fairhaven residency totaled \$6,725,000.00 for the last 12 month period monitored. These benefits were paid for pensions and disability compensation and included 335 resident veterans' beneficiaries. A number of these claims were processed through this office.

This year has been a trying year due to Covid-19 but during this time we have reached out to our town veterans. And in July we moved our office to the Council on Aging which has better served our Veterans and their spouses with much better accessibility. In December Coats for Vets with Fairhaven Police and Toys for Tots with Fairhaven Fire Dept. Also Wreaths across Fairhaven at Riverside, Woodside and Nasketucket cemeteries. We have done our Memorial Day parade, 4th of July parade and our Veterans Day parade once again. The Veterans office at this time will still go out and meet Veterans at their homes if they do not feel comfortable coming to Council on Aging.

Unemployed veterans are being referred to the Division of Employment for aid in finding employment or training for future employment. Some veterans have been referred to the Veterans' Administration clinic on Elm Street, New Bedford for assistance in receiving Veterans' Administration aid through their hospital and clinics. A number of resident veterans have taken advantage of the VA prescription medication program. Several veterans have been referred to the Veterans Transition House in New Bedford and the Veterans' Hospital in Brockton for various treatment programs and several have, through this office, applied for and received disability benefits from the Veterans' Administration and Social Security.

In addition to financial and medical assistance, the department has been active in reaching out to veterans in other regards. Many veterans have contacted this office for miscellaneous information such as: transportation problems to veteran hospitals, applications for burial in national cemeteries, burial plaques, award certificates for tax abatements and applications for military medals, ribbons and other military records.

Respectfully submitted,

Bradford Fish, Director/Agent Jane Bettencourt, Admin. Asst.

By majority vote, the town voted that the following roads be reconstructed and that the sum of \$425,000 be appropriated from Surplus Revenue (Free Cash) and that the Board of Public Works is authorized to expend these funds in the aggregate without regards to individual line items so long as the expenditures do not exceed the amount so appropriated.

- A. Bayview Avenue (Highland Ave to Manhattan Ave) \$235,000
- B. Farmfield Street (Green Street to Pleasant Street) \$165,000
- C. Bonney Street (#45 Bonney westerly to the end) \$25,000

### **ARTICLE 17: STATE AID TO HIGHWAYS**

By majority vote, the Town authorize the Board of Public Works to accept and enter into a contract for the expenditure of any funds allotted or to be allotted by the Commonwealth of Massachusetts for the construction, reconstruction and improvements of Town roads and furthermore appropriate and transfer from available funds \$505,073 for capital improvements on local roads, subject to the conditions detailed by the Massachusetts Highway Department pursuant to the MGLS and Transportation Department's Chapter 90 Guidelines, or to take any other action relative thereto.

## ARTICLE 18: FUNDING CAPITAL STABILIZATION FUND

By majority vote, the Town voted to transfer from Surplus Revenue (Free Cash) \$400,000 to the Capital Stabilization Fund as authorized by Chapter 40, Section 5B of the General Laws, or take any other action relative thereto.

## ARTICLE 19: AMBULANCE STABILIZATION

By majority vote, the Town voted to transfer from Ambulance Receipts Reserve for Appropriations \$70,000 to the Ambulance Stabilization Fund as authorized by Chapter 40, Section 5B of the General Laws.

## ARTICLE 20: SOCIAL DAY CARE CENTER

By majority vote, the Town voted to authorize the Fairhaven Council on Aging to expend in the Fiscal Year 2023 a sum of monies not to cumulatively exceed \$175,000 from the Grant Account known as "Receipts Reserved for Appropriation for Fairhaven Supportive Social Day Care" for the purpose of providing a Social Day Program for Senior Citizens or takr any other action relative thereto.

### ARTICLE 21: PROPAGATION OF SHELLFISH

By majority vote, the Town voted that \$18,000 be raised and appropriated for the propagation of shellfish

### ARTICLE 22: COMMUNITY PRESERVATION PROGRAM APPROPRIATIONS

By majority vote, the town voted to adopt the following Fiscal Year 2023 appropriations (A-H) or reserve from the Community Preservation fund annual revenues or available funds the amounts recommended by the Community Preservation committee for community preservation projects, committee's administrative expenses, and other expenses in Fiscal Year 2023, with each item to be considered a separate appropriation.

- A. Move adoption and to Reserve for future appropriations \$65,000 from estimated FY23 receipts for acquisition, creation, and preservation of Open Space, and its rehabilitation and restoration.
- B. Move adoption and to Reserve for future appropriations \$65,000 from estimated FY23 receipts for acquisition, creation, and preservation of Historic Resources.
- C. Move adoption and to Reserve for future appropriations \$65,000 from estimated FY23 receipts for acquisition, creation, and preservation of Community Housing.
- D. Move adoption and to appropriate \$93,000 from Undesignated Fund Balance for the Millicent Library Sidewalks.
- E. Move adoption and to appropriate \$18,000 from Undesignated Fund Balance for the Spring Street Firehouse Renovations project.
- F. Move adoption and to appropriate \$180,000 from the Undesignated Fund Balance (90,000) and the Reserved for Open Space (\$90,000) for 4 Pickleball courts at Livesey Park.
- G. Move adoption and to appropriate \$60,000 from the Reserved Historic Fund Balance to the Whitfield Manjiro Cultural Center.
- H. Move adoption and to appropriate \$8,500 from FY23 Estimated Receipts for administrative services and operating expenses provided in support of the Community Preservation Committee.

## **ARTICLE 23: REVOLVING FUND**

By majority vote, the town voted to authorize and/or re-authorize the following Revolving Accounts under the provisions of Massachusetts General Laws, Chapter 44, Section 53 E  $\frac{1}{2}$  under the following terms:

Revolving Fund Hazardous materials	<b>Authorizes to Spend</b> Fire Chief	Revenus Source Disposal fees/charges	<b>FY23 Limit</b> \$100,000,00
Sustainability	Sustainability Comm	Fees/charges	\$10,000.00
Hoppy's Landing	Selectboard and/or	Fees/charges from users	\$25,000.00
	Town Administrator	of Hoppy's Landing	
Town Hall Auditorium	Town Administrator	Town Hall auditorium rental fees	\$2,000,00
Park Utilities	Board of Public Works	User Fees	\$2,000.00
(New) Shellfish	Marine Resources	Mitigation Fees	\$25,000.00
Mitigation			
Mooring Fees	Marine Resources	Mooring fees	\$2,000.00
Mattress Recycling	Board of Health	Fees from Matress	\$1,000.00
		Disposal	
Hoarding Remediation	Board of Health	Revenue from	\$1,000.00
C		Textile recovery boxes	
Wellness	Wellness Committee	Fees, BCBS	\$2,500,00
		reimbursements	

## ARTICLE 24: FUND LABOR CONTRACTS

Moved to Passover

## **ARTICLE 25: RETIREMENT COLA**

By majority vote, the town voted to accept an increase of the COLA base for retirees beginning July 1, 2022 from \$14,000.00 to \$15,000.00consistent with the provisions of Chapter 188, Section 19, of the Acts of 2010 for a total authorization of \$64,041,00 or take any other action relative action thereto,

# ARTICLE 26: ADDITIONAL FUNDS TO SUPPLEMENT ARTICLE 16B FROM THE OCTOBER 20, 2020 MEETING-WATER DEPT VAN

By majority vote, the town voted to raise and appropriate, borrow or transfer from available funds of \$12,500.00 from the Water Enterprise Retained Earnings to fund Water Department Van, or take any other action relative thereto.

## ARTICLE 27: AMEND CHAPTER 194 STORM MANAGEMENT - EROSION AND SEDIMENT

Moved to Passover

### ARTICLE 28: TREE WARDEN FROM ELECTED TO APPOINTED

By majority vote, the town voted to amend the Town of Fairhaven By-Laws by adding the following section:

The Tree Warden shall be appointed by the Town Administrator with the approval of the Select Board, and shall exercise the duties of Tree Warden and of insect pest control. Such Tree Warden shall be qualified by training and experience in the field of arboriculture and licenses with the Department of Food and Agriculture in accordance with the provisions of section ten of chapter one hundred and thirty-two B of the general Laws. The term of such appointment shall be for three years.

### ARTICLE 29: AMEND BPW BY-LAW SOLID WASTE & RECYCLING

By majority vote, the Town voted to amend article 29 by adding the words "the day following" after the phrase "no later than 5:00 pm on" as it appears in subsection "b", and to adopt the article as so amended

#### ARTICLE 30: TOWN HALL REPAIRS

By majority vote, the Town voted to raise and appropriate, borrow or transfer from available funds \$16,000.00 Surplus Revenue (Free Cash) to do the following projects or take any other action relative thereto:

- A) Replace Curved Windows -\$8,000.00
- B) Repair Clock Gears \$8,000.00

## ARTICLE 31: PROPAGATION OF SHELLFISH - DISTURBED BY DREDGING

By majority vote, the Town voted to transfer an amount not to exceed \$23,396 from Shellfish Mitigation Fees for the propagation of Shellfish, or take any other action relative thereto.

## ARTICLE 32: UPDATE GENERAL PROVISIONS OF BYLAW, SECTION 1-6, NONCRIMINAL DISPOSITION OF VIOLATIONS

By majority vote, the Town voted to amend Chapter 1 General Provisions Section 1-6, Noncriminal Disposition of violation D, in addition to police officers, who shall in all cases be considered enforcing persons for the purpose of this section, the following officers of the Town shall be enforcing persons with respect to the following enumerated bylaws, rules and regulations. The penalties set force shall apply to a violation of each of the enumerated bylaws, rules and regulations. (12) Wetlands (Chapter 192),

- A) Enforcing person(s): the Chair of the Conservation Commission or the Commission's Agent)
- B) Fines: \$300.00 for each offense, Each day or portion thererof during which a violation continues, shall constitute a separate offense, and each provision of the bylaw, regulations or permit violated shall constitute a separate offense.

#### ARTICLE 33: CLIMATE CHANGE VULNERABILITY ASSESSMENT GRANT MATCH

By majority vote, the Town voted to appropriate \$10,000.00 Surplus Revenue (Free Cash) as a local match for a state grant to conduct a town-wide coastal vulnerability and risk assessment of municipal infrastructure and natural resources considering exposure to sea leval and coastal storms,

## ARTICLE 34: MUNICIPAL LIGHT PLANT (1st taken out of order)

By 2/3rds vote (YES 126 – NO 40) the Town voted, pursuant to M.G.L. Chapter 164 Section 36 to acquire a municipal light plant and to authorize such plant to construct, purchase or lease, and maintain such facilities as may be necessary for the distribution or the operation of a telecommunication system for municipal use or for the use of its customers, pursuant to M.G.L. Chapter 164 Section 47E, or as otherwise authorized by law, or to take any other action thereto.

## ARTICLE 35: MUNICIPAL LIGHT PLANT (2nd taken out of order)

By majority vote, the Town voted to petition the General Court for the passage of special enabling legislation authorizing the Town to authorize, issue and sell revenue bonds to finance the development of telecommunications facilities, fund any necessary reserves, pledge revenues from the operation of telecommunications facilities and all costs associated therewith, which special enabling legislation shall be in the following form subject to such changes as the General Court shall recommend and the Select Board shall approve; or to take any other action relative thereto.

AN ACT RELATIVE TO THE ISSUANCE OF REVENUE BONDS FOR THE CONSTRUCTION AND RECONSTRUCTION OF TELECOMMUNICATIONS FACILITIES BY THE TOWN OF FAIRHAVEN.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Notwithstanding the provisions of any general or special law to the contrary, SECTION 1. the town of Fairhaven, when authorized by a two thirds vote as defined in section one of chapter forty-four, may borrow money by the issue of its revenue bonds to pay costs of designing, engineering, constructing and reconstructing telecommunications facilities, which revenue bonds shall be payable from rates and charges collected by the Town for the provision of telecommunications services, acting through its municipal light board. Such project costs may include all costs, whether incurred prior to or after the issue of bonds or notes hereunder, of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project and for a reasonable period thereafter, planning, engineering, finance advisory and legal services, administrative expenses, the funding of notes issued for project costs as hereinafter provided, such reserves for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation. Any bonds or notes issued pursuant to this act shall not be subject to the limitation on indebtedness set forth in section 10 of chapter 44 of the General Laws.

**SECTION 2.** The bonds of each issue shall mature at a time or times not exceeding thirty years from their dates of issue and may be made redeemable before maturity with or without premiums. Subject to the provisions of this act, the treasurer with the approval of the select board, shall determine the date or dates of the bonds, their denomination or denominations, the place or places of payment of the principal and interest, which may be at any bank or trust company within

or without the commonwealth, their interest rate or rates, including rates variable from time to time as determined by such index, banker's loan rate or other method, maturity or maturities, redemption privileges, if any, and the form and other details of the bonds. The bonds shall be signed by the town treasurer, shall be countersigned by a majority of the select board either manually or by facsimile, and shall bear the seal of the town or a facsimile thereof. The town may sell its bonds in such manner, either at public or private sale, for such price, at such rate or rates of interest, or at such discount in lieu of interest, as the officers authorized to issue the same shall determine.

**SECTION 3.** Any bonds issued under this act may be secured by a resolution or by a trust or security agreement between the town and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the commonwealth, or by a trust or security agreement directly between the town and the purchasers of the bonds, and such resolution or trust or security agreement shall be in such form and executed in such manner as may be determined by the authorized officers. Such trust or security agreement or resolution may pledge or assign, in whole or in part, the revenues held or to be received by the town from or on account of the operation of its telecommunications facilities, and any contract or other rights to receive the same, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the town, and the proceeds thereof. Such trust or security agreement or resolution may contain such provisions for protecting and enforcing the rights, security and remedies of the bondholders as may, in the discretion of the authorized officers, be reasonable and proper and not in violation of law. Without limiting the generality of the foregoing, such agreement or resolution may include provisions defining defaults and providing for remedies in the event of default, which may include the acceleration of maturities, and covenants setting forth the duties of, and limitations on, the town in relation to the custody, safeguarding, investment and application of moneys, the issue of additional or refunding bonds, the fixing, revision and collection of fees, charges and other revenues, the use of any surplus bond proceeds, the establishment of reserves, the construction and operation of the telecommunication facilities, and the making and amending of contracts relating to the bonds. It shall be lawful for any bank or trust company to act as a depository or trustee of the proceeds of bonds, revenues or other moneys under a trust or security agreement or resolution and to furnish such indemnification or to pledge such securities and issue such letters or lines of credit or other credit facilities as may be required by the town acting hereunder. Any such trust or security agreement or resolution may set forth the rights and remedies of bondholders and of the trustee and may restrict the individual right of action by bondholders.

**SECTION 4.** Any pledge of revenues, contract or other rights to receive revenues, or the proceeds thereof made by the town under this act shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code and other laws from the time when the pledge is made; the revenues, moneys, rights and proceeds so pledged and then held or thereafter acquired or received by the town shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the town, irrespective of whether such parties have notice thereof. Neither the resolution, any trust or security agreement nor any other agreement by which a pledge is created need be filed or recorded except in the records of the town and no filing need be made under the Uniform Commercial Code.

**SECTION 5.** The town, when authorized by its select board, may issue refunding bonds for the purpose of paying any of its bonds issued pursuant to this act at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at such times prior to the maturity or

redemption of the refunding bonds as the select board may determine. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium on the bonds, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other expenses from the proceeds of such refunding bonds as may be required by a trust or security agreement or resolution securing the bonds. The authorization and issue of refunding bonds, the maturities and other details of such bonds, the security for the bonds, the rights of the holders of the bonds, and the rights, duties and obligations of the town in respect to the same shall be governed by the provisions of this act relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

**SECTION 6.** Any bonds issued under authority of this act may be issued by the town pursuant to lines of credit or other banking arrangements under such terms and conditions not inconsistent with this act, and under such agreements as the authorized officers may determine to be in the best interests of the town. In addition to other security provided herein or otherwise by law, bonds issued by the town under this act may be secured, in whole or in part, by insurance or by letters or lines of credit or other credit facilities issued to the town by any bank, trust company or other financial institution, within or without the commonwealth, and the town may pledge or assign any of the rates and charges collected by the town for the provision of telecommunications services as security for the reimbursement by the town to the issuers of such letters or lines of credit, insurance or credit facilities of any payments made thereunder.

**SECTION 7.** Any debt service fund, construction fund, debt service reserve fund, depreciation reserve fund or other fund established in connection with the issuance of bonds under this act shall be kept separate from other moneys of the town. The moneys deposited in any such funds, together with income derived from any investments held as part of such funds, shall be expended without further authorization or appropriation as provided for in the trust or security agreement or resolution establishing such funds.

**SECTION 8.** All moneys received pursuant to the provisions of this act, whether as proceeds from the issue of bonds, as revenues, or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this act.

**SECTION 9.** The provisions of this act shall be deemed to provide an additional and alternative method for the effectuation of the purposes of this act and shall be construed to be supplemental to, and not in derogation of, powers otherwise conferred by law on the town, provided, however, that insofar as the provisions of this act are inconsistent with the provisions of any general or special law, administrative order or rule, the provisions of this act shall be controlling.

**SECTION 10.** In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes issued under this act shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he or she had remained in office until after such delivery.

**SECTION 11.** The owner of real property located in the town may enter into an agreement with the municipal light board, or if there is none, the Town acting through its select board to pay a fixed assessment for a right of access of that real property to one or more service connections to the town's telecommunications facilities. A notice of such agreement, or of multiple agreements, shall be recorded as a betterment and except as otherwise set forth herein, or by the agreement of

the parties hereunder, shall be subject to the provisions of chapter 80 relative to the apportionment, division, reassessment and collection of assessment, abatement and collections of assessments, and to interest; provided, however, that for purposes of this section, such lien shall take effect by operation of law on the day immediately following the due date of such assessment or apportioned part of such assessment and such assessment may bear interest at a rate determined by the town treasurer, or by agreement with the owner at the time such agreement is entered into between the town or its municipal light board and the property owner. In addition to remedies available under chapter 80, the property owner shall be personally liable for payment under the agreement; provided, however, that upon assumption of such personal obligation to a purchaser or other transferee of all of the original owners interest in the property at the time of conveyance and the recording of such assumption, the owner shall be relieved of such personal liability.

An agreement between an owner and the town or its municipal light board pursuant to this act shall not be considered a breach of limitation or prohibition contained in a note, mortgage or contract on the transfer of an interest in property, provided that the lien established by an agreement under this act shall be subordinate to all previously recorded notes, mortgages, contracts, executions or attachments.

Notwithstanding any provision of chapter 183A to the contrary, the organization of unit owners of a condominium may petition the town or its municipal light board to enter into an agreement pursuant to this act. Such agreement shall: (i) be approved by a majority of the unit owners; (ii) include an identification of the units and unit owners subject to the agreement; and (iii) include a statement by an officer or trustee of the organization of unit owners certifying that the required number of unit owners have approved the agreement. As between the affected unit owners and the town, such certification shall be conclusive evidence of the authority of the organization of unit owners to enter into the agreement. A notice of such agreement shall be recorded as a betterment in the registry of deeds or registry district of the land court where the master deed is recorded and shall be otherwise subject to the provisions of chapter 80 as provided for in this act. The assessment under such agreement may be charged or assessed to the organization of unit owners but shall not constitute an assessment of common expenses. Instead, the allocable share of the assessment shall attach as a lien to the units identified in the recorded notice and the owners of such units shall also be personally liable for their allocable share of the assessment as provided for in this section.

The assessment charged pursuant to all agreements authorized by this act shall be a uniform charge for each service connection allowed under such agreements, provided that if the Town's telecommunications facilities are constructed in separate phases within distinct geographic areas of the town, the assessment charged shall be uniform within each geographic area, but may differ from one such geographic area to another. The municipal light board, or if there is none, the Town acting through its select board, may determine from time to time, to increase the charge, based upon generally accepted consumer price indexes. The assessment charged pursuant to an agreement shall remain unchanged for the term of that agreement.

Revenues received by the Town or its municipal light board from charges assessed under this act shall be used first to pay amounts due under long-term obligations of the Town or its municipal light board related to the town's telecommunications facilities, and any remaining receipts shall be used to offset operational costs of the town's telecommunications facilities.

**SECTION 12.** This act shall take effect upon its passage

## ARTICLE 36: WETLANDS BYLAW UPDATES-FY23

Motion made to Indefinitely Postpone: Motion did not pass

Main Motion: passed

By majority vote, the Town voted to amend the Wetlands Bylaw

[HISTORY: Adopted by the Annual Town Meeting of the Town of Fairhaven 5-10-1988 by Art. 58 (Ch. XXIX of the 1934 Bylaws). Amendments noted where applicable.]

#### GENERAL REFERENCES

Conservation Commission - See Ch. 8 Subdivision of land - See Ch. 322

## § 192-1. Purpose.

The purpose of this chapter is to protect the wetlands, related water resources and adjoining land areas in the Town of Fairhaven by controlling activities deemed by the Fairhaven Conservation Commission likely to have a significant or cumulative effect upon wetland values, including but not limited to the following: public or private water supply, groundwater, flood control, erosion and sedimentation control, storm damage prevention, water pollution control, fisheries, land containing shellfish, wildlife habitat, recreation, aesthetics, agriculture values, and the ability of resource areas to mitigate impacts from climate change (collectively, the "wetland values protected by this chapter").

## § 192-2. Regulated activities.

[Amended 5-1-2010 STM by Art. 13]

Except as permitted by the Fairhaven Conservation Commission or as provided in this chapter, no person shall remove, fill, dredge, build upon or alter the following resource areas:

- A. Any freshwater or coastal wetland, marsh, wet meadow, bog, or swamp; or within 100 feet of these resource areas.
- B. Any bank, beach, creek, dune, lake, river, pond, stream, estuary, or ocean; or within 100 feet of these resource areas.
- C. Any land under lakes, rivers, ponds, streams, estuaries or the ocean.
- D. Lands subject to flooding or inundation by groundwater or surface water, lands subject to tidal action, coastal storm flowage, or flooding
- E. The Coastal Resilience Zone (CRZ)
- F. Land in the Nasketucket River Basin Overlay District.

## § 192-3. Exceptions.

- A. The permit and application required by this chapter shall not be required for maintaining, repairing or replacing an existing and lawfully located structure or facility used in the service of the public to provide electric, gas, water, telephone or other telecommunication services, provided that the structure or facility is not substantially changed or enlarged.
- B. The permit and application required by this chapter shall not apply to emergency projects necessary for the protection of the health or safety of the public, provided that:
  - 1) The work is to be performed by or has been ordered to be performed by an agency of the Commonwealth of Massachusetts or a political subdivision thereof.
  - 2) Advance notice, oral or written, has been given to the Commission or its agent prior to commencement of work or within 24 hours after commencement.
  - 3) For any work proposed to the north of the eastern terminus of the New Bedford Harbor hurricane barrier, and within one hundred (100) feet of a wetland resource are

protected under the Massachusetts Wetlands Protection Act and corresponding regulations and this Bylaw and corresponding regulations, notice shall also be provided to the United States Environmental Protection Agency (EPA), which is implementing the cleanup of the New Bedford Harbor Superfund Site.

- 4) The Commission or its agent certifies the work as an emergency project.
- 5) The work is performed only for the time and place so certified for the limited purposes necessary to abate the emergency.
- 6) Within 21 days of commencement of an emergency project a permit application shall be filed with the Conservation Commission for review as provided by this chapter.
- C. Upon failure to meet these requirements and any other requirements imposed by the Commission pursuant to this chapter, the Commission may, after notice and a public hearing, revoke or modify an emergency project certification and order restoration and mitigation measures.

## § 192-4. Permit application and requests for determination.

- A. Written application shall be filed with the Conservation Commission to perform regulated activities regulated as defined in § 192-2. The application shall include such information and plans as are deemed necessary by the Commission to describe proposed activities and their effects on the environment. No activities shall commence without receiving and complying with a permit issued pursuant to this chapter.
- B. In its discretion the Commission may accept the notice of intent and plans filed under MGL c. 31, § 40 (the Wetlands Protection Act) as the application and plans under this chapter. Any person desiring to know whether or not the proposed activity of an area is subject to this chapter may request a determination for the Commission in writing. Such a request for determination shall contain data and plans specified by the regulations of the Commission.
- C. At the time of an application or request, the applicant shall pay a filing fee specified in the regulation of the Commission, said fee to be in addition to any fee required by MGL c. 131, § 40 (the Wetlands Protection Act). The Commission may establish filing fees in amounts reasonably designed to recover the cost to the Town of processing such application, including the cost to the Town of professional services for design review, site inspection and testing and related services. The Commission may waive the filing fee for an application or request filed by a government agency and shall waive all fees, costs and expenses for a request for determination filed by a person who is not the owner or a person acting on behalf of the owner.

## § 192-5. Notice and hearings.

A. At the same time any person files an application or request for determination with the Conservation Commission, he/she shall give written notice thereof, by certificate of mailing, certified mail, or hand delivery to all abutters according to the most recent records of the Assessors, including those across a traveled way, a body of water or a Town line. The notice to abutters shall enclose a copy of the application or request, with plans, or shall state where copies may be examined by abutters. When a person requesting a determination is other than the owner or a person acting on behalf of the owner, the request, the notice of the hearing and the determination itself shall be sent by the Commission to the owner(s) as well as the person making the request. For any work proposed to the north of the eastern terminus of the New Bedford Harbor hurricane barrier, and within one hundred feet (100) feet of a wetland resource area protected under the Massachusetts Wet lands Protection Act and corresponding regulations and this Bylaw and corresponding regulations, notice shall also be provided to the United States Environmental Protection Agency (EPA), which is implementing the cleanup of the New Bedford Harbor Superfund Site. This notice to EPA shall enclose a copy of the application or request, with plans.

- B. The Commission shall conduct a public hearing on any application or request for determination, with written notice given, at the expense of the applicant, in a newspaper of general circulation in the Town at least five working days prior to the hearing.
- C. The Commission shall commence the public hearing within 21 days from receipt of a completed application or request for determination and shall issue its permit, denial or determination in writing within 21 days of the close of said public hearing. In its discretion, the Commission may combine this hearing under this chapter with a hearing conducted under MGL c. 131, § 40 (the Wetlands Protection Act).
- D. The Commission shall have the authority to continue any hearing to a date certain announced at the hearing, for reasons stated at the hearing, which may include receipt of additional information offered by the applicant or others, information and plans required of the applicant deemed necessary by the Commission in its discretion or comments and recommendations of other Town boards and officials. If the applicant objects to a continuance or postponement, the hearing shall be closed, and the Commission shall take action on the information then available to it.

## § 192-6. Permits; determinations and conditions.

- A. If, after a public hearing, the Conservation Commission determines that the activities which are the subject of the application are not likely to have a significant or cumulative effect upon the wetlands values protected by this chapter, the Commission shall, within 21 days of the close of the hearing, issue a permit for the activities requested. Such permit shall be without conditions. If, after a public hearing, the Conservation Commission determines that the activities which are the subject of the application are likely to have a significant or cumulative effect upon any or all of the wetlands values protected by this chapter, the Commission shall, within 21 days of the close of the hearing, issue a permit for the activities requested, in which case the Commission shall impose conditions which it deems necessary or desirable to protect those values, and all activities shall be done in accordance with those conditions, or deny a permit.
- B. The Commission may deny a permit for the following reasons:
  - 1) Failure to meet the requirement of this chapter.
  - 2) Failure to submit necessary information and/or plans requested by the Commission.
  - 3) Failure to meet the design specifications, performance standards and other requirements in regulations of the Commission.
  - 4) Failure to avoid or prevent unacceptable significant or cumulative effects upon any or all of the wetland values protected by this chapter.
- C. A permit shall expire three years from the date of issue. Any permit may be renewed once for an additional period, up to three years, provided that a written request for renewal is received by the Commission prior to expiration and that the Commission may grant such extension as it finds necessary to allow completion of the permitted work.
- D. Any permit issued under this chapter may be revoked or modified by the Commission after public notice and notice to the holder of the permit and a public hearing thereon, upon a finding of the existence of circumstances which would justify the denial of or imposition of conditions on a permit.
- E. In its discretion, the Commission may combine the permit or other action on an application issued under this chapter with the order of conditions issued under the Wetlands Protection Act.

## § 192-7. Regulations.

After public notice and public hearing, the Conservation Commission shall promulgate rules and regulations to achieve the purposes of this chapter. Failure by the Commission to promulgate such rules and regulations or a legal declaration of their invalidity by a court of law shall not act to

suspend or invalidate the effect of this chapter.

### § 192-8. Definitions.

The following definitions shall apply in the interpretation and implementation of this chapter:

#### **AESTHETICS**

Includes, without limitation, the relevant qualities to be protected under the bylaw which are due to those natural and natively scenic impressions of all resource areas protected under this Bylaw, including but not limited to our shores, ponds, lakes, streams, rivers, harbors, and the lands bordering them. The aesthetic trust of the Commission shall be the preservation of a perception of the land which is most conducive to a natural aquatic system, a wildlife habitat, and a protective buffer between wetland resources and human development activities.

#### ALTER

Includes, without limitation, the following activities when undertaken to, upon, within or effecting resource areas protected by this chapter:

- A. Removal, excavation or dredging of soil, sand, loam, peat, gravel or aggregate materials of any kind.
- B. Changing of preexisting drainage characteristics, flushing characteristics, salinity distribution, sedimentation patterns, flow patterns or flood retention characteristics.
- C. Drainage or other disturbance of water level or water table.
- D. Dumping, discharging or filling with any material which may degrade water quality.
- E. Placing of fill or removal of material which would alter elevation.
- F. Driving of piles, erection, alteration or repair of buildings or structures of any kind.
- G. Placing of obstructions or objects in water.
- H. Destruction of plant life, including cutting of trees.
- I. Changing water temperature, biochemical oxygen demand or other physical or chemical characteristics of water.
- J. Any activities, changes or work which may cause or tend to contribute to pollution or any body of water or groundwater.

## **CUMULATIVE EFFECT**

An effect that is significant when considered in combination with other activities that have occurred, that are occurring simultaneously, or that are reasonably foreseeable, whether such other activities are contemplated as a separate phase of the same project, or arise from unrelated but reasonably foreseeable future projects. Future effects of sea level rise, coastal or inland flooding, or other future climate change effects are included among cumulative effects.

### COASTAL FLOOD RISK AREA

Any land which is subject to any inundation caused by coastal storms up to and including that predicted to be caused by the 1% annual storm for the Target Year, as defined by the best available coastal flooding model.

## COASTAL RESILIENCE ZONE (CRZ)

Shall include the following resource areas: (a) any Land Subject to Coastal Storm Flowage; (b) any Coastal Flood Risk Area; and (c) the buffer zone of any Other Coastal Wetland Resource located in whole or in part within (a) or (b). The CRZ may include within its boundaries one or more of the following subareas: Velocity (V) Zone; Moderate Wave Action Area (MoWA); Highly Developed Area; and Special Transitional Area.

#### HIGHLY DEVELOPED AREA

As defined in the DEP Regulations, and to be applied for the purposes of this Bylaw to any applicable subareas within the CRZ.

## MODERATE WAVE ACTION AREA (MoWA)

A subarea of LSCSF, with wave heights between 1.5-3 feet, as defined in the DEP Regulations or by FEMA. If the best available coastal flooding model projects a broader extent of the MoWA than that defined in the DEP Regulations, the Conservation Commission may adopt such modified projection by Local Regulation.

#### PERSON

Any individual, group of individuals, association, partnership, corporation company, business organization, trust, estate, the Commonwealth of Massachusetts or political subdivision thereof to the extent subject to Town bylaws, administrative agency, public or quasi-public corporation or body, the Town of Fairhaven and any other legal entity, its legal representatives, agents or assigns.

#### SPECIAL TRANSITIONAL AREA

Subareas within the CRZ that are located immediately landward of coastal beaches, coastal dunes, barrier beaches, coastal banks, or salt marshes, and extending in a direction perpendicular from the nearest adjoining land under water to the interior boundary of the CRZ.

#### TARGET YEAR

The year specified by the Conservation Commission for projections of sea level rise and flood risk. If the Best Available Coastal Flooding model is based on a single target year, then the Conservation Commission shall adopt that year as the Target Year. If the model includes multiple target years, then the Conservation Commission shall adopt, by Local Regulation, the Target Year for the Best Available Coastal Flooding model.

## § 192-9. Security.

As part of a permit issued under this chapter, in addition to any security required by any other Town or state board, agency or official, the Conservation Commission may require that the performance and observance of any conditions imposed hereunder be secured wholly or in part by one or more of the methods described below:

- A. By a proper bond or deposit of money or negotiable securities or other undertaking of financial responsibility in an amount sufficient in the opinion of the Commission.
- B. By a conservation restriction, easement or other covenant enforceable in a court of law, executed and duly recorded by the owner of record, running with the land to the benefit of the Town of Fairhaven requiring the permit conditions to be performed before any interest may be conveyed other than a mortgage interest

#### § 192-10. Enforcement.

- A. The Conservation Commission, its agents, officers and employees shall have authority to enter upon privately owned land for the purpose of performing their duties under this chapter and make or cause to be made such examinations, surveys or samplings as the Commission deems necessary.
- B. The Commission shall have authority to enforce this chapter, its regulations and permits issued thereunder by violation notices, administrative orders and civil and criminal court actions.
- C. Upon request of the Commission, the Select Board and Town Counsel shall take legal action for enforcement under civil law. Upon request of the Commission, the Chief of Police shall take legal action for enforcement under criminal law.

D. Town boards and officers, including any police officer or other officer having police powers, shall have authority to assist the Commission in enforcement.

## § 192-11. Violations and penalties.

- A. Any person who violates any provision of this chapter, regulations thereunder or permits issued thereunder shall be punished by a fine of not more than \$300. Each day or portion thereof during which a violation continues shall constitute a separate offense, and each provision of the bylaw regulations or permit violated shall constitute a separate offense.
- B. In the alternative to criminal prosecution, the Commission may elect to utilize the non criminal disposition procedure set forth in MGL c. 40, § 21D.

## § 192-12. Burden of proof.

The applicant for a permit shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the application will not have unacceptable significant or cumulative effect upon the wetland values protected by this chapter.

## § 192-13. Relation to Wetland Protection Act.

This chapter is adopted under the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Statutes, independent of MGL c. 131, § 40 (the Wetlands Protection Act) and regulations thereunder.

## § 192-14. Severability.

The invalidity of any section or provision of this chapter shall not invalidate any other section or provision thereof nor shall it invalidate any permit or determination which previously has been issued.

## ARTICLE 37: HAZARD MITIGATION PLAN GRANT MATCH-FY23

By majority vote, the Town voted to appropriate \$5,000.00 as a local match for a MEMA Hazard Mitigation Grant Program grant to update our Hazard Mitigation Plan by 2023 as required.
