Re: Letter of Support for Livesey Park Skatepark

Dear Mr. Lucas:

By means of this correspondence, please be advised that the Board of Public Works, serving in their statutory responsibility as Park Commissioners, overwhelmingly support the skatepark restoration project request for Livesey Park.

Although we try our best to maintain everything that we are responsible for in a timely manner, especially items such as the skatepark structures, which are very well utilized by our residents, old and young alike, with the limited funding and staffing we receive for park matters, coupled with the competition for general fund monies, it is often difficult to implement multiple projects concurrently.

As such, these monies, if approved, will greatly assist us in our efforts.

Further, as part of our support, please be aware that we will assist with both labor and materials, if needed.

Should you require anything further from me, please do not hesitate to ask.

Sincerely,

A handwritten signature in black ink, appearing to read "Vincent D. Furtado".
