Re: 6 Emerson Avenue, Fairhaven, MA

Subject: Peer Review Proposal

Dear Commissioners:

As requested, I, Arthur Allen of EcoTec Inc., am pleased to submit this proposal to provide wetland peer review services related to the Notice of Intent (“NOI”) that was submitted for 6 Emerson Avenue.

Scope of Work:

Review submitted documentation, including a desktop review of available GIS site information and the prior Amended Order of Conditions. Evaluate project site relative to location and delineation of Wetland Resource Areas under the MA Wetlands Protection Act and the Fairhaven Wetland Bylaw and as presented in the NOI and project plans. Any additional wetland resource areas present will be noted. The costs associated with subsequent review of revised delineations or revised site plans will be negotiated separately. A summary report on my findings and recommendations will be provided.

**Wetland Delineation Review Cost (Not-To-Exceed): \$1,900**

Optional Task:

Attend one (1) Conservation Commission hearing, meeting or site walk as necessary and directed. This task will be provided upon request at the fixed rate noted below. Additional time for meetings and/or site walks will be negotiated separately.

**Optional Task Costs: \$150 (per virtual hearing or meeting) or \$700 (per in-person hearing, meeting or site walk)**

If you are in agreement with these terms, please sign and date this proposal where indicated and return it to this office. Payment in full is expected upon completion of this scope of work. If you have any questions, please feel free to contact me at any time.

Sincerely,

Arthur Allen, CWS, CPSS  
Vice President
