

Mr. Paul Foley, Town Manager
Town of Fairhaven
40 Center Street
Fairhaven, MA. 02719

Dear Mr. Foley,

Attached to this letter are the original copies of petitions with signatures of town residents who are opposed to the proposal to develop Lewis Landing that is on the agenda for consideration at the June 22, 2021, Planning Board meeting. Eight copies of these petitions are in the envelope accompanying this letter. Could you please see that these copies are shared with the members of the Planning Board before the meeting Tuesday night?

Also attached is a graph summarizing information on car accidents that have happened on a quarter mile stretch of road on Huttleston Ave./Route 6 near the intersection with New Boston Road. The data comes from the MA Department of Transportation website. Copies of the graph are also attached for the Planning Board Members. One copy of the spreadsheet from the DOT website from which this data was compiled is also included with the original petitions.

Thank you for your assistance. Please feel free to call if you have questions (508-990-7642).

Sincerely,

Handwritten signatures of Michele DeMary and Lee Fortier in blue ink. The signature of Michele DeMary is on the left, and the signature of Lee Fortier is on the right, partially overlapping the first signature.

Michele DeMary and Lee Fortier
1 New Boston Road

We, the undersigned, are opposed to the development known as Lewis Landing that is proposed to be developed at 347-355 Huttleston Avenue, Fairhaven. The development will exacerbate the flooding situation that already exists in this neighborhood, especially for residents on Brookview Street. It will also make the traffic situation on Route 6, a situation that is already dangerous, even worse. We urge the Fairhaven Planning Board to reject this proposal.

Please share this petition with each member of the Planning Board: John K. Farrell, Jr.; Rene J. Fleurent, Jr.; Wayne Hayward; Jeffrey T. Lucas; Cathy Melanson; Jessica Fidalgo; David Braga; Geoffrey A. Haworth
