

To: Planning Board – Town of Fairhaven MA

From: Carricorp Industries LTD

Date: December 9, 2019

RE: Updated Request for Planning Board Meeting 12/10/2019 (continued from 11/5/2019)

- 1.) Seeking an approval for change of stormceptor brand – request as previously submitted.
- 2.) We are requesting that the hours change be withdrawn from the agenda without prejudice.
- 3.) We previously submitted a request to establish a Memorandum of Understanding with the Town of Fairhaven regarding the dedication of 17 feet for the potential widening of Bridge Street. In response to discussions with our Attorney and the Town Planner, we respectfully ask the board for a continuance on this matter for the duration of one month. The additional time will allow us to work on the language with Town Council that is required for a revised condition and to establish the appropriate legal instrument for an “easement” or a “release” for an eminent domain taking without compensation.
